- Rate of interest of existing loan: 8.000% (say)
Rate of interest of new loan for refinancing of existing loan: 6.000% (say)

Unquote

Petitioner has done refining of loans and a result substantial reduction in interest rate could be achieved through refining of loan of REC. The benefit has been passed on as per para 11. However, in the process prepayment charges of Rs 29.35 Cr has been incurred. In view of the above it is prayed that the pre payment charges paid by petitioner for refining of loan amounting to Rs 293504409.00 may pleased be allowed as a part of capital cost.

Impact of Employee Pay Revision:

- 13) It is submitted that the Petitioner has incurred additional O&M expenditure as a result of pay revision of Employees w.e.f. 01.01.2017 and that of Central Industrial Security Force ("CISF") w.e.f. 01.01.2016 for the NTPP of BRBCL during the period 01.04.2014 to 31.03.2019. Further, the impact of increase in gratuity limit from 10 lakhs to 20 lakhs consequent upon amendment in Payment of Gratuity Act,1972 has also been implemented in the year ended 31.03.2017. The petitioner is accordingly requesting for the recovery of this additional expenditures on the following grounds:

- 14) **Increase in O&M Cost is a Subsequent Development :** It is submitted that the increase in the salaries and wages forms part of the Operation and Maintenance Expenses of the station, however, the said expenditure was notified post issuance of the Tariff Regulations, 2014 and therefore was not considered for the purpose of specifying the

normative O&M expenditure. The said increase is a result of the implementation of the 7th Pay Commission recommendations and decision of the GoI communicated vide Office Memorandum of DPE dated 3.08.2017 in regard to recommendation of the 3rd Pay Revision Committee for CPSUs (copy enclosed at **Annexure-B**). Tariff Regulations, 2014 stipulates the norms and parameters for the tariff determination for the period 01.04.2014 to 31.03.2019. Regulation 29(1)(a) of the Tariff Regulations, 2014 provides for O & M norms which include the employees cost besides repair & maintenance and, administrative & general expenses.

As stated above the implementation of recommendations of 7th Pay Commission and Office Memorandum for DPE were communicated in 2016/2017. However, the Tariff Regulations, 2014 were notified by the Hon'ble Commission on 21.02.2014 i.e. much prior to 2016-17. Tariff Regulations, 2014 were founded on the basis of actual O & M expenses for the years 2008-09 to 2012-13. In this regard Hon'ble Commission in its Statement of Reason for the Tariff Regulations 2014-19 has observed as under:

"29.2 The Commission in its Explanatory Memorandum to the draft Regulations discussed the approach considered for arriving at O&M expenses for various generating stations, which was based on the actual O&M expenses for the period from FY 2008-09 to FY 2012-13."

Accordingly, in arriving at the above O & M norms, the Hon'ble Commission had no occasion to consider the increase in the salary and wage revision w.e.f 01.01.2017/ 01.01.2016. The Hon'ble Commission while framing Tariff Regulations, 2014 could not factor the impact of such increase in the employee cost in normative O & M specified in Regulation 29 of Tariff Regulations, 2014. Therefore, it is apparent that implementation of recommendations of 7th Pay Commission / Office Memorandum for DPE is a subsequent event which has led to wage revision which has resulted into increase in O&M Expense for the Petitioner. The recovery of the enhanced O&M Expense is to be considered and allowed in line with Tariff principles enshrined under Section 61 (d) of the Electricity Act, 2003.

- 15) **Statement of Reason of Tariff Regulations, 2014:** It is submitted that the Hon'ble Commission while specifying the Tariff Regulations, 2014 was of the view that increase in

employee expenses on account of pay revision in case of central generating stations and private generating stations are to be considered appropriately. Therefore, the Hon'ble Commission decided that the said costs shall be examined on case to case basis so that the interest of generating stations and consumers remains balanced. The relevant excerpt of the SoR has been extracted hereunder:

"29.26 Some of the generating stations have suggested that the impact of pay revision should be allowed on the basis of actual share of pay revision instead of normative 40% and one generating company suggested that the same should be considered as 60%. In the draft Regulations, the Commission had provided for a normative percentage of employee cost to total O&M expenses for different type of generating stations with an intention to provide a ceiling limit so that it does not lead to any exorbitant increase in the O&M expenses resulting in spike in tariff. The Commission would however, like to review the same considering the macro economics involved as these norms are also applicable for private generating stations. In order to ensure that such increase in employee expenses on account of pay revision in case of central generating stations and private generating stations are considered appropriately, the Commission is of the view that it shall be examined on case to case basis, balancing the interest of generating stations and consumers.

.....

33.2 The draft Regulations provided for a normative percentage of employee cost to total O&M expenses for generating stations and transmission system with an intention to provide a ceiling limit so that the same should not lead to any exorbitant increase in the O&M expenses resulting in spike in tariff. The Commission shall examine the increase in employee expenses on case to case basis and shall consider the same if found appropriate, to ensure that overall impact at the macro level is sustainable and thoroughly justified. Accordingly, clause 29(4) proposed in the draft Regulations has been deleted. The impact of wage revision shall only be given after seeing impact of one full year and if it is found that O&M norms provided under Regulations are inadequate/insufficient to cover all justifiable O&M expenses for the

particular year including employee expenses, then balance amount may be considered for reimbursement.

It is further submitted that the O&M norms for the Tariff Period for the period 2019-24 were determined by the Hon'ble Commission considering the actual O&M expenditures of various thermal stations for the period 2012-13 to 2017-18. Hon'ble Commission, while deriving O&M norms for the period 2019-24 considered the impact of employees pay revision separately and observed as follows at para 14.5.2 in the Explanatory Memorandum of the Draft Tariff Regulations 2019:

"f) For NTPC stations, it was generally observed that the employee expenses for FY 2016-17 and FY 2017-18 were on the higher side due to impact of wage revision. During the FY 2016-17, the pay revision impact is provided for 3 months (i.e. January 2017-March 2017), while during FY 2017-18, the same is provided for the entire financial year. This pay revision impact has been separated from employee expense during the respective financial year, which works out to INR 1.60 Lakh/MW for coal based generating stations and INR 1.38 Lakhs/MW for gas based generating stations. The same has been considered while deriving the norms for O&M expenses."

Therefore, in view of the above, BRBCL is requesting additional O&M expenses on account of enhancement of O&M expenses w.e.f. 01.01.2016/ 01.01.2017 based on above principles as NTPC has already implemented the recommendations of the pay revision.

- 16) **Liberty Granted by the Hon'ble Commission:** The main promoter of BRBCL, NTPC has filed various tariff Petitions for the tariff period 2014-19 in respect of its generating stations wherein NTPC had apprised the Hon'ble Commission that the escalation of 6.35% provided in the O & M would not cover the enhancement in employee cost w.e.f. 01.01.2017. NTPC had sought liberty from the Hon'ble Commission to seek enhancement in O & M expenses w.e.f. 01.01.2017 towards increased salary/ wages based on the account of actual payments made by NTPC towards the said expenditure. It is relevant to point out that the liberty so craved was in consonance with the above quoted SOR dated 24.04.2014. Hon'ble Commission in its various tariff orders has granted the liberty as

sought by NTPC. In one such order dated 28.07.2016 in Petition no 290/GT/2014.in respect of Singrauli STPS, Hon'ble Commission has observed as follows:

“60. The Petitioner in the petition has submitted that the salary / wage revision of the employees of the petitioner will be due with effect from 1.1.2017. The O&M expenses in the instant petition have been claimed by the petitioner based on CERC (Terms & Conditions of Tariff Regulations, 2014). The escalation of 6.35% provided in the O&M would not cover the enhanced employee cost w.e.f 1.1.2017. The petitioner, therefore, craves liberty of the Commission to seek enhancement in the O&M expenses with effect from 1.1.2017 towards the increased salary on account of salary revision due from 1.1.2017, based on the actual payments whenever paid by it. The matter has been examined. On this issue, the Commission in the Statement of Reasons to the 2014 Tariff Regulations has observed as under:

.....

61. Accordingly, the prayer of the petitioner for enhancement of O&M expenses if any, due to pay revision may be examined by the Commission, on a case to case basis, subject to the implementation of pay revision as per DPE guidelines and the filing of an appropriate application by the petitioner in this regard.”

Accordingly, in terms of Order dated 28.07.2016, the increased employees cost with effect from 01.01.2017/ 01.01.2016 due to revision in the salary and wages may be taken into account as the same has been given effect to by NTPC. It is prayed that the same treatment may be given to BRBCL.

- 17) **Power to Remove Difficulties and Power to Relax:** It is respectfully submitted that in view of the above circumstances, the Hon'ble Commission may allow BRBCL to recover the additional O & M Cost due to increase in the employee costs. The said costs is not on account for any failure, deficiency or imprudence attributable to BRBCL. BRBCL has sought for such payment of the increased O & M Cost in terms of Regulations 54 and 55 of the Tariff Regulations, 2014 which, inter alia, provides as under:

"54. Power to Relax: The Commission, for reasons to be recorded in writing, may vary any of the provisions of these regulations on its own motion or on an application made before it by an interested person.

55. Power to Remove Difficulties: If any difficulty arises in giving effect to these regulations, the Commission may, of its own motion or otherwise, by an order and after giving a reasonable opportunity to those likely to be affected by such order, make such provisions, not inconsistent with these regulations, as may appear to be necessary for removing the difficulty."

Hon'ble Commission, in the past has, in terms of provisions of Power to Relax and Power to Remove Difficulty was pleased to allow the impact of pay revision.

- 18) Further, in respect of pay revision, Hon'ble Commission vide order dated 04.09.2019 in Petition no. 197/MP/2016 filed by DVC has observed as follows:

"27. We notice that subsequently, the Petitioner has implemented the recommendations of the 7th Pay Commission for its employees with effect from 1.1.2016. In view of this, the impact of pay revision, after implementation of the 7th Pay Commission, is required to be examined on actual basis, on prudence check of the information/ details to be submitted by the Petitioner. Accordingly, we direct the Petitioner to furnish the actual impact of pay revision based on the recommendations of the 7th CPC, effective from 1.1.2016, along with details of HRA and transport allowance from July, 2017. The aforesaid details/information shall be furnished by the Petitioner at the time of truing up of tariff and the same will be considered in accordance with law."

- 19) It is submitted that during the control period BRBCL implemented the recommendation of the 7th Pay Commission and the recommendations of the 3rd Pay Revision Committee for CPSUs and made actual payment of the increased salary and wages to the employees including Kendriya Vidhyalaya and Central Industrial Security Force employed at the BRBCL generating stations.

- 20) The impact of wage revision has been arrived based on pre and post revision actual employee cost. DPE (Department of Public enterprise) approved Pay structure has been furnished Component wise for one quarter (01.01.2017-31.03.2017) in year 2016-17 and for the year 2017-18 & 2018-19. The impact of wage revision to CISF has affected the O&M cost of the station wef 01.01.2016 and has actually been reimbursed by the petitioner and the same has been calculated and claimed as O&M expenses.
- 21) In the circumstances mentioned above, there is a case for considering and allowing the increased O & M Expenses on account of the implementation of the 7th Pay Commission recommendations / Office Memorandum of Department of Public Enterprises (DPE), Government of India (GOI) effective 01.01.2017. Accordingly, it is prayed that Hon'ble Commission may allow the increase in salaries of wages of the employees due to pay revision w.e.f. 01.01.2016/ 01.01.2017 under Reg 54 and Reg 55 of Tariff Regulation 2014
- 22) Accordingly, the impact of the pay revision of Employees, Central Industrial Security Force (CISF) Staff for the Generating Station during 01.04.2014 to 31.03.2019 is being claimed as follows:-

23) As submitted above normative parameters including O&M Expenses for the Tariff Period 2014-19 prescribed in Tariff Regulations 2014 were based on the past actuals for the period 2008-09 to 2012-13. It may be appreciated that during the current tariff period there have been certain enactment/ promulgation of Law, Govt. of India Notifications etc. that have resulted in changes in the input cost required for operation and maintenance of the power plants. Such events as: (i) Enactment of Goods and Services Tax (GST) that came into effect from July 1, 2017; (ii) Minimum Wage Revision w.e.f. 01.03.2017; and (ii) MOEF Notification regarding Ash Transportation that necessarily constitute change in law event. Further, Hon'ble Commission in its various orders has considered such events as change in law and allowed the financial impact due to such events in tariff.

24) In this regard, Regulations 8(3) and 8(7) of the Tariff Regulations, 2014 provides as follows:

"8. Truing up

.....
 (3) The Commission shall carry out truing up of tariff of generating station based on the performance of following Uncontrollable parameters:

- i) Force Majeure;
 - ii) Change in Law; and
 - iii) Primary Fuel Cost.
-

B. Singh

(7) The financial gains and losses by a generating company or the transmission licensee, as the case may be, on account of uncontrollable parameters shall be passed on to beneficiaries of the generating company or to the long term transmission customers/DICs of transmission system, as the case may be.

.....”

- 25) In terms of the above Regulations, the tariff allowed for the station would be trued up on account of uncontrollable parameters mentioned at Reg. 8(3) of the Tariff Regulations 2014 which includes Change in Law events. Accordingly, Hon'ble Commission may allow the Petitioner additional expenditure incurred due to change in law events mentioned at Para (25) above. The details of the same are as follows:

i) **Minimum Wage Revision:**

Petitioner is a generating company owned and controlled by Government of India. Accordingly, for payments of wages to various categories of workers engaged by the Petitioner for carrying out generation activity is governed by the rates declared by the Central Government through Ministry of Labour and Employment.

It is submitted that as per the order dated 17.03.2017 of The Chief Labour Commissioner-Central (CLC-C) subsequent to Gazette notification 188 (E) dated 19.01.2017 there was substantial upward revision of minimum wages to be paid to the workers under difference categories effective from 01.04.2017. In this regard, order of the CLC-C dated 30.09.2016 pertaining to period prior to 01.04.2017 and order dated 17.03.2017 pertaining to period on and after 01.04.2017 clearly showing the increase in wages of workers is attached at **Annexure- C**. It may be pertinent to mention that such Gazette Notification by Government constitute change in law.

It is further submitted that about 20% of Petitioner O&M cost pertains to repair & maintenance services and are directly related to minimum wages to be paid by the Petitioner as notified by the CLC-C. Further, rates applicable to the Petitioner is largely depended upon the category wise workers (unskilled, semi-skilled, skilled and highly

skilled) engaged for daily activities for generation of electricity and city category wise (Type A, B and C) in which the Petitioner station is geographically situated.

It is evident from the said notifications there is substantial increase in wages to be paid leading to abnormal increase in O&M expenses of Station causing extra financial burden on the Petitioner. Further, the O&M expenses allowed to Petitioner as per Tariff Regulation 2014-19 corresponds to the period where the minimum wages were substantially low and this substantial increase in minimum wages is not covered under the O&M norms wherein escalation provided year on year basis is only 6.32%.

It is humbly submitted that such revision of minimum wages through Gazette Notification Govt. of India constitutes change in law over which the Petitioner has no control. It is humbly prayed that impact of minimum wage revision vide notification dated 19.01.2017 may be allowed by the Hon'ble Commission under change in law as additional O&M Expenses as per the details below :

Rs in Lakhs

	2017-18	2018-19
Increase in Minimum Wages (Rs. Laks)	697.50	1366.90

ii) **Goods & Services Tax:**

Goods and Service Tax (GST) Act was enacted by the Parliament of India which came into force w.e.f. 01.07.2017. With this enactment many taxes/ cess/ duties such as Central Exercise Duty, Service Tax, Value Added Tax, Sales Tax etc. got subsumed in the GST with change in rate of tax to be paid to the vendors for various activities carried out for generation of electricity by the Petitioner. This change in tax regime had positive as well as negative impact i.e. taxes to be paid on certain services/ goods increased whereas on certain services/ goods decreased. However, the overall impact due to change in tax regime was that the net taxes paid by the petitioner increased for carrying out O&M activities such as sourcing goods/ material from vendors/ OEMs, etc. have increased.

Further, the O&M norms allowed to the Petitioner as per the Tariff Regulations 2014 was based on the actuals for the period (2008-13) where the total taxes, duties etc. paid by the Petitioner was less when compared with GST. Accordingly, the Petitioner is incurring increased expenditure due to increased taxes w.e.f. 01.07.2017 for the O&M activities. Further, Hon'ble Commission in its various orders has declared the promulgation of GST w.e.f. 01.07.2017 is a Change in Law event.

It is further submitted that during the consultation process of formulation of Tariff Regulations 2019, various stakeholders including the Petitioner suggested that there was significant impact on the O&M expensed w.e.f. 01.07.2017 due to implementation of GST. Accordingly, Hon'ble Commission was pleased to incorporate the impact on account of GST in the O&M Expenses norms for thermal generating stations and accordingly O&M norms were revised for the period 2019-24. The impact of increase in rate of indirect tax from 15% to 18% has been calculated on all taxable services and being claimed for the period 01.07.2017 to 31.03.2019. The impact has been calculated on actual O&M incurred during the said period.

In terms of above, it is prayed that Hon'ble Commission may be pleased to allow the additional financial burden due to GST in the tariff as additional O&M expenditure in order to restore the Petitioner to same economic condition as prior to implementation of GST.

The details of impact of GST is as follows:

Rs in Lakhs

	2017-18 (01.07.2017 to 31.03.2018)	2018-19
Impact of GST (Rs. Lakhs)	161.24	284.30

- 26) NTPC Ltd, main promoter of BRBCL, has filed a petition having no 244/MP/2018, seeking an qu margin of GCV 'as received' to as fired due to loss of GCV on account of storage etc. Further, CEA vide letter dated 17.10.2017 has opined that 85-100 kcal/kg for a pit-head station and a margin of 105-120 kcal/kg for non-pit head station may be considered as a loss of GCV of coal between "as received" and "as fired. In line with above CEA

recommendations, Petitioner has considered 120 kcal/kg margin on the average GCV of preceding three months from COD of Units#1,2 &3 for computing working capital. The Petitioner seeks liberty to make additional submissions based on the outcome of the Petition 244/MP/2016.

27) Further, It is submitted that as per 3rd BRBCL Board meeting resolution w.r.t. Investment-Approval, the scheduled COD of the Unit-1 of Nabinagar TPP was 36 months from date of main plant order and COD of subsequent units at an interval of 6 months thereafter. The main plant TG and SG packages were awarded to BHEL on 22.01.2008.

Accordingly, scheduled COD of Unit-1 was 21.01.2011, Unit-2 was 21.07.2011, Unit-3 was 21.01.2012 and that of Unit-4 was 21.07.2012. With the actual COD, there is a time overrun of approximately 71 months and 25 days (i.e. from 21.01.2011 to 15.01.2017) in declaring commercial operation of Unit # 1, 73 months and 20 days (i.e. from 21.07.2011 to 10.09.2017) in declaring commercial operation of Unit #2 of Nabinagar TPP. The various reasons of delays in declaring the Unit#1&2 COD were Naxal Bandhs, ban on mining of stone by Govt of Bihar, local work-hinderance /stoppage due to land related issues, Lawsuits/Litigations on various pockets of land, strike & bandh called by local labours at numerous occasions for their various unwarranted issues/demands. The various reasons of delay was were submitted by the petitioner vide affidavit dated 15.02.2018 (Relevant pages are attached as **Annexure-D**) & 10.04.2019 (Attached as **Annexure-E**) respectively along with documentary proof. Further, petitioner has attached various documents/maps showing area of plant having land acquisition problem due to various court cases etc in its additional submission dated 13.03.2018(relevant pages are attached at **Annexure-F**) and produced District Magistrate's Letter dated 19.07.2018 showing the details of bands (relevant pages are attached at **Annexure-G**) vide rejoinder dated 14.09.2018 to substantiate its claim.

28) The various uncontrollable factors/ reasons which caused delay in declaring COD of Unit-1 and 2, which were already filed are summarized as follows:

Delay due to Naxal Bandhs

- 29) It is submitted that NTPP is situated in the Aurangabad district in the State of Bihar. This region falls under Naxal infested region, and there are constant disturbances in the area pertaining to law and order. Since, the time of the inception of the project there were calls of Naxal-bandhs on different occasions.
- 30) In view of poor law and order situation in this Naxal-infested area, workers did not turn up for the job or turned up in very small number during bandh calls. It is further submitted that the bandhs also had a cascading effect causing virtual demobilization as the workers did not turn up on the subsequent working days after the day of the bandh and all the activities of the project literally came to halt during these periods. Moreover, the working momentum during the bandh call is disturbed and it takes time to bring the progress back to the same momentum which existed prior to the bandh. In addition, the movement of goods, vehicles etc. are also affected during the bandhs. On an average, each bandh had an effect of minimum of 5 working days. However, after considering the bandh days overlapping, net delay due to this reason comes out to be 394 days i.e. approximately 13 months. (Attached as Annexure-) Petitioner has already submitted certified records by District Magistrate, Aurangabad vide letter dated 19.07.2018, as mentioned in para 11 regarding details of bandh, strike, call given by various organisation, agitation at BRBCL from year 2010 to year 2017.
- 31) There have been reported incidents of violence against the contractors of BRBCL, and such reports have been placed on record. The various communications received from BRBCL contactors such as M/s EIEL, M/s ABB, M/s ERA, letters from Police Aurangabad & Khaira were attached at Amended Petition.

Delay due to Ban of mining lease :

- 32) It is submitted that at the time of inception of the project, it was envisaged that the aggregate and other civil construction material shall be sourced from the quarries situated in the state of Bihar. These quarries (Karvandia in Rohtas District) were situated within 40 Km range of the Project. As submitted above as per, Bihar Gazette (Extra ordinary) dated 26.02.2010, on Bihar Minor Mineral Concession (Amendment) Rules 2010, stated that - a) No mining lease for stone would be granted with immediate effect. b) Existing lease for stone granted would be allowed to subsist for remaining period for which they have already

been granted but would not be renewed thereafter due to various reasons mentioned thereon.

- 33) Because of this ruling of the Bihar state, number of stone crushing units to be run in Bihar were limited in each district as per the government's policy decision. It may be mentioned that the number of stone crushers in the Rohtas district from where Nabinagar TPP was getting most of the supply of aggregates for construction works reduced to 76 as against 250 applications. Before stone crushing was banned by the state government, at least 500 stone crushers were being run in the district.
- 34) Due to limited mining, all the crushing and extraction activities were affected severely. Further during 2012 since all the quarries in the Rohtas area were stopped due to expiry of valid license, the supply of aggregate was stopped from the quarries situated in the vicinity of the project. To cater to the requirement of project construction, aggregates were sourced from quarries situated in Gaya Bihar where licence were valid during this period, approximately 230 Km from project site and aggregate was transported through road. This resulted in significant delay in the project construction activities as no civil work could be carried out in the absence of the aggregate and as a result, civil fronts could not be handed over to the other agencies for subsequent equipment erection and other works thereby delaying the entire project. This resulted in loss of approximately 8 Months during 2012 on account of shortage/ non-availability of aggregates. in view of the Ban of mining lease Govt of Bihar which have been beyond the control of the Petitioner .

Delay due to non-availability of proper approach road to the Project for movement of heavy consignments at Nabinagar TPP:

- 35) It is submitted that for the movement of heavy consignments for construction of the Project, Nabinagar is connected to National Highway -2 at a distance of 25 km through Barun. At the time of inception of the Project, there was no proper road to move the heavy material/equipments for construction/plant and therefore the matter for of constructing 7m wide road was taken with Road Construction Department, Govt of Bihar in July 2008.

- 36) It is submitted the existing road required widening to 7 meters with hard shoulders , construction of a few bridges & culverts (34 nos.) leading to Nabinagar TPP, and strengthening top layers of DBM and BC construction to meet heavy traffic of 30MT/40MT trailers. The matter was taken up for deposit work with local authorities Road Construction Department (RCD) Govt of Bihar state for strengthening/ double lane of the route from Barun to Nabinagar site (25km) as early as in July 2008 i.e. before any major land acquisition at site and regular meetings for the same was taken at the Principal Secretary and Chief minister level. Keeping in view the requirements of the Project the original schedule for construction was given as 15 months from (12.06.2009 to 11.09.2010). However the total time taken for completion of above was 24 months and the road was declared open in June 2011. This resulted in delay in transportation of heavy consignments/ equipment etc. meant for the project. It is further submitted that the total delay on account of non-availability of sufficient capacity road works out to be approximately 9 months as the consignments were transported in parts or through smaller vehicles.

Delay due to various litigations at Hon'ble High Court and delay in execution of Judgments by State Authorities in land acquisition:

- 37) It is submitted that since inception of project, multi-facet issues regarding land acquisition were faced which were beyond control of petitioner. There has been inordinate delay due to unforeseen events of various litigations, violence, man handling, and stoppage of work which have been faced by the BRBCL employees and Executing Agencies.
- 38) The summary of such issues faced at the Project in land acquisition , beyond the control of Petitioner have been categorized broadly and tabulated as below:

- 1) **Uncontrollable factors /Issues with already awarded land**

S.N.	Uncontrollable Factor/ Issue	Description	Start of issue	End of issue	Delay (Months)
A	Litigation before Hon'ble High Court Patna (CWJC 14314/2009) due to issue faced due to incorrect ownership records maintained by State Authorities.	With the start of work at site, many people claimed their ownership & asked for compensation. Number of villagers filed different cases in Hon'ble High Court Patna (CWJC 14314/2009) and were granted compensation by the Court. This led to considerable delay in taking physical possession of land and was beyond control of BRBCL	24.07.2009	31.12.2017	102.7
B	Litigation by villagers for Consideration of land within the residential area as Homestead land & demand of compensation as per residential area. (Hon'ble High Court Patna (CWJC 10684 of 2010) case.	Many villagers demanded higher rates of homestead land and for consideration & compensation of 500 meter peripheral area of their residential complex as homestead land from the start of the project itself i.e. in the year 2008, even though it was not as per land acquisition Act'07. The High Court allowed the relief to the villagers. This led to delay that was beyond the control of BRBCL	26.09.2008	24.05.2016	93

Hon'ble Court Petition No 18253 of 2011	while making awards were Rs. 2,61,371.00 per acre for 4 moujas & Rs. 5,16,222.00 for 5 moujas as per the prevailing land acquisition norms. Against this difference in rates of different moujas, the land owners of 4 moujas (covering approx 487 acre) started agitation & didn't allow to work in the project since 23/11/11 and even stopped the entry of project employees /workers continuously for the period 7/02/12 to 19/03/12. The villagers filed a writ petition at Hon'ble HC of Patna. Hon'ble High Court in its order dated 02/12/2013 dismissed the petition.			
D	De-notification of earlier notified Govt. Land by Govt of Bihar on direction by Hon'ble High Court Patna in CWJC 14314/2009.	Initially 159.920 acre land transferred to BRBCL as Govt. land on 24.07.2009. When Petitioner had started taking physical possession of land, some of the "raiylats" claimed the ownership on this Government land and demanded compensation. Subsequently, a petition was filed by concerned "raiylats" to Hon'ble High Court Patna CWJC 14314/2009. Hon'ble HC Patna admitted the petition & issued the direction to local villagers/raiylats to file petition before Land Acquisition Officer, Aurangabad. Consequently, in the process, 89.828 acre land was declared as "raiylat land" by State Authorities. However whole process caused considerable delay which was beyond the control of BRBCL	24.07.20 09	14.05.2 015	70.67
E	Ownership claims on transferred Govt. Land on 70.89 Acres	Even after reassessment in light of Hon'ble High Court direction, District Collector, Aurangabad communicated that 70.89 Acre is still the Govt land out of 159.92 acre vide their letter dt. 11.04.15, the	24.07.20 09	05.11.2 015	76

Some Villagers have filed a case Hon'ble High Court Patna (CWJC 16079/2015)				

2) Uncontrollable factors /Issues with new awards of lands

Table-4

SN	Uncontrollable Factor/ Issue	Description	Start of issue	End of issue	Delay (months)
A	Physical possession held due to higher demand of Revised rates of compensation Hon'ble High Court Patna (CWJC 13055/2013) judgment	Land for makeup water, Railway corridor, some part of main plant & ash dyke area award (185 acre) were made by District Authorities in Dec-12, Aug 2013 & Feb 2014, which were not accepted by land owners & physical possession held up due to demand of rate revision by land owners. They approached Hon'ble HC, Patna vide CWJC 13055/2013 and Hon'ble HC revised basic rate as Rs. 7,30,030.00 per acre in place of Rs.5,16,000.00 per acre and revised award were made in Feb/March 2015.	12.12.2012	13.06.2015	30

B	Ongoing issue in identification of Correct Ownership of land.	Even for as on date there are ownership issues on 70 acre Govt. land, 20 acre out of 89 acre de-notified Govt. land, 25 acre land on which the awards were made in yr 13/14, 5 acre land on which claims were considered under one project one rate policy. So, in all there are ownership issues on 120 acre land is under dispute.	12.12.2012	31.12.2017	65.5

- 39) It is submitted that execution/commissioning of all the four units are parallel activities and the reasons of delay of Units#1&2 were already filed as stated above, are also applicable for Unit#3. However, there were other reasons specific to Unit#3 which led to delay in commissioning of Unit#3 due to non availability of land for facilities like ESP#3 and VFD (ESP) Control Room building. These reasons were beyond the control of petitioner as detailed under:

Reasons of delays in COD of Unit#3 due to uncontrollable factors

- 40) It is submitted that the BRBCL and project was given possession of approx 1061 acre land as on 24.07.2009. After the due process of land acquisition such as notification of different sections, awards in the name of local villagers, etc. and the payments were made to District authorities for disbursement. However, there were lot of unforeseen issues in the physical possession of land such as incorrect/ missing records of land by District administration i.e. as per the District Administration the total land was acquired and compensation was disbursed. However when petitioner went for physical possession of land, it was found that the process for acquisition of approx 44 acres of land, staggered at various locations, was not done by District Administration and this land had not been acquired. The delay in land acquired was done to the poor record keeping etc of district administration and the petitioner has no control over the same. Accordingly it is prayed Hon'ble Commission may condone the delay of 85.9 months in COD of Unit#3.

a) Issue of land dispute in ESP of Unit#3 area:

ESP of Unit#3 was to construct on one such parcel of land which was not acquired i.e. within 44 acres of land. ESP of Unit#3 was to be constructed in Plot no 309/312, since, the process of land acquisition for this piece of land was not undertaken by District Administration, owners were not allowing to work on the land. These hindrances of work during construction of ESP#3 were communicated to Dist. Administration Aurangabad vide letters dated 14.03.2011 & 02.11.2012 (Attached at **Annexures- H**). However, issue could not be resolved even after continuous follow up with District Administration. After that, this issue was taken to higher authorities of Government of Bihar and the same was also recorded in high level review meetings held on 16.09.14, 23.12.14 & 22.01.15 (attached at **Annexure-I**) with Chief Secretary/ Secretary, Govt of Bihar.

Finally, the issue of ESP 3 Land was resolved on 12.01.2016 when assurance was given by land owner vide letter dated 07.07.2015 (**Annexure-J**). The land could be acquired only on 22.02.2016. Thereafter, the work of ESP of Unit#3 could be started including Civil works.

b) ESP/VFD Control Room Land :

The said facility was located with plot no 309 of land. When execution started on area of acquired land it was found that the partial land associated this piece of land was not included in records of District Administration hence owners of land didn't allow BRBCL to commence the work on their land. These lands were spread in the staggered way, so that the execution was very difficult.

The issue was followed up with District Administration Aurangabad. However, issue could not be resolved even after continuous follow up with District Administration. After that, this issue was taken to higher authorities of Government of Bihar and a meeting was held at site on 16.09.2014 (Record Notes – attached at **Annexure -I**) under chairmanship of Energy Secy, GoB, where it was decided to purchase these land directly by BRBCL on willing seller/willing buyer basis with the rate & owners name provided by District Administration to reduce land acquisition time.

(24)

In 2015, District administration, Nabinagar confirmed land owners name vide letter dt. 04.03.2015 & 06.04.2015 (**Annexure - K**) and land could be acquired only from 27.02.2016 & 04.03.2016.

It is submitted that due to above listed issues in land acquisition the various critical activities of project got delayed, which inter alia resulted the delay in COD of Unit#1,2 ,3& 4 units.

It is submitted that reasons brought out in para above were beyond the reasonable control of the Petitioner and created major hurdles in project execution. In view of these reasons, the COD of unit#3 was achieved on 26.02.2019 against the schedule COD of 21.12.2011. It is prayed that Hon'ble Commission may be pleased to condone the delay of 85.9 months in declaring COD of Unit-3 of Nabinagar TPP.

Relaxation in Heat Rate

- 41) As per regulation 36 (C) (b) of CERC Tariff Regulations 2014,

Quote

"Norms of operation for thermal generating station

36. The norms of operation as given hereunder shall apply to thermal generating stations:

(C) Gross Station Heat Rate -----

(a) Existing Thermal Generating Station-----

(b) New Thermal Generating Station achieving COD on or after 1.4.2014

(i) Coal-based and lignite-fired Thermal Generating Stations

= 1.045 X Design Heat Rate (kCal/kWh)

Where the Design Heat Rate of a generating unit means the unit heat rate guaranteed by the supplier at conditions of 100% MCR, zero percent make up, design coal and design cooling water temperature/back pressure.

Provided that the design heat rate shall not exceed the following maximum design unit heat rates depending upon the pressure and temperature ratings of the units:

Pressure Rating (Kg/cm ²)	150	170	170	247
SHT/RHT (°C)	535/535	537/537	537/565	565/593
Type of BFP	Electrical Driven	Turbine Driven	Turbine Driven	Turbine Driven
Max Turbine Heat Rate (kCal/kWh)	1955	1950	1935	1850

Provided further that in case pressure and temperature parameters of a unit are different from above ratings, the maximum design unit heat rate of the nearest class shall be taken: Provided also that where unit heat rate has not been guaranteed but turbine cycle heat rate and boiler efficiency are guaranteed separately by the same supplier or different suppliers, the unit design heat rate shall be arrived at by using guaranteed turbine cycle heat rate and boiler efficiency:

Provided also that where the boiler efficiency is below 86% for Sub-bituminous Indian coal and 89% for bituminous imported coal, the same shall be considered as 86% and 89% respectively for Sub-bituminous Indian coal and bituminous imported coal for computation of station heat rate:

Bansingh

42) It is submitted that Guaranteed Turbine Cycle Heat Rate indicated is 1943.70 Kcal/Kwh and design Boiler Efficiency is 84.14 %.

Accordingly, the design heat rate of NTPP is $=1943.70/0.8414$ (Kcal/Kwh) = 2310.08 Kcal/Kwh

Hence, normative station heat rate of NTPP considering operating margin of 4.5 % works out to

= 1.045 X Design Heat Rate (kCal/kWh)

=1.045x2310.08 (kCal/kWh)

=2414.03 (kCal/kWh)

43) It is pertinent to mention that Hon'ble Commission prescribed boiler efficiency & turbine heat rate for deriving unit Heat Rate, when the unit Heat Rate is not guaranteed, first time in Tariff Regulations 2009. NTPP was envisaged prior to 2006. BRBCL Board had accorded the investment approval on 10.01.2008 and accordingly petitioner had awarded Main Plant Award of SG and TG packages to BHEL on 22.01.2008, much earlier than the minimum boiler efficiency & max turbine heat rate introduced for the first time in Tariff Regulations 2009 & subsequently condition in Tariff Regulation 2014. At that time such limitations was not known to BRBCL. Therefore, it was not possible for petitioner to envisage such tighter norms.

44) It is further submitted that the petitioner, based on applicable norms at the time of NIT, had awarded the SG and TG packages in the most economical way through international competitive bidding. Accordingly, the petitioner was able to install TG set with a design heat rate of 1943.7 kcal/kwh which is better than the present turbine cycle heat rate norms prescribed in Tariff Regulation 2014. It is further submitted that a new 250 MW unit was supplied by BHEL with guaranteed boiler efficiency of 84.14 % which is lower than prescribed level of 86% defined in the Tariff Regulation 2014. Since the units have been ordered in 2008 considering the Tariff Regulations in vogue, wherein there was no separate benchmark for boiler efficiency, it is submitted that the actual guaranteed Boiler Efficiency and Turbine Cycle Heat Rate may be used to derive the Normative Heat Rate to be allowed.

45) In case the petitioner were to install a SG having the efficiency of 86% or above the cost of SG would have been high. Moreover, it is submitted that boiler efficiency is largely a function of coal quality. Since, the coal mine is linked and identified in case of Nabinagar TPS, it is prayed that the design boiler efficiency may be considered for deriving station heat rate.

46) The Electricity Act 2003 provides as under:

Quote

"Section 61. Tariff Regulations-

The Appropriate Commission shall, subject to the provisions of this Act, specify the terms and conditions for the determination of tariff, and in doing so, shall be guided by the following, namely:-

(a) *the principles and methodologies specified by the Central Commission for determination of the tariff applicable to generating companies and transmission licensees;*

(b) *the generation, transmission, distribution and supply of electricity are conducted on commercial principles;*

(c) -----;

(d) *safeguarding of consumers' interest and at the same time, recovery of the cost of electricity in a reasonable manner;*

Unquote

Emphasis added

It is submitted the Station seek relaxation of heat rate norms under Regulation 54 (Power to Relax) of Hon'ble Commission Tariff Regulations 2014, which states as under:

Quote

(28)

“54. Power to Relax. *The Commission, for reasons to be recorded in writing, may relax any of the provisions of these regulations on its own motion or on an application made before it by an interested person.”*

Unquote

- 47) In view of the above discussion, petitioner prays the Hon'ble Commission to allow design heat rate with applicable operating margin as station heat rate in case of Nabinagar TPS under power to relax.

Relaxation in Normative Annual plant Availability Factor(NAPAF)

- 48) In the Tariff Regulations, 2014, this Hon'ble Commission had determined the Normative Annual Plant Availability Factor (NAPAF) for thermal generating stations as under:

41)'Normative Annual Plant Availability Factor' or 'NAPAF' in relation to a generating station means the availability factor as specified in Regulation 36 and 37 of these regulations for thermal generating station and hydro generating station respectively;

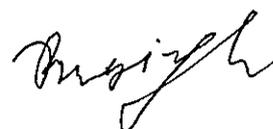

.....
Norms of operation for thermal generating station

36. The norms of operation as given hereunder shall apply to thermal generating stations:

(A) Normative Annual Plant Availability Factor (NAPAF)

(a) All thermal generating stations, except those covered under clauses (b), (c), (d), & (e) - 85%

Provided that in view of shortage of coal and uncertainty of assured coal supply on sustained basis experienced by the generating stations, the NAPAF for recovery of fixed charges shall be 83% till the same is reviewed.

The above provision shall be reviewed based on actual feedback after 3 years from 01.04.2014.

- 49) It is submitted that low DC during the period 2017-18 & 2018-19 was affected due to low coal supply since there was shortage of coal country wide. Shortage of coal was being faced by BRBCL during the period Oct-17 to Nov-18. During this period, NTPP has received less coal against the allocation from CIL. A table indicating the % coal receipt against the allocated coal from CIL based on CEA Monthly Coal Report , is shown below:

% Receipt of coal w.r.t Allocated Coal			
Fig in '000' tonn			
Month	Monthly allocation of coal	Receipt	% receipt w.r.t allocated Coal
Nov-17	104	76.0	77.0
Dec-17	104	61	58.5

Sep-18	183.3	97.3	53.3
Oct-18	208.3	107.7	51.7
Nov-18	208.3	136.8	65.7

Further, it is submitted that coal shortage was a phenomena for almost all thermal power stations in country including NTPC's thermal power plants.

In view of acute coal shortage situation, BRBCL through NTPC Limited, had approached CIL and its subsidiaries for supply of coal to BRBCL for mitigating coal shortage. The various letters written by NTPC Limited to Coal companies for supply adequate coal including BRBCL are attached as **Annexure-L**.

- 50) The shortage of coal mentioned herein above, is on account of the non-availability of the coal itself for reasons beyond the control of BRBCL and for factors not attributable to BRBCL. There has been an uncertainty in the coal supply on sustained basis experienced by the Nabinagar TPP, within the scope of the Proviso to Regulation 36 (A) of the Tariff Regulations, 2014.

In view of the above it is respectfully submitted that Hon'ble Commission may pleased to allow NAPAF for the years 2017-18 & 2018-19 as 83% in view of the coal shortage faced by the station.

- 51) Since the tariff determination exercise may take time, it is prayed that Hon'ble Commission may allow the Petitioner to provisionally charge tariff as per this petition for the period 2014-19 till the time revision exercise is completed and this petition is disposed of. After determination of tariff as per this petition, the retrospective adjustment may be allowed.

- 52) The filing fee for the tariff determination has already been paid for the period from 15.01.2017 to 31.03.2019 as per provisions of CERC (Payment of Fees), Regulation 2008/2012. Accordingly, no fee is payable along with this petition for revision of tariff. Hon'ble Commission may please allow to reimburse the filing fee for Unit#1,2 & Unit#3.

Prayer

In the light of above submissions, the Petitioner prays that the Hon'ble Commission may be pleased to:

Cost of Land & Site Development									
1.1	Land (Freehold)	7479	0	34211.64	16945.75	51157.39	43678.39	Reasons for increase in land cost is due to: (1) Compensation was revised due to new Land acquisition rate notified by State Authorities in Jan 2015 (2) Addition of policy of One project one rate. The compensation rates considered by district authorities as per the Bihar Land Acquisition, Resettlement and Rehabilitation Policy 2007 norms for land acquisition for 4 moujas were Rs. 2,61,371.00 per acre while 5 moujas it was for Rs. 5,16,222.00 per acre. Due to this difference in rates of different moujas, the land owners of 4 moujas (covering approx 487) acre started agitation and filed Civil Appeal in Hon'ble High Court of Patna (CA 18253 of 2011) and disrupted the work. Under the prevailing circumstances, for earlier resumption of work, BRBCL agreed to give compensation to 4 moujas at the same rate (3) Consideration of 50 mtr homestead land. As per land acquisition Act 2007, the basic rates considered for agricultural land were Rs. 5,16,222.00 /Rs 2,61,371.00 per acre and for residential land were Rs. 16,73,762.00 per acre. Since, the rates of residential land were high, the land owners started demanding for consideration & compensation of 500 meter peripheral area of their residential complex as homestead land even though it was not as per said Land Acquisition Act 2007. A strong resistance was faced and villagers approached Hon'ble High Court of Patna (CWC 10684/10). As per the direction of Hon'ble High Court to GoB, Principal Secretary, Revenue & Land Reforms, GoB letter dt. 12.05.11 had directed District Authorities to go ahead with enhanced compensation to be paid to villagers which was already agreed by BRBCL.

Therefore, pre award price change is Rs 101 cr. (2) Further, the variation during the currency of contract has also been on account of difference in indices at the time of award and at the time of execution of contract led to increase of contract. Change in EURO Value(1 EURO = Rs. 55 at the time of FR and Rs 63 at the time of BOD.) of approx 45 cr. (3) Further increase in cost of package is due to Price variation which is around 1.5 %.

Subsequently, the last bidder M/S Paharpur Cooling Towers Ltd. (PCTL) filed a writ petition in Hon'ble High Court of Delhi on 27.1.2011 and a stay was granted by the Hon'ble High Court on the NOAs vide its order dated 10.2.2011. Final judgment from Hon'ble High Court of Delhi dismissing the writ petition and vacating the stay order was pronounced on 14.7.2011. PCTL filed an SLP in the Hon'ble Supreme Court no. 20751 of 2011 on 26.7.2011. The Hon'ble Supreme Court stayed the order of the High Court of Delhi vide order dated 28.7.2011. After the Supreme Court order dated 28.7.2011, seeing the substantial delay in conclusion of the case thereby affecting project schedule, opinion of the Attorney General of India was sought by NTPC Ltd in order to find a way out. The matter was mentioned by the Attorney General of India on 22.1.2013 in the Hon'ble Supreme Court of India, was heard by the Hon'ble Bench on 24.1.2013 & 29.1.2013 and accordingly the Hon'ble Supreme Court vide its order dated 29.1.2013 inter alia passed the order that neither the writ petition nor the SLP filed by M/S Paharpur Cooling Towers Ltd is maintainable. Hence action for reaward could be taken in Jun, 2013 for FRP Cooling tower. Delay due to sub judice escalated contract price hence, beyond the control of DBBCL.	9

MOST RESPECTFULLY SHOWETH:

The Petitioner humbly states that:

- 1) The Petitioner had filed Petition No. 23/GT/2017 for fixation of tariff of Nabinagar Thermal Power Project (4 x250MW) generating station of the Bhartiya Rail Bijlee Company Limited. The petition had been filed on the basis of projections and estimates since Unit No. 1 was expected to be commissioned shortly thereafter. The matter had been heard on a preliminary basis and a detailed ROP had been issued on 21.03.2017 calling for certain information. Further, the Respondents have also filed replies. In the meantime, Unit # 1 achieved commercial operation on 15.01.2017 and Unit # 2 on 10.09.2017 pursuant to which accounts have been audited due to which the tariff filing forms have undergone a substantial change. Hence the present revised petition is being filed along with details sought in ROP in hearing held on 21.03.2018
- 2) It is submitted that to meet the reliable, cost effective & uninterrupted power for traction and non-traction purposes of Indian Railway, NTPC and Indian Railways entered into a Memorandum of Understanding on 18th February, 2002, with an intention to promote a Joint Venture Company with the aim of establishing and operating power project(s). Accordingly, Bhartiya Rail Bijlee Company Ltd was formed & Nabinagar was selected as one of the prospective site.
- 3) **Suitability of Nabinagar Site:** A project committee consisting of six members, three each from Railways & NTPC was constituted with the approval of Minister of Railways, examined four different sites in various parts of country for identifying a suitable site for the plant
 - (i) Mouda in Maharashtra
 - (ii) Manuguru in AP
 - (iii) Raigarh in Chhattisgarh
 - (iv) Nabinagar in Bihar
- 4) Out of the four sites surveyed, Nabinagar was found most suitable option for setting up of power plant. Accordingly, Nabinagar site in Aurangabad Bihar was

(2)

(201)

finally identified for development of 1000 MW power project based on the consideration that land, water and fuel is available within reasonable distances.

- 5) The proposal to develop the project of 1000 MW (4X250MW) was approved by CCEA, which was communicated vide MOP letter No. 5/7/2004/Th-II dated 15th February, 2007. (Copy enclosed as **Annexure-A**)
- 6) Accordingly, Bhartiya Rail Bijlee Company Ltd., hereinafter called 'BRBCL', a Joint Venture Company of NTPC Ltd. & Railways was incorporated under the Companies Act, 1956. With shareholding pattern of NTPC (74%) and Indian Railways (26%), BRBCL is a Company controlled by Central Government. Further, it is a 'Generating Company' as defined under Section 2(28) of the Electricity Act, 2003.
- 7) Ministry of Power, Government of India vide its letter dated 30th June, 2007 has allocated 90% power from this project to Railways and the remaining 10% power to the other users. Further MOP vide their letter dt 02/07/2010, allocated 10% power to state of Bihar. Copy of both the letters is enclosed as **Annexure-B**. The power generated from Nabinagar Thermal Power Project (4X250 MW) shall be supplied to the Respondents mentioned hereinabove.
- 8) As per allocation of power by Ministry of Power, BRBCL has entered into Power Purchase Agreements with East Central Railway for Railways and with Bihar State Electricity Board for their respective shares. A copy of the Power Purchase Agreement dated 16.12.2010 signed with East Central Railway is enclosed as **Annexure-C**. Also a copy of the Power Purchase Agreement dated 22.01.2010 signed with Bihar State Electricity Board is enclosed as **Annexure-D**.
- 9) The Bihar State Electricity Board has been unbundled by Govt of Bihar. The unbundled entities inter-alia include a holding company namely Bihar State Power Holding Company Ltd. (BSPHCL) and two distribution companies namely North Bihar Power Distribution Company Ltd. (NBPDC) and South Bihar

Power Distribution Company Ltd. (SBPDCL). Accordingly, in addition to East Central Railway, NBPDCCL & SBPDCL have been made Respondents.

- 10) The Petitioner, at present, is establishing a power project named as Nabinagar Thermal Power Project (4X250 MW) (hereinafter called Nabinagar TPP) located in Aurangabad district of Bihar.
- 11) Based on CCEA decision, the investment approval of Nabinagar TPP was accorded by BRBCL Board at its 3rd meeting held on 10.01.2008(Annexure-E). The revised cost of project was subsequently approved by BRBCL Board at its 62nd meeting held on 21.12.2015 at revised cost of Rs. 7998.00 Crore at price level of IInd Qtr 2015. (Copy of RCE is attached at Annexure F).
- 12) First unit (Unit -1 of 250MW) of Nabinagar TPP was declared commercial w.e.f. 15.01.2017. Subsequent units i.e. Unit-2 was declared commercial w.e.f. 10.09.2017. Unit-3 & Unit-4 at present are expected to be declared under commercial operation on 30.06.2018, 31.12.2018 respectively.
- 13) The Hon'ble Commission, under Section 79(1) (a) and 62 of Electricity Act, 2003, is vested with the jurisdiction to regulate/ determine the tariff of the Generating Companies owned or controlled by the Central Government.
- 14) The Hon'ble Commission has notified the Central Electricity Regulatory Commission (Terms & Conditions of Tariff) Regulations, 2014 (hereinafter 'Tariff Regulations, 2014') for a period of 5 years which have come into force from 01.04.2014 and specified the terms & conditions and methodology of tariff determination for the generating station /transmission licence. The Petitioner is filing the present petition for determination of tariff of Nabinagar TPP for the period from Commercial Operation date of Unit-1 of 250 MW, i.e. 15.01.2017 to 31.03.2019 as per the CERC Tariff Regulations, 2014.
- 15) It is submitted that petitioner in term of regulation had filed tariff petition of Nabinagar TPP on 04.01.2017 for the period from anticipated COD of U#1 on 06.01.2017 to 31.03.2019.

- 16) Hon'ble Commission vide ROP for the hearing held on 21.03.2017 in the above petition has directed to file certain data/information based on audited accounts of actual COD of Unit#1. It is submitted that as per direction of Hon'ble Commission, petitioner was in the process of audit of accounts on COD of Unit#1. Meanwhile Unit#2 achieved COD on 10.09.2017.

In view of above, amended petition based on audited account on COD of Unit#2 the being submitted. Therefore, Petitioner in this amended petition, is submitting the revised tariff forms based on audited accounts on COD of Unit#1(15.01.2017), and on COD of Unit#2(10.09.2017) and projected figures on anticipated COD of Unit#3 and Unit#4 on 30.06.2018 and 31.12.2018 respectively.

- 17) The present petition is being filed in the tariff filing forms as prescribed in the Central Electricity Regulatory Commission (Terms & Conditions of Tariff) Regulations, 2014 and also as per the Central Electricity Regulatory Commission (Procedure for making of application for determination of tariff, publication and other related matters) Regulations, 2004. These formats/ computations are enclosed as **Appendix-1**
- 18) The tariff claimed by BRBCL in the petition is based on actual capitalization as on actual COD of the Unit#1, Unit#2 and projected capital expenditure on anticipated COD of Unit#3 & Unit#4 up to 31.03.2019 against the works within the original scope of work of Nabinagar TPS in accordance with Regulation 14 (1) of the Tariff Regulations, 2014.
- 19) It is submitted that as per 3rd BRBCL Board meeting resolution w.r.t. Investment-Approval, the scheduled COD of the Unit-1 of Nabinagar TPP was 36 months from date of main plant order and COD of subsequent units at an interval of 6 months thereafter. The main plant TG and SG packages were awarded to BHEL on 22.01.2008. Accordingly, scheduled COD of Unit-1 was 21.01.2011, Unit-2 was 21.07.2011, Unit-3 was 21.01.2012 and that of Unit-4 was 21.07.2012. With the Anticipated COD, there is a time overrun of approximately 71 months and 25

(204)

days (i.e. from 21.01.2011 to 15.01.2017) in declaring commercial operation of Unit # 1, 73 months and 20 days (i.e. from 21.07.2011 to 10.09.2017) in declaring commercial operation of Unit #2 of Nabinagar TPP.

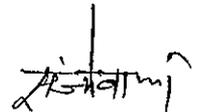

20) It is submitted that Nabinagar TPP (4X250 MW) is the first project identified for development under BRBCL – a Joint Venture Company of NTPC Ltd. & Railway. Since inception, the project has been marred by various issues. It had to face the issues like Naxal Bandhs, ban on mining of stone by Govt of Bihar, local work-hinderance /stoppage due to land related issues, Lawsuits/Litigations beside the strike & bandh calls by local labours at numerous occasions for their various unwarranted issues/demands. All these brought the Project construction work to a standstill on numerous occasions making all schedules haywire. The Petitioner submits details of uncontrollable factors/ reasons which caused delay in declaring COD of Unit-1 as follows:

21) **A.Delay due to Naxal-Bandhs:**

It is submitted that Nabinagar TPP is situated in Aurangabad District in the State of Bihar and falls under naxal infested region – is classified as disturbed area from law and order point of view. Even, Minister of State for Home Affairs, GOI in their reply against Lok Sabha Question number 1374 dt 05.03.2013 mentioned Distt. Aurangabad, Bihar amongst the list of 106 districts which were covered under the Security Related Expenditure (SRE) scheme for the purpose of expenditure incurred by the State Governments on Counter Left Wing Extremism (LWE) measures (**Annexure-G**).

Further, it is stated that three (3) districts of Bihar account for approx 60% of Naxal violence and among them one is the District is Aurangabad (**Annexure-G**) where Nabinagar TPP is situated. It may be noted that the various incidents of violence and blast due to Naxal activities in this area have caused numerous casualties. As per estimate, the total incidents of violence during 2011 to Nov 2016 in Bihar due to LWE movement were 1047 and the numbers of casualties was 252.

(205)

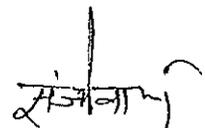

Nabinagar Project also suffered due to the violence and blasts in the area and the work at the Project got badly hampered due to disturbance in the region. Naxal violence and band were the regular feature of the surrounding area. The Petitioner submits that since inception of the Project, this locality has experienced calls of naxal-bandhs for 136days on 68-occasions during the period Jun-2010 to Aug-2017.

The supporting documents related to Bandhs such as news paper clippings, are attached as **Annexure – G**. Further, In view of poor law and order situation in this naxal-infested area, the workers did not turn up for the job at the Project due to fear or turned up only in very small number during bandh calls. It is further submitted that the bandhs also had a cascading effect causing virtual demobilization of work out of fear at the Project as the workers only turned up in small numbers on the subsequent working days after the day of the bandh and all the activities of the project literally came to halt during these periods. Moreover, the working momentum during the bandh call is disturbed and it takes time to bring the progress back to the same momentum which existed prior to the bandh. In addition, the movement of goods, vehicles etc. are also affected during the bandhs, which were beyond the control of the Petitioner . One of the executing agency M/s ERA vide its letter dated 05.10.2013 (**attached at annexure-G2**) has expressed the naxal problem and stated that :

"This project is most difficult project and situated in the most disturbed area having influence of terrorist activities and full control by different Moist groups mixed with locals, hence cannot be compared with other normal area project. "

Moreover, it has been observed that the working momentum during the bandh call is totally disturbed and it took considerable time to bring the progress back to the same momentum which existed prior to the bandh. In addition, the movement of goods, vehicles etc. are also affected during the bandhs. One of the executing agency M/s ERA vide its letter dated 05.10.2013 has indicated the total no of days effected in case of the naxal problem and stated that:

(7)

(206)

"You will appreciate that working in such a difficult area is very frustrating and demoralizing to all project team and PC/contractor working on the project. In such situation, such one or two day work stoppage to the complete project by external forces is actually cause at least one week's delay to all the project activities."

On an average, it may be stated that in this highly naxal-prone area even one day of bandh had a cascading effect of a minimum of 5 working days. However, after considering the bandh days overlapping, net delay due to this reason comes out to be 394days i.e. approximately 13 months. The details of bandh in tabulated form are attached at **Annexure G1** and supporting documents related with each date of Bandhs are marked.

B. Attack/threat call by Naxalites and related violence:

It is submitted that right from the inception, executing agencies were facing attack /threat call from Naxalites and have faced violence causing complete stoppage of work which had long lasting effect on working environment.

The details of Attack/threat call by Naxalites and related violence are tabulated form are attached at **Annexure G2** and supporting documents related with each date of activities are marked.

Such type of incidents are common in Dist. Aurangabad (several new clippings & Communication from state police are attached **annexure G2**), They have targeted construction sites like bridges, road, or even Rajdhani trains(New clip attached **annexure G2**). These type of incidents create an atmosphere of fear and uncertainty among the people working at site and it becomes very difficult to maintain desired progress of work.

It is further submitted that on 24.11.2010, M/s ERA office was attacked by 40-50 nos of Naxalities (Photos, news clipping & FIR copy attached as **annexure G2**) and machinery (4 nos dumper & 3 nos Hywas) was burnt and staff was harassed and beaten up. In other incident on 17.04.2010, M/s ABB site was subjected to Naxal attack with deadly weapons. Naxals opened fire and one transformer was put on fire (Agency's letter , news clipping & Photos attached as **annexure G2**).

(2)

ABH

(207)

Further threat letter was also served by T.P.C. (Thrutiya Prasthuti Committee) to ABB, calling to vacate the work site. They have also threatened of dire consequences if the demands are not fulfilled (copy attached). The same kind of intimidating communication was received by EIEL also (letter attached as **annexure G2**).

It is submitted that the Project has suffered considerable delay in view of the bandh calls, attack/threat call by Naxalites and related violence in the Naxal prone area which have been beyond the control of the Petitioner and the Hon'ble Commission may please condone the delay of **13 months** caused due to these Bandh calls, attack/threat call by Naxalites and related violence.

22) Delay due to Ban of mining lease :

Government of Bihar has banned mining in all parts of Bihar vide Bihar Gazette (Extra-ordinary) dated 26.2.2010 through Bihar Minor Mineral Concession (Amendment) Rules 2010 with a view to save environment, forest and fast depleting hill area. Due to this ban, crusher industries were not getting sufficient stones for crushing, resulting into unprecedented crisis of stone aggregates in the market with enhanced demand in the State. The Petitioner submits that ban of mining imposed by Govt of Bihar led to limited supply of aggregate, and despite the best efforts made to source it from other locations outside the State, there was considerable impact noticed on the civil construction activities.

It is submitted that at the time of inception of the project, it was envisaged that the aggregate and other civil construction material shall be sourced from the quarries situated in the state of Bihar. These quarries (Karvandia in Rohtas District) were situated within 40 Km range of the Project. As submitted above as per, Bihar Gazette (Extra ordinary) dated 26.02.2010, on Bihar Minor Mineral Concession (Amendment) Rules 2010, stated that - a) No mining lease for stone would be granted with immediate effect. b) Existing lease for stone granted would be allowed to subsist for remaining period for which they have already been granted but would not be renewed thereafter due to various reasons

(9)

(208)

mentioned thereon. The relevant copy of Bihar Gazette dated 26.02.2010 is attached as **Annexure – 'G3'**.

Because of this ruling of the Bihar state, number of stone crushing units to be run in Bihar were limited in each district as per the government's policy decision. It may be mentioned that the number of stone crushers in the Rohtas district from where Nabinagar TPP was getting most of the supply of aggregates for construction works reduced to 76 as against 250 applications. Before stone crushing was banned by the state government, at least 500 stone crushers were being run in the district.

Due to limited mining, all the crushing and extraction activities were affected severely. Further during 2012 since all the quarries in the Rohtas area were stopped due to expiry of valid license, the supply of aggregate was stopped from the quarries situated in the vicinity of the project. To cater to the requirement of project construction, aggregates were sourced from quarries situated in Gaya Bihar where licence were valid during this period, approximately 230 Km from project site and aggregate was transported through road. This resulted in significant delay in the project construction activities as no civil work could be carried out in the absence of the aggregate and as a result, civil fronts could not be handed over to the other agencies for subsequent equipment erection and other works thereby delaying the entire project. This resulted in loss of approximately 8 Months during 2012 on account of shortage/non-availability of aggregates.

It is submitted that the Project has suffered considerable delay in view of the Ban of mining lease Govt of Bihar which have been beyond the control of the Petitioner and under change in law. Hon'ble Commission may please condone the delay of **08 months** caused due to Ban of mining lease by Govt of Bihar.

23. Delay due to non-availability of proper approach road to the Project for movement of heavy consignments at Nabinagar TPP:

It is submitted that for the movement of heavy consignments for construction of the Project, Nabinagar is connected to National Highway -2 at a distance of 25 km through Barun. At the time of inception of the Project, there was no proper

road to move the heavy material/equipments for construction/plant and therefore the matter for of constructing 7m wide road was taken with Road Construction Department, Govt of Bihar in July 2008. (Letter dated 18.07.2008 from BRBCL to Road Construction Department, Govt of Bihar is attached as **Annexure -G4**.

It is submitted the existing road required widening to 7 meters with hard shoulders , construction of a few bridges & culverts (34 nos.) leading to Nabinagar TPP, and strengthening top layers of DBM and BC construction to meet heavy traffic of 30MT/40MT trailers. The matter was taken up for deposit work with local authorities Road Construction Department (RCD) Govt of Bihar state for strengthening/ double lane of the route from Barun to Nabinagar site (25km) as early as in July 2008 i.e. before any major land acquisition at site and regular meetings for the same was taken at the Principal Secretary and Chief minister level. Keeping in view the requirements of the Project the original schedule for construction was given as 15 months from (12.06.2009 to 11.09.2010). However the total time taken for completion of above was 24 months and the road was declared open in June 2011. This resulted in delay in transportation of heavy consignments/ equipment etc. meant for the project. It is further submitted that the total delay on account of non-availability of sufficient capacity road works out to be approximately 9 **months** as the consignments were transported in parts or through smaller vehicles. The copy of various communications with Public Works Department is attached as **Annexure - G5**

24) Delay due to various litigations at Hon'ble High Court and delay in execution of Judgments by State Authorities in land acquisition:

After the formation of BRBCL, a JV company between Railways & NTPC Ltd. in the May 2007, approx. 1521 acres of land was identified for 4x250 MW Nabinagar TPP as per the following details

Table-1

Sl. No.	Category of Land	Quantity (Acres)
---------	------------------	------------------

(215)

01.	Private land	635
02.	Bandobasti land	727
03.	Government land	159
Total		1521.18

25) It is submitted that since inception of project, multi-facet issues beyond control of petitioner were faced. There has been inordinate delay due to unforeseen events of violence, man handling, and stoppage of work which have been faced by the BRBCL employees and Executing Agencies.

The news clipping of various violence issues created by local villagers faced by BRBCL Employees/Contractors' such as FIR, letters, photographs, agencies letters etc are placed at **Annexure H** and supporting documents related with each date of violence are marked there.

The details of such issues faced at the Project, beyond the control of Petitioner have been categorized broadly and tabulated as below:

1) Uncontrollable factors /Issues with already awarded land

Table-3

S.N.	Uncontrollable Factor/ Issue	Description	Start of issue	End of issue	Delay (Months)
A	Litigation before Hon'ble High Court Patna (CWJC 14314/2009) due to issue faced due to incorrect ownership records maintained by State Authorities.	With the start of work at site, many people claimed their ownership & asked for compensation. Number of villagers filed different cases in Hon'ble High Court Patna (CWJC 14314/2009) and were granted compensation by the Court. This led to considerable delay in taking physical possession of land and was beyond control of BRBCL	24.07.2009	31.12.2017	102.7

B	<p>Litigation by villagers for Consideration of land within the vicinity of residential area as Homestead land & demand of compensation as per residential area.</p> <p>Hon'ble High Court Patna (CWJC 10684 of 2010) case.</p>	<p>Many villagers demanded higher rates of homestead land and for consideration & compensation of 500 meter peripheral area of their residential complex as homestead land from the start of the project itself i.e. in the year 2008, even though it was not as per land acquisition Act'07. The High Court allowed the relief to the villagers. This led to delay that was beyond the control of BRBCL</p>	26.09.2008	24.05.2016	93
C	<p>Writ Petition filed Villagers demanding of adoption of "one project one rate" philosophy.</p> <p>Hon'ble Court Petition No 18253 of 2011</p>	<p>The land of main plant & Ash Dyke area were spread over 9 'moujas' for which majority awards were made in the year 2008 & 2009. The basic rates considered while making awards were Rs. 2,61,371.00 per acre for 4 moujas & Rs. 5,16,222.00 for 5 moujas as per the prevailing land acquisition norms. Against this difference in rates of different moujas, the land owners of 4 moujas (covering approx 487 acre) started agitation & didn't allow to work in the project since 23/11/11 and even stopped the entry of project employees /workers continuously for the period 7/02/12 to 19/03/12.</p> <p>The villagers filed a writ petition at Hon'ble HC of Patna. Hon'ble High Court in its order dated 02/12/2013 dismissed the petition.</p>	23.11.2011	02.12.2013	24.3

D	De-notification of earlier notified Govt. Land by Govt of Bihar on direction by Hon'ble High Court Patna in CWJC 14314/2009.	Initially 159.920 acre land transferred to BRBCL as Govt. land on 24.07.2009. When Petitioner had started taking physical possession of land, some of the "raiylats" claimed the ownership on this Government land and demanded compensation. Subsequently, a petition was filed by concerned "raiylats" to Hon'ble High Court Patna CWJC 14314/2009. Hon'ble HC Patna admitted the petition & issued the direction to local villagers/raiylats to file petition before Land Acquisition Officer, Aurangabad. Consequently, in the process, 89.828 acre land was declared as "raiylat land" by State Authorities. 26) The unforeseen factors of force majeure nature depicted in the table above are further elaborated :

(i) **Issues with awarded land:**

It is submitted that the process of land acquisition in the name of BRBCL started since March'08 and project was given possession of approx 1061 acre land as on 01.01.2010 (Annexure H1). After the due process of land acquisition such as notification of different sections, awards in the name of local villagers, etc. being followed and payments made to District authorities for disbursement, there were lot of unforeseen issues in the physical possession of land. As a result of hindrances created by local villagers/raiyats free and conducive environment did not prevail, the progress got affected severely and Project became stand still.

A. Issues faced by Petitioner due to incorrect ownership records maintained by State Authorities which resulted in litigation before Hon'ble High Court Patna (CWJC 14314/2009)

It is submitted that although District Authorities has awarded land to BRBCL and issued possession letter on 24.07.2009 but multiple ownership issues came up when BRBCL started taking physical possession such as people claiming their ownership on the land. Villagers were making their representation that they were the owners & award/payments had not been made in their name.

It is submitted that the work in various areas like Track Hopper, Ash Dyke, CHP area, Boiler Area of Unit#1, ESP, Switchyard area, TG was badly affected due to disputes on ownership raised by the claimants. Subsequently, some of the claimants approached Hon'ble High Court of Patna with various civil appeals. The Hon'ble High Court of Patna in CWJC 14314/2009 dt 03.11.2009 (attached at Annexure-I) issued the direction to local villagers/raiyats to file petition before Distt. Land Acquisition Officer, Aurangabad annexing the photo copy of the title documents in support of their contention and if the Land Acquisition Officer is satisfied, the compensation in terms of the provisions of the act as early as possible, in any case, within a reasonable time not exceeding three months. It

(16)

(215)

may be seen that due to the legal process, the land acquisition process was interrupted at the initial stage itself and resulted in delaying the project work.

It may be noted that issues of some of the claimants couldn't be resolved even after the direction of the Hon'ble High Court, Patna and due to delay on part of District Administration, one of the claimant Mr. Ramchander Singh has approached Hon'ble High Court Patna as a matter of Contempt of Court vide MJC 361/2016 alleging the Respondent State Authorities have not honoured Hon'ble High Court Patna order (**attached at Annexure-J**). The matter is still pending.

Even as on date, 74.95 acre land (**attached at Annexure-K**) is disputed and different people are making their representation that they were the owners & award/payments were not made in their name.

It is submitted that above reasons have been beyond the control of Petitioner, as the aforesaid claims under litigation, non-availability of land in main plant area as given above, interruptions and hindrances in the work have delayed the total schedule of the Project. In view of above facts it is submitted that the Hon'ble Commission may take a considerate view and condone the delay of 102.7 months in execution of project due to this issue.

B. Litigation by villagers for Consideration of land within the vicinity of residential complex as Homestead land & demand of compensation as per residential area. Hon'ble High Court Patna (CWJC 10684 of 2010)

As per land acquisition Act'2007, the basic rates considered for agricultural land were Rs. 5,16,222.00 per acre, Rs 2,61,371.00 per acre and for residential land were Rs. 16,73,762.00 (**attached at Annexure-L**) per acre. Since, the rates of residential land were high, the land owners started demanding for consideration & compensation of 500 meter peripheral area of their residential complex as homestead land from the start of the project itself i.e. in the year 2008 even though it was not as per said Land Acquisition Act 2007. A strong resistance was faced on this issue and the process of land acquisition came to halt. A meeting was held with affected villagers & BRBCL, under the Chairmanship of DM Aurangabad on 24.07.2008 (minutes are enclosed as **Annexure-M**) in

(17)

which it was pointed out by Distt. Land Acquisition Officer that the measurement of home land was carried out as per rule, however, the villagers demanded for consideration of at least 50 meter peripheral area of their residential complex as homestead land against there original demand of 500 meter. It was decided that BRBCL may give consent on this proposal, however, the same shall be implemented based on the approval of state Govt. BRBCL vide letter dated 26.09.2008 gave its consent (attached letter as **Annexure N**) to DM, Aurangabad for faster implementation of project. It is submitted that in spite of BRBCL consent, considerable delay was there in finalization by State Govt.. Number of villagers approached Hon'ble High Court of Patna (CWJC 10684/10) & Hon'ble High Court in its order dt. 29.10.10 (**attached at Annexure-O**) issued the direction as;

Quote

"The question of fixing the compensation amount is dependent on the B.R.B.C.L. Once the authority has agreed to make payment at a certain rate treating the lands to be homestead lands in accordance with Annexure-1, I do not see how the State Government can raise any objection to this fact. It is an agreement between the villagers and the B.R.B.C.L. Therefore, this Court finds that since the affidavit of the B.R.B.C.L. indicates that they have sent their consent and also stated that they are waiting for the approval of the State Government. It would be proper for the B.R.B.C.L. to fix the compensation amount in accordance with their own undertaking. It would be in the interest of B.R.B.C.L. to conclude the Land Acquisition proceeding by ensuring that the compensation amount is deposited with the Land Acquisition Officer expeditiously".

Unquote

In compliance to above judgment, Principal Secretary, Revenue & Land Reforms, GoB letter dt. 12.05.11(**Placed at Annexure-P**), had directed District Authorities to comply to the order. Therefore, there was delay of around 2.5 yrs (26.09.2008 to 12.05.2011) merely on approval from state government to go ahead with enhanced compensation to be paid to villagers which was already agreed by BRBCL in September 2008.

(18)

(217)

Further, a meeting was held on dated 26.05.2011(attached at Annexure-Q) in respect of valuation of 50 mtr. homestead land in light of above letter, under the chairmanship of District Magistrate Aurangabad issued necessary direction to Circle Officer, Nabinagar for the measurement under the supervision of 'ammeen'.

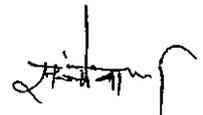

The measurements in this respect was done & sent to BRBCL vide letter dt. 22.02.2013 for payment. But on demands of rehabilitants, DM, Aurangabad issued instruction vide letter 1837 dt 27.10.2013 for re-measurement.

But, once again in the meeting held on 22.06.14 among local villagers, BRBCL & District Land Authorities under the Chairmanship of DM, Aurangabad, the schedule of re-measurement by 2 teams finalized & decided to complete within 2 months.

However, District administration could not complete the process of measurement of these 50 meter homestead land promptly in spite of continuous follow-ups by BRBCL (various letters of follow up are attached as Annexure-R).

Subsequently, measurement (approx.65 acre land) in this respect could only be finalized in April 2015 because of non clarity/acceptance of residential complex boundaries. The whole process could only be completed in two phases, first in the month of November /December 2014 (the records are place at Annexure S) & second in the month of April 2015 (Annexure T). Since, this issue took around 7 years to resolve, no of 'raiylats' started demanding revised homestead rate as per current market condition and refused to accept old rates although compensation for 50 meter peripheral area of their residential complex as homestead land were already released. They pleaded before the district authorities that delay in measurement leading to delay in payment, for which they were not responsible and they should not be deprived of their due payments. Finally, the issue of rate under this category of land acquisition was resolved in May 2016 (Minutes of Meeting dated 24.05.2016 is placed as

(19)

(218)

annexure (U) under the chairmanship of District Magistrate Aurangabad, Bihar) and simple interest @12% was paid since July 2008 to March 2016.

It is submitted that above reasons have been beyond the control of Petitioner, as BRBCL taking a proactive action in September 2008 agreed for 50 meter as homestead land , however delay by State Authorities in taking suitable action and litigations by the Villagers, non-availability of land in main plant area, boundary wall construction interruptions and hindrances in the work have delayed the total schedule of the Project. In view of above facts it is submitted that the Hon'ble Commission may take a considerate view and condone the delay 93 months due to this issue.

C. Writ Petition filed Villagers demanding of adoption of "one project one rate" philosophy before Hon'ble Court (Petition No 18253 of 2011)

It is submitted that the land of main plant & Ash Dyke area spread over 9 'moujas' for which majority awards were made in the year 2008 & 2009. The basic rates considered while making awards were Rs. 2,61,371.00 per acre for 4 moujas (Khaira, Kerka, Dhundhua, Mangabar) & Rs. 5,16,222.00 for 5 moujas (Ekghara, Pirounta, Salea, Kajrain, Surar) (**Annexure- V**) as per the Bihar Land Acquisition, Resettlement and Rehabilitation Policy 2007 norms. These rates were accepted by villagers and land was transferred to BRBCL. However, against this difference in rates of different moujas, the land owners of 4 moujas (covering approx 487) acre started agitation and disrupted the work. Under the prevailing circumstances, for earlier resumption of work, BRBCL agreed to give compensation to 4 moujas at the same rate. Meanwhile villagers started demanding enhanced compensation as per Government of Bihar Memo, which was not applicable on already transferred land. Villagers filed Civil Appeal in Hon'ble High Court of Patna (CA 18253 of 2011- placed as **Annexure-W**) demanding high rate of compensation. During the pendency of appeal, villagers had started agitation and didn't allow work in the project and stopped the entry of project employees/workers continuously for the period 7/02/12 to 19/03/12 which nearly de-mobilized all the agencies & project was stuck up. It is stated that , in the meeting (MOM is attached **Annexure- V**) held between BRBCL

20

(219)

Management & "Regional Development cum Oustees Kissan Majdoor Samiti", same rate was considered for these 4 moujs as well on 12.03.12 and payment on this account was started since June 2012 onwards (**Annexure X**). Later on, this becomes the part of Bihar Land Acquisition R&R policy 2007 (**Annexure-Z**).

The Petitioner submits that the Hon'ble HC of Patna CWJC No 18253 of 2011 dismissed the writ petition on 02.12.2013 stating that "villagers have adopted policy of arm twisting".

In view of above facts it is submitted that the Hon'ble Commission may take a considerate view and condone the delay of 24.3 months in execution of the project due to this issue.

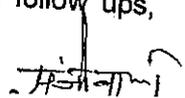

Further, the same principal of one rate was adopted in MOM dated 25.07.2013 under the chairmanship of Chief Secretary, GoB for acquisition of land for water corridor etc. (**Annexure-Y**)

D. De-notification of earlier notified Govt. Land by Govt of Bihar on direction by Hon'ble High Court Patna in CWJC 14314/2009. (Wrong declaration of Private land as Govt. land by State Govt)

It is submitted that initially 159.920 acre land was transferred to BRBCL as Govt. land on 24.07.2009, which is distributed in patches in all Project areas (Main Plant, DM Plant, PT Plant, ESP area, Cooling Towers, Switch yard, CHP /MGR etc). When petitioner had started taking physical possession of the land, some of the "raiylats" claimed the ownership on this Government land and demanded compensation. Subsequently, a petition was filed by concerned "rayats" before Hon'ble High Court Patna CWJC 14314/2009 (**placed at Annexure-I**). Hon'ble HC Patna admitted the petition & issued the direction to pay the compensation amount and directed local villagers/raiylats to file petition before Land Acquisition Officer, Aurangabad. Vide letter 424 (**Annexure- AA**) of Revenue & Land Reforms on 04.04.2011, the process started & the same was also instructed by Land acquisition officer, Aurangabad to Circle Officer, Nabinagar vide their letter dated 17.12.2012 (**Annexure-AB**) to comply the order of Hon'ble High Court. However, District Administration could not complete the process on time resulting delay in land acquisition. After the various meetings and follow ups,

(21)

(220)

Chief Secretary, GoB in the meeting dated 30.06.2011 has ordered to take necessary action. Consequently, in the process, 89.828 acre land was considered as "raiyat land" by Circle Officer, Nabinagar. Further, DM Aurangabad vide their letter dt 30.04.2013 requested Chief Secretary, GoB (placed as **Annexure AC**) for advice on the issue whether to follow Section 04 & 06 on the land under consideration or pay direct compensation under section 07& 17(1). The matter was also followed up by BRBCL and later on, after the approval of Cabinet of Govt. of Bihar on 11.05.2015, District Administration vide letter no dt.14.05.15 (**Annexure AD**), & 658 (**Annexure AE**) dt 03.12.2015 freed the land in the name of Raiyats for Direct Purchase. After that BRBCL directly made the payments to concerned "raiyats" and only after that BRBCL could take up the start of activities in the concerned land.

In view of aforesaid facts, it is submitted that there has been inordinate delay in because of improper/incorrect land records with State Authorities leading to litigation and finally de-notification which has been totally beyond the control of the Petitioner. It is further submitted that the land is distributed in patches throughout the Plant area, it lead to re- engineering and shifting of facilities. This caused delay in bring the vital parts of Project as per schedule by more than 70.67 months due to this issue.

E. Ownership claims on transferred Govt. Land on 70.89 Acres declared by State Govt on direction of HC in CWJC 14314/2009.

As already submitted above, District Collector, Aurangabad communicated that 70.89 acre is still the Govt. land out of 159.92 acre vide their letter dt. 11.04.15 (**Annexure AF**). Due to this reason hindrance free and peaceful work condition was not prevailing and project work was getting disrupting. Even as on date local villagers are making their claims (**Annexure AG**) on the remaining 70 acres of Govt. land & creating hindrance on this issue by stopping the agencies /employees of BRBCL affecting the work /progress of the project. On strong demand of raiyats, the claims on this 70.89 acres of Government land is still under verification by District Authorities, in spite of the fact that District Magistrate has already confirmed vide their letters that 70.89 acres of land shall remain as Government. Under this category a piece of SWYD land pertaining to

(22)

(221)

Unit-1 GT bay was also lying under Mouja 'Kairka', Khasra 1572, khata no 126. The 'Raiyats' collectively were stopping the work which was delaying the GT-1 bay, for resolving this issue, BRBCL approached to concerned 'Raiyats' & requested them to allow the work in the interest of nation and assured them to provide all assistance in re-examination of their ownership claim on Government notified land. On strong persuasions of BRBCL, 'raiayats' gave the consent on 05-11-2015 to work on that piece of land (**Annexure AH**).

This caused delay in bring the vital parts of Project as per schedule by more than 76 months due to this issue.

ii) Issues in newly awarded land:

With these bitter experience it was decided to have first physical identification/possession of land and then make payment (**Annexure-AH1**). Because of these reasons the further land award were made only in 2015.

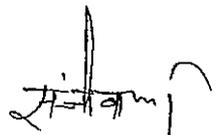

A. Litigation due to higher demand of Revised rates of compensation

Physical possession held up due to higher demand of Revised rates of compensation Hon'ble High Court Patna (CWJC 13055/2013) judgment In makeup water, Railway corridor, some part of main plant & ash Dyke area award (185 acre) were implemented by District Authorities in Dec-12, Aug 2013 which were not accepted by land owners & physical possession held up due to demand of rate revision by land owners. They approached HC, Patna vide CWJC 13055/2013 (**Annexure AI**) stating that authorities has done section 11 wrongly and determined compensation on old rates. Hon'ble High Court of Patna allowed the appeal and judgment dated 19.12.2013 ordered State Authorities to do section 11 again and re-determine the rates. In compliance to Hon'ble High Court of Patna judgment, State Authorities again issued section 11 and revised basic rate was decided Rs. 7,30,030.00 per acre in place of Rs.5,16,000.00 per acre and revised award were made in Feb/March 2015 (**Annexure AJ**).

Therefore total delay due to this issue on vital parts of project is around 30 months due to this issue

B. Ongoing issue in identification of Correct Ownership:

(23)

(222)

Even for as on date there are ownership issues on 70 acre Govt. land, 20 acre out of 89 acre denotified Govt. land, 25 acre land on which the awards were made in year 2013/2014, 5 acre land on which claims were considered under one project one rate policy. So, in all there are ownership issues on 120 acre land is under dispute.

Therefore total delay due to this issue on vital parts of project is around 65.5 months due to this issue.

The various follow up letters by BRBCL are enclosed as (Annexure AK).

27) Effect on Critical Activities on account of land related issues beyond the control of Petitioner:

It is submitted that various critical activities of project, which inter alia resulted the delay in COD of Unit#1&2 and subsequent units were affected. BRBCL in view of the disputed land on 27.01.2014 made arrangements for relocating facilities, re-routing for earliest commissioning of the Project:

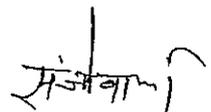

- i. **GT-1 Bay:** A piece of SWYD land pertaining to unit 1 GT bay was lying under litigation. Land for **Generator-1 bay** was available on 05.11.15, due to which it could only be made ready & available for unit#1 synchronization on 20.03.2016 against the original schedule of 31/03/2010, resulting into delay of approx. 71.5 months on account of land availability for Generator-1 bay.

1. **Relocation of facilities/structures in disputed land:**

Considering the problem related with land acquisition, decision was taken to relocate some of the components/facilities to have the project commissioned at the earliest. The detail of facilities relocated are as follows:

(24)

(223)

Sl. No	Affected Structures	Patch of land (Acres) not available Till Jan 2014	Remark

28) It is submitted that based on the above details of time overrun, the factors leading to delay in declaration of station COD may be summarized as shown into following table:

- 29) It is submitted that the above mentioned problems, i.e. time to time naxal bandhs, mining issues, various law & order issues including that of land-oustees & home state, delay due to non availability of approach road for heavy consignments clubbed with that of land transfer issue created hurdles in timely execution of the projects. The scheduled completion period envisaged by BRBCL could not be achieved due to lot of land related litigations as explained above and prevailing law & order problems in this naxal infested region and accordingly, there has been delay in completion of the project.
- 30) This is respectfully submitted that reasons brought out in para above are beyond reasonable control of the Petitioner and created major hurdles in project execution. In view of these reasons, elaborated in above paras, it is prayed that Hon'ble Commission may be pleased to condone the delay of 71 months 25 days in declaring COD of Unit-1 of Nabinagar TPP and 73 months and 6 days in Unit#2.
- 31) **Efforts done by BRBCL to mitigate land acquisition issues:**
1. It is submitted that BRBCL has continuously followed up the delay with highest state authorities through various meetings, letters and fortnightly meeting with district administration. Even after lot of persuasion at different

levels such as district authorities, Secretary (Energy) GoB, Chief Secretary, GoB, Hon'ble Chief Minister, GoB; petitioner could not get the land on time. The various communication are placed at **Annexure AI** and supporting documents related with each date are marked there.

2. It is submitted that BRBCL has followed the matter with different levels such as district authorities, Secretary (Energy) GoB, Chief Secretary, GoB, Hon'ble Chief Minister, GoB. The MOM of various meeting is placed at **annexure-AN**.
 3. BRBCL paid compensation for 50 meter Homestead Land for faster development of project although the same was not there in the measurement by state authorities. **(Annexure-N)**
 4. Again BRBCL paid simple interest @12% along with compensation to the villagers for the delay in measurement of 50 meter homestead by state authorities land from July 2008 to March 2016 to resolve the issue.
 5. In case of one project one rate issue, although there were different rates for different maujas as per Bihar Land Acquisition, Resettlement and Rehabilitation Policy 2007 and accordingly BRBCL had paid the compensation and further land was transferred to BRBCL also, still BRBCL agreed to pay one rate for all maujhas as villagers had started agitation (elaborated in para 24(c). The same was acknowledged by Hon'ble High court of Patna in CA No 18253 of 2011(attached as **annexure W**)
32. It is submitted that guaranteed Turbine Cycle Heat Rate claimed in Form-2 is 1943.70 Kcal/Kwh and design Boiler Efficiency is 84.14 %.
- Accordingly, the design heat rate of NTPP is $=1943.70/0.8414$
(Kcal/Kwh)
- $= 2310.08$ Kcal/Kwh
- Hence, normative heat rate of NTPP considering operating margin of 4.5 % works out to

(a) & (b): A total number of 106 districts in 9 States of the country are covered under the Security Related Expenditure (SRE) Scheme for the purpose of reimbursement of expenditure incurred by the State Governments on counter-Left Wing Extremism (LWE) measures. The list of 106 districts covered under the SRE Scheme is annexed. These 106 districts constitute a mix of severely LWE affected, moderately LWE affected and slightly LWE affected districts. At present, there is no proposal to include more districts under the Scheme.

(c) to (e): The Left Wing Extremists raise money in the affected areas from a variety of sources which, inter-alia, include extortion from contractors, businessmen, industries, government servants etc; confiscation of properties of the rich or land owners; looting of public/ private banks etc. However, many cases of extortion are not reported for fear of violent reprisal from the LWE groups.

'Police' and 'Public Order' being State subjects, the law and order related matters including action with respect to LWE activities in the State are directly dealt with by the State Governments concerned. Cases related to extortion of money by the Left Wing Extremists are registered, investigated and prosecuted by the State Governments. The Central Government closely monitors the situation and supplements the effort of the State Governments in dealing with Left Wing Extremism. The Government of India has referred some offenses committed by Left Wing Extremists for investigation by the National Investigation Agency (NIA).

Background

A number of Left Wing Extremist outfits have been operating in certain remote and poorly connected pockets of the country for a few decades now. In a significant development in 2004, the People's War (PW), then operating in Andhra Pradesh, and the Maoist Communist Centre of India (MCCI), then operating in Bihar and adjoining areas, merged to form the CPI (Maoist) Party. The CPI (Maoist) Party, is the major Left Wing Extremist outfit responsible for majority of incidents of violence and killing of civilians and security forces and has been included in the Schedule of Terrorist Organisations along with all its formations and front organisations under the Unlawful Activities (Prevention) Act, 1967. (7.74 MB) The CPI (Maoist) philosophy of armed insurgency to overthrow the Government is unacceptable under the Indian constitution and the founding principles of the Indian State. The Government has given a call to the Left Wing Extremists to abjure violence and come for talks. This plea has been rejected by them, since they believe in violence as the means to capture State power. This has resulted in a spiraling cycle of violence in some parts of India. The poor and the marginalised sections like the tribals are bearing the brunt of this violence. Many well-meaning liberal intellectuals fall prey to the Maoist

'3 Bihar districts account for 60% Naxal violence'

Raising concern over Bihar's efforts to tackle Naxalism, the Centre has revealed that three of its districts — Gaya, Jamui and Aurangabad — accounted for more than 60 per cent of Maoist violence in 2012. The home ministry has written to Bihar chief secretary Ashok Kumar Sinha to take immediate steps to counter the Maoist rebels.

Gaya, the ministry noted, was the most affected. The rebels have put up flags and banners in several villages declaring they have taken over paddy fields and that common people are free to harvest them. It also noted that anti-Naxal operations in the state did not yield significant results in the past year.

The contribution of anti-Maoist Special Forces is not visible in Bihar, a senior official said. This could have serious repercussions as the Maoists would attempt to regain areas they have been driven out of over the years.

In its letter to Sinha, the ministry also complained that the Revolutionary Democratic Front, alleged to be a Maoist front organisation, enjoyed a free run. It was allowed to hold a rally at Muzaffarpur in December though the Centre was against it, sources

said.

The rally, organised under the banner of Janata Par Yudh Virodhi Manch and attended by more than 1,000 people, has not gone down well with the central forces fighting the Maoists. "The event was meant to showcase organisational capabilities of the north Bihar unit of the CPI (Maoist). It was aimed at conducting mass mobilisation, which needs to be viewed seriously by the state administration," a top CRPF official claimed.

He said the Bihar Police has all but stopped operations against the Maoists and thus frittered away gains made in past five years. The rebels are exploiting this lull to consolidate, the ministry said and suggested that Bihar immediately re-start the operations and hold SPs accountable for it.

Bihar polls: 2nd phase voting begins in six Naxal-hit districts

PTI | Friday, 18 October 2015 AT 11:48 AM IST

Bihar election, assembly elections, constituencies, Naxal-hit districts, Voting, second phase, Patna

Patna: Amid tight security cover, polling began this morning in the second phase of the Bihar Assembly elections, spanning 32 constituencies spread over six Naxal-hit districts.

Voting began at 7 AM in all the seats and in view of the security threat, the voting time has been curtailed by one to two hours in as many as 23 constituencies.

Of all the phases, the second phase posed the greatest challenge to security personnel as all six districts - Kaimur, Rohtas, Arwal, Jehanabad, Aurangabad and Gaya - have been affected by Naxal violence one time or the other.

Additional Chief Electoral Officer R Lakshmanan said while voting, starting at 7 AM in all 32 constituencies would end at 3 PM in 11 seats, and at 4 PM in 12 others. Only 9 seats would have scheduled voting from 7 AM to 5 PM.

A total of 86,13,870 electors are expected to decide the fate of 456 candidates, 32 out of whom are women. There are 9,119 polling stations.

A total of 993 companies of Central paramilitary forces and state police have been deployed to ensure peaceful voting. Drones and five helicopter/UAV would keep surveillance to ward off any untoward incidents.

For faster movement of security personnel and avoid greater casualties in the event of Naxal attacks, the security forces have decided to use

Bihar polls: 2nd phase voting begins in six Naxal-hit districts | Sakal Times
motorbikes in large numbers. A total of 719 bikes would be in service for
today's polling.

While the contest in all the seats is intense, the battle at Imanganj
(reserved SC seat) would be keenly watched, where former chief minister
Jitan Ram Manjhi of Hindustani Awam Morcha (HAM) is locked in a straight
contest with the Speaker of the outgoing Assembly Uday Narain Chaudhary
of JD(U).

Chaudhary is a five-term MLA from the constituency. Manjhi is trying his luck
from Makhdumpur seat in Jehanabad too.
Senior BJP leader and former minister Prem Kumar (Gaya Town), former
state unit chief of the saffron party Gopal Narayan Singh (Nabnagar) and
state minister Jay Kumar Singh (Dinara) are among prominent names in this
phase.

The stakes are high for the anti-BJP alliance in this phase as most of the
32 seats had gone to the JD(U) in the last elections.
In 2010, the JD(U) had won 19 seats followed by BJP 10, RJD 2 and
Independent 1. This time the JD(U) and the RJD are contesting 13 seats
each, while Congress has its candidates in six seats.

Half of the seats in this phase are being contested by BJP's allies in the
NDA - LJP (Lok Janshakti Party), HAM and RLSP (Rashtriya Lok Samata
Party).

The incident has caused additional concern among the senior officials as a mega power project is underway in the Nabinagar area and the landmine blast is likely to impact the pace of execution. Contractors, in any case engaged in construction work in Maoist areas have to buy peace with the Naxalite organizations by paying 'protection money' called 'levy' by the Maoists.

Not long back, the Maoists attacked a SAP camp established to provide security to the construction company engaged in the execution of development projects in the Goh police station area of the district. The Maoists, besides killing three SAP personnel and injuring an equal number of cops, also looted the entire armoury of the SAP camp comprising no less than 30 sophisticated weapons including SLRs and AK-47 assault rifles.

महोदय,

आप स्वयं भी अवगत हैं कि भारतीय रेल बिजली कंपनी लिमिटेड (बी0आर0बी0सी0एल0) द्वारा 4 X 250 MW बिजलीघर का निर्माण कार्य द्रुत गति से चल रहा है। ज्ञात हो कि बी0आर0बी0सी0एल0 के पदाधिकारीगण डालमियानगर से साईट पर बस एवं अन्य वाहनों से कार्य हेतु आना जाना करते हैं।

आज दिनांक-18.06.2014 को करीब 9:45 बजे कार्यालय आने के क्रम में बी0आर0बी0सी0एल0 के पदाधिकारीगण को विस्थापित प्रभावित किसान मजदूर संघर्ष समिति के निम्न लोगों द्वारा बी0आर0बी0सी0एल0 परिसर में आने से रोका गया तथा अमर व्यवहार किया गया। साथ ही साथ सरकारी कार्य में व्यवधान उत्पन्न किया गया।

उपरोक्त लोगों के साथ अन्य 25-30 अज्ञात लोग भी उपस्थित थे जिन्होंने बी0आर0बी0सी0एल0 के पदाधिकारीगण को कार्यालय में आने से बलपूर्वक रोका। यहाँ यह बताना उपयुक्त होगा कि आज के दिन में करीब 40 भू-विस्थापितों का समान मुआवजा भुगतान भी किया जाना प्रस्तावित था जो इस कारण से नहीं किया जा सका। साथ ही प्लांट की सुरक्षा व्यवस्था आज के दिन में बी0आर0बी0सी0एल0 के अधिकारीयों के अधीन नहीं रहा।

अतः निवेदन है कि आप अपने स्तर से जाँच कर FIR करने का आग्रह है एवं कार्य को सुचारु रूप से चलाने में मदद करने की कृपा करें।

बीआरबीसीएल की चारदीवारी निर्माण रोका

▶▶ महिलाओं ने किया प्रदर्शन ▶▶ अधिकारियों को लौटना पड़ा वापस ▶▶ परियोजना स्थल पर स्थिति तनावपूर्ण

संवाद सूत्र, नवीनगर (औरंगाबाद) : रेलवे एवं एनटीपीसी के संयुक्त उपक्रम से बन रहे एक हजार भेगावाट बिजली घर के निर्माण कार्य पर ग्रहण दरकरार है। गुरुवार को परियोजना के जमीन का चारदीवारी निर्माण करमा जा रहा था जिसे ग्रामीणों ने रोक दिया। कार्य में लागी मशीन के आगे ग्रामीण खड़े गए। ग्रामीण रामप्रवेश सिंह, नरेश सिंह, राजेंद्र सिंह ने कहा कि प्रबंधन के द्वारा जमीन का पैसा भुगतान नहीं किया गया है। जब तक किसानों का पैसा नहीं मिलेगा जमीन की बेराबंदी नहीं होगी। परियोजना प्रबंधन का कहना है कि जिस जमीन में चारदीवारी का निर्माण करया जा रहा था उसका पैसा भुगतान पांच वर्ष पहले कर दिया गया है। 14 लाख की दर से किसानों को मुआयजा दिया गया है। पैसा

लेने के बावजूद किसान कार्य नहीं करते दे रहे हैं। किसानों का कहना था कि प्रबंधन अगर चारदीवारी का निर्माण करतो है तो उसके अंदर वाले जमीन का भुगतान कैसे होगा। नवीनगर सीडी वकील प्रसाद सिंह,

एनटीपीसी प्रबंधन, खैरा थानाध्यक्ष अरविंद कुमार, सिकिल डेप्युटी चंद्र कुमार ने ग्रामीणों से बातों की। दोनों के बीच सहमति नहीं बनी। बताया जाता है कि मा. दुर्गा की कलेश म्यापना के लिए महिलाएं जलभरी

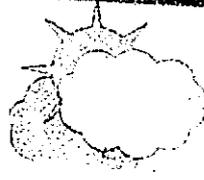

करने जा रही थी कि अचानक कलेश लेकर परियोजना स्थल पहुंच गईं। प्रबंधन के द्वारा बताया गया कि बिहार सरकार के ऊर्जा सचिव प्रत्यय अमृत एवं सादर बिहार के एमडी भलका साहनी के द्वारा चारदीवारी निर्माण कराने की बात कही गई थी। परियोजना का प्रबंधन, सीओ एवं जिला प्रशासन के लोग चारदीवारी का निर्माण कराने के लिए जमीन खोदने पहुंचे तभी किसानों ने विरोध करना शुरू कर दिया। सीओ केके सिंह ने कहा कि करीब 800 मीटर चारदीवारी का निर्माण होना है। जो ग्रामीण कार्य में बाधा उत्पन्न करेंगे उनके खिलाफ कार्रवाई की जाएगी। टोनीएम नवनीत कुमार, एससीए एके राय, शिवकुमार उपस्थित थे।

बीआरबीसीएल में स्थिति बनी विस्फोटक, चार घंटे की खींचतान के बाद अधिकारी वापस लौट गए

किसानों ने बिजली घर का काम जबरन रोक

गुरुवार को जबरन काम शुरू करने की कोशिश करते अधिकारी और पुलिसकर्मी।

नवीनगर | संवाद सूत्र

नवीनगर में बिजली घर निर्माण कार्य पर गुरुवार को स्थिति विस्फोटक बन गई। प्रशासन ने जबरन काम शुरू करने की कोशिश की तो स्थानीय किसानों ने पुरजोर विरोध किया।

कई बार ऐसा लगा कि निर्माण स्थल युद्धभूमि में बदल जाएगा। लेकिन अंत में प्रशासन को किसानों के दबाव में झुकना पड़ा और चार घंटे की खींचतान के बाद अधिकारी वापस लौट गए।

गुरुवार को सुबह नवीनगर के सीओ बकूल प्रसाद सिंह, थानाध्यक्ष चंद्र कुमार, खैराथानाध्यक्ष के साथ बड़ी तादाद में पुलिस बल, दंगा निरोधी बल के गवनों के साथ-साथ जेसीवी और फावर रिग्रेड को गाड़ियों को ले एगहारा गांव के समीप उस स्थल पर पहुंचे जहां किसानों ने बाउंड्री निर्माण का काम दो दिन पहले रुकवा दिया था। जैसे ही अधिकारियों ने जेसीवी को काम शुरू करने का आदेश दिया जैसे ही एगहारा गांव के सैकड़ों किसान यहां आ गूट और जबरन मशॉनों

क्या है बीआरबीसीएल का ताजा विवाद

विजली घर की जमीन के अधिग्रहण का पत्र नहीं सुनाया गया है। प्रोजेक्ट की बाउंड्री तक नहीं बन सकी। इससे इस परिसर की सुरक्षा केन्द्रीय औद्योगिक सुरक्षा बल अपने हाथ में नहीं ले रहा। फेरस बोरो और अराजक तत्वों के गुरुभय करम पर है। वे जब चाहते हैं तब परिसर में आ कर काम टप करा देते हैं। एगहारा गांव उन गावों में शामिल है जो बीआरबीसीएल प्रोजेक्ट से सबसे ज्यादा प्रभावित है। यहां की 464 एकड़ जमीन प्रोजेक्ट में गई है। किसानों का कहना है कि समस्या मुआवजे की है जो जमीन बीआरबीसीएल की बाउंड्री के अंदर है। मुआवजा के वगैर इस प्रोजेक्ट का निर्माण नहीं होने देगे।

को रुकवा दिया। जब अधिकारियों ने मखड़ी बरतना चाही तब किसान और वज्र लो गए और इस बीच कई महिलाएं भी यहां पहुंच गईं। उन सभी ने जबरन काम रुकवा दिया। आरजू, मिन्नत भी बेकार। बिना काम कराए ही लौटना पड़ा।

प्रशासन के रवैये पर बिफरे अधिकारी

नवीनगर। जिन जमीन को मुआवजा दे बीआरबीसीएल के सुपुर्द कर दिया गया था, यहां भी हम घन से काम नहीं कर पा रहे हैं। ये कहना है एनटीपीसी के सीईओ के.के. सिंह का। प्रबंधन का कहना है कि अभी तक 780 मीटर लंबाई में सहारदीवारी का निर्माण रुका हुआ है। जहां बाउंड्री निर्माण घर किसान रोक लगा रहे हैं, वह जमीन अधिग्रहीत है और उसका मुआवजा भुगतान भी हो चुका है। लेकिन किसान अड़े हैं कि अगर बाउंड्री बन जाती है तो वे अपनी जमीनों तक कैसे पहुंचेंगे जो प्रोजेक्ट एरिया के अंदर अधिग्रहीत है। के.के. सिंह ने कहा कि कंपनी ने प्रस्ताव दिया है कि एगहारा गांव के पास बाउंड्री में सस्ता भी दिया जाएगा, लेकिन फिर भी किसान नहीं मान रहे। प्रधान सचिव प्रत्यय अमृत ने सरकार और प्रशासन के सहयोग का वादा किया है। अगर सहयोग मिलता तो ये नीयत कैसे आती? महिलाओं ने भी प्रशासन के खिलाफ संभाला मोर्चा

नवीनपुर। बिजली घर का निर्माण शुरू करने गए अधिकारियों के हाथ पर तब फूल गए जब उन्होंने पाया कि नदी से जल लेकर कलश स्थापन के लिए जा रही

दर्जनों महिलाएं भी मा दुर्गा का जयकारा लगाते हुए प्रशासन के खिलाफ आ कर घरों पर बैठ गयीं। पहले प्रशासन थोड़ा बल प्रयोग भी करना चाह रहा था

लेकिन इन उग्र महिलाओं को देख कर उसे आम कार्रवाई करने की हिम्मत नहीं हुई। काफी देर तक समझाने बुझाने के बाद भी महिलाएं टस से मस नहीं हुईं।

अब तक सौ करोड़ का नुकसान

गुरुवार को जेतीबी के आगे खड़े हो बिजली घर का काम रोकवाते किसान। • हिन्दुस्तान

जमीनगार बिजली घर

नवीनपुर। संवाद सूत्र

बार-बार बिजली घर के निर्माण में आ रही बाधा से अब तक दोआरवोसीएल को सौ करोड़ का घाटा हो चुका है और बाउंड्री न बनने से अब तक प्रोजेक्ट एरिया से पांच करोड़ कालोहा और अन्य उपकरण खराब जा चुके हैं।

तीन करोड़ की सामग्री को चोरी तो इस साल 14 जनवरी से अब तक हो ही चुकी है। ये कहना है एनटीपीसी सीईओ का। वे कहते हैं कि जब देखिए तब

सैकड़ों लोग कैम्पस में चले आते हैं और काम बंद करा देते हैं। अब तक दर्जनों बार क्रम बंद हुआ है। इससे ये परियोजना समय से काफी पीछे हो गई है। चिमनी, इंसुलेशन यूनिट, कूलिंग प्लांट जैसे महत्वपूर्ण काम भी होने बाकी हैं। बिजली का उत्पादन निर्धारित समय पर हो पाना मुश्किल है, आखिर ये उत्पादन कब शुरू होगा ये बताना भी कठिन है।

सबसे बड़ी समस्या इंसुलेशन यूनिट निर्माण की है। प्रत्येक यूनिट के सामने इंसुलेशन यूनिट बनाई जानी है। पर समस्या ये है कि 'नाम' इंसुलेशन यूनिट बननी है वहां की जमीन पर किसान कब्जा लिए खड़े हैं और इन अपनी जमीन बताने रहे हैं।

लापरवाही जारी है

5600 करोड़ के प्रोजेक्ट पर लापरवाही जारी है। न सरकार, न ही जिला प्रशासन के स्तर से कभी गंभीर कदम उठाए गए। जमीन का मुआवजा तय करना राज्य सरकार का काम है और एनटीपीसी इसका भुगतान करेगी। प्रोजेक्ट एरिया के लिए जब जमीन का अधिग्रहण हो रहा था तब लापरवाही बरती गयी और एरिया के बीच-बीच में कई सौ एकड़ जमीन का जिक्र ही नहीं किया गया। किसानों ने जब ये सवाल तीन साल पहले उठाए तो इसे बलताउड़ दंग स लिया गया। जब काबू रोकना ही मुआवजा देने का निर्णय लिया गया। अब ये तय करने में सरकार स्तर से लापरवाही बरती गयी कि आखिर मुआवजा पुरानी अधिग्रहण नीति से दिया जाए या नहीं। इतनी सी बात को तय करने में सरकार को महीनों लग गए, मुआवजा भुगतान तो दूर की बात है। (स.स.)

To
The Director General of Police
Govt. of Bihar
PATNA

Sub: Law and Order issue at BRBCL Project site at Nabinagar, Dist. Aurangabad
Sir,

At the outset, we would like to extend our heartiest thanks for sparing time and giving us opportunity to explain the working status of the BRBCL- Nabinagar Thermal Power Project (4X250 MW) which is under execution in Aurangabad district of Bihar on 05.09.2014.

The State Govt. was kind enough to provide security in BRBCL premises through deployment of SAP in 2010 and establishing NTPC-Khaira Police Station in BRBCL land since Dec. 2012. Though incidents of theft, threatening etc. were taking place since inception of the project construction activities but in recent past it has increased significantly. An abstract of incidents and FIR lodged & the intimation sent by the agencies working at BRBCL is enclosed for your ready reference.

During 2014, the incidents of theft increased and ultimately on 31.08.2014, a group of 500-600 villagers looted 03 drums of cable despite police force presence. However, the material returned after the intervention of Sr. Police officials. This incident of 31.08.2014 has demoralized the BRBCL officials and its working agencies. Copy of FIR and newspaper cuttings are also enclosed. Sir, you will appreciate due to land acquisition problem the project is already delayed and we are striving hard to commission one unit by March 2015. Unless proper security arrangements made and incidents of such theft / looting is curbed, it will be difficult to execute the project work.

In view of the above, we request your good self to please look into the matter so that execution of the project can be done smoothly and fearlessly.

Thanking you,

Yours faithfully,

(K. K. SINGH)

विषय: प्राथमिकी दर्ज कराने के संबंध में।

महाशय,

मैं, कृष्णा कुमार, पिता-श्री मकुल कुमार दास, बीआरबीसीएल में उप-प्रबंधक (मानव संसाधन), विभाग, के पद पर नवीनगर टापू विद्युत परियोजना में कार्यरत हूँ। मेरा वर्तमान पता - कमरा न. 204, परियोजना टाउनशिप, बीआरबीसीएल है एवं मेरा स्थायी पता - मुकेश श्रीवास्तव, सिसई प्रखण्ड, गुमला है। आज दिनांक 05/12/2017 को, कजराइन गांव स्थित बीआरबीसीएल परियोजना के भेकअप वाटर पम्प हाउस से सूचना मिली कि करीब 8:30 बजे सुबह कजराइन ग्रामवासियों ने पम्प के संचालन का काम जबरन रोक दिया है। जिसके चलते परियोजना में बिजली उत्पादन के लिए जरूरी पानी मिलना बंद हो गया है। सूचना के पश्चात मैं लोकेश जोशी, सहायक प्रबंधक (रसायन) एवं विश्वनाथ तिवारी, उप-प्रबंधक (मैकेनिकल इरेक्शन) के साथ लगभग 9:30 बजे पम्प हाउस स्थल पर कजराइन गांव पहुँचा। वहाँ पर करीब 30-40 महिलाएँ एवं बच्चे तथा 50-60 पुरुष जमा थे और पम्प ऑपरेशन का कार्य रोक कर आपस में मीटिंग कर रहे थे। मीटिंग में तरह-तरह की बातें हो रही थी जो कि परियोजना के विरुद्ध था। मीटिंग का निर्देशन मुख्य रूप से

1. महेश चौधरी, पिता-धनुषी चौधरी, ग्राम-मांगाबार,
2. जगदीश चौधरी, पिता-शम प्यारे चौधरी, ग्राम-कजराइन
3. जगनारायण चौधरी, पिता-स्व. देवा चौधरी, ग्राम-कजराइन
4. नवल चौधरी, ग्राम-कजराइन
5. दीपनारायण चौधरी, पिता-स्व. देवा चौधरी, ग्राम-कजराइन
6. नागेन्द्र पाण्डेय, पिता-शम कुमार पाण्डेय, ग्राम-एगहारा
7. केदार चौहान, ग्राम-नाशयणपुर केरका
8. विदेश चौधरी, ग्राम-कजराइन वगैरह के द्वारा किया जा रहा था।

यह जानना बहुत ही आवश्यक है कि बीआरबीसीएल परियोजना के द्वारा उत्पादित बिजली भारतीय रेल एवं बिहार सरकार को आपूर्ति की जाती है। इस बिजली पर भारतीय रेलवे के मुम्बई क्षेत्र की कई लोकल ट्रेनें एवं अन्य ट्रेनों का संचालन निर्भर है। इसमें किसी भी तरह की बाधा सीधे-सीधे लाखों भारतीय नागरिकों पर विपरीत प्रभाव डालती है एवं देशहित के विरुद्ध है। ग्रामीणों द्वारा पम्प का संचालन रोक देना जिसके कारण बिजली उत्पादन में बाधा उत्पन्न हुई है, सरासर सरकारी काम में बाधा डालना है। पानी की अनुपलब्धता के कारण बीआरबीसीएल की दोनों चालू यूनिटें बंद होने के कारण पर हैं।

श्रीमान् को सूचित किया जाता है कि इस संबंध में नियमानुसार आवश्यक कार्यवाई सुनिश्चित किया जाए तथा जल्द से जल्द पम्प का संचालन करने में बीआरबीसीएल की मदद की जाए जिससे कि बिजली का उत्पादन सुचारु रूप से चल सके।

यह आपके द्वारा संबंधित दोषी व्यक्तियों पर आवश्यक छानबीन कर के आइपीसी की संबंधित धारा में, सरकारी कार्य में बाधा डालने के कारण FIR दर्ज करने हेतु दिया जा रहा है।

BIHAR

Sub: Regarding interruption of work by villagers of Kerka.

Dear Sir,

It's a matter of great achievement that the District Administration- Aurangabad has already given the possession of 1328 acres of land to BRBCL till 14.07.2010 and further process of land acquisition for Makeup Water Corridor, Additional Ash Dyke, Left land under Mainplant & Township Area and Left Land under Ash Pond Area is going on.

M/s BHEL has been allocated storage area as per the sketch enclosed.

However, the following villagers disrupt the site levelling work and misbehave stating that the land compensation has not been made fully:

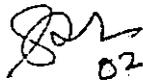

1. ✓ Bholu Singh, Sita Devi, Sanjay Singh and Ajay Singh- Plot no. 1565, Area 4.0564 acres (Dispute with Lalan Singh etc. and the case is pending in the court of ADM-Aurangabad)
2. Kanita Singh, Plot no. 1570, Area 2.00 acres (This land has been given to BRBCL as Govt. Land)
3. Rajindar Singh, Plot no. 1569 & 1570, Area 1.00 acres (The payment of full land has been made)
4. Jagdish Pal, Plot no. 1570, Area 1.00 acres (his 0.15 decimal of land compensation has been paid according to the report of ADM-Aurangabad).

Although the District Administration has handed over the land to BRBCL, due to the above problems we are unable to provide land to M/s BHEL which is urgently required for mobilizing materials.

We therefore request you to kindly intervene and provide encumbrance free possession of land.

Thanking you

Yours truly,

आदेश

सी०डब्ल्यू०जे०सी० संख्या- 16653/2012 अर्जून मेहता एवं अन्य बनाम सरकार में माननीय उच्च न्यायालय द्वारा पारित आदेश के आलोक में आवेदकगण के द्वारा दिनांक 08.10.2012 को आवेदन दिया गया। आवेदन पत्र में ग्राम झिकटिया की भूमि को भू-अर्जन से मुक्त करने का अनुरोध किया गया है।

वी०आर०वी०सी०एल० के अन्तर्गत पाईप लाईन निर्माण हेतु ग्राम- झिकटिया की भूमि अर्जन करने हेतु अधियाचना जून 2009 में प्राप्त हुआ। ग्राम-झिकटिया में मात्र पाईप लाईन निर्माण के लक्ष्य मात्र 16.60 एकड़ भूमि अर्जन हेतु अधियाचना दिया गया है। जिसमें रैथती भूमि एवं गैर मजकूर भूमि कुल 5.84 एकड़ की भू-अर्जन की कार्रवाई पूर्ण कर एवार्ड धोपित कर दिया गया है। बकास्त भूमि 10.70 एकड़ की रैथतीकरण के उपरांत धारा-04 एवं 06 की कार्रवाई पूर्ण हो चुक है। धारा- 07 एवं 17 की स्वीकृति की कार्रवाई की जा रही है।

प्राप्त आवेदन के उपरांत आवेदकगण को नोटिश कर सुनवाई प्रारम्भ की गई। आवेदक के अधिवक्ता द्वारा भूमि छोड़ने के संबंध में तर्क दिया गया कि भूमि उपजाऊ है तथा ग्राम कजरार्डन में पाईप लाईन के निर्माण में कम दूरी पड़ेगी। वी०आर०वी०सी०एल० द्वारा लिखित प्रतिवेदन दिया गया कि वी०आर०वी०सी०एल० के लिए सोन नदी से जल प्राप्त करने हेतु वाटर कोरीडोर के निर्माण के लिए केन्द्रीय जल और विद्युज अनुसंधानशाला द्वारा स्थल का चयन किया गया है। आपत्ति का आधार वैज्ञानिक है। वी०आर०वी०सी०एल० राष्ट्रीय स्तर की जल कल्याणकारी परियोजना है। सभी मौसम में पानी की पर्याप्त मात्रा में उपलब्धता सुनिश्चित करने हेतु ग्राम झिकटिया का चयन किया गया है।

अतः वैज्ञानिक आधार पर चयनित स्थल झिकटिया के विरुद्ध प्राप्त आवेदन-पत्र को खारिज किया जाता है। संबंधित पक्षकारों को आदेश की प्रति उपलब्ध कराई जाये।

महोदय,

आप स्वयं भी अवगत हैं कि भारतीय रेल बिजली कम्पनी लिमिटेड (बीआरबीसीएल) द्वारा 4 X 250 MW बिजलीघर का निर्माण कार्य द्रुत गति से चल रहा है। ज्ञात हो कि बीआरबीसीएल के पदाधिकारियों जालमियानगर से साईट पर बस एवं अन्य वाहनों से कार्य हेतु आना जाना करते हैं।

आज दिनांक-18.06.2014 को करीब 9:30 बजे कार्यालय आने के क्रम में विस्थापित प्रभावित किसान मजदूर संघर्ष समिति के निम्न लोगों द्वारा बीआरबीसीएल परिसर में आने से रोकना तथा एवं सरकारी कार्य में व्यवधान उत्पन्न किया गया।

1. नगेन्द्र कुमार सिंह, पिता-भरत सिंह, ग्राम-धुधुआ (काली बिगाहा)
2. राजेश्वर सिंह, पिता-रवो रामकुमार सिंह, ग्राम-सुरार
3. सुशील कुमार सिंह, पिता-स्वो धर्मदेव सिंह, ग्राम-धुधुआ

ग्रामीणों ने हमला कर गाड़ियां तोड़ीं, पिटाई

अधिकारी पर हमला

औरंगाबाद/नवीनगर | संवाद सूत्र

बीआरबीसीएल (भारतीय रेल विजली कंपनी लिमिटेड) परियोजना अंतर्गत सोमवार को ग्रामीणों ने कार्य कर रही एनटीपीसी पर हमला बोल दिया और 3 गाड़ियों को क्षतिग्रस्त कर दिया। इसके अलावा एक अधिकारी को पिटाई करने की बात भी सामने आ रही है।

प्राप्त जानकारी के अनुसार एनटीपीसी क्षेत्र खाना क्षेत्र में कदोखरी गांव के समीप रेल कॉरिडोर बनाने का काम चल रहा है। यहां अंडरब्रिज का निर्माण हो रहा था जिसे सोमवार को

स्थानीय ग्रामीणों ने रोक दिया। ग्रामीणों का कहना था कि यहां अंडरब्रिज से काम नहीं चलेगा बल्कि ओवरब्रिज की जरूरत है। बरसात में पानी भर जाएगा और लोगों का यहां से गुजरना मुश्किल होगा। ग्रामीणों द्वारा काम रोक दिए जाने की सूचना पर बीआरबीसीएल के एजीएम रवि प्रकाश सहित अन्य लोग यहां गाड़ियों से पहुंचे। अधिकारियों से नापसंद चल रहे ग्रामीणों ने परचम चला दिया जिससे दो छोटी गाड़ियां क्षतिग्रस्त हो गईं।

इसके अलावा जीडीसीएल की एक जैसीवी गाड़ी भी तोड़ दी गई। ग्रामीणों द्वारा परचम किए जाने के बाद अधिकारी इंटगए और मामले की सूचना पुलिस को दी गई। इधर लोगों के द्वारा अधिकारी के साथ मारपीट करने की बात भी सामने आ रही है।

हालांकि उन्होंने इस बारे में कुछ भी बोलने से इंकार किया।

थानाध्यक्ष प्रशांत कुमार ने कहा कि वह बाहर हैं और उन्हें इसकी कोई सूचना नहीं दी गई है। बताया जाता है कि गांव के समीप अंडरब्रिज का निर्माण करने के लिए गड्डा खोद गया था जिससे आवागमन भी बाधित हुआ था और लोगों में इस बात को लेकर गहरी नाराजगी थी। इसी वजह से लोगों ने हमला किया।

नवीनगर प्रखंड अंतर्गत बीआरबीसीएल परियोजना लगाई जा रही है जिससे एक हजार मेगावाट विजली उत्पादन होना है। इस संबंध में एसपी डी. सत्यप्रकाश ने बताया कि संबंधित लोगों ने पुलिस को कोई सूचना नहीं दी थी और वहां चले गए थे। मामले की जांच की जा रही है।

PETITIONERS

RESPONDENTS

5 29.10.2010

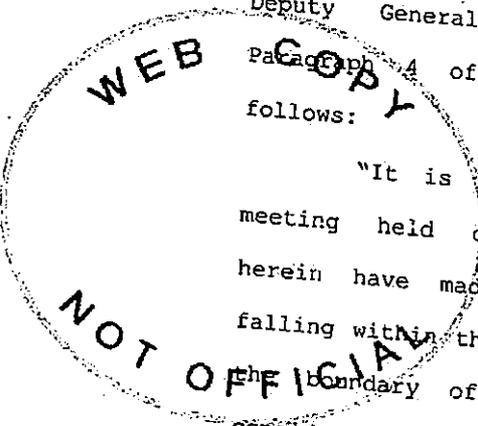

This writ application has been filed on behalf of 17 villagers whose lands are under acquisition by the Bhartiye Rail Bijlee Company Limited (herein after referred to as 'the B.R.B.C.L.) for the

purposes of fixing the amount to be paid to the villagers of Nabinagar in view of the acquisition made for the purposes of constructing a Thermal Power Station by the B.R.B.C.L. Annexure-1 is the agreement between the villagers and the Collector of the district. Annexure-2 is the consent of the B.R.B.C.L. to pay the extra amount to the villagers treating 50 meters from the homestead area of the village as homestead lands.

An affidavit has been filed by the Deputy General Manager of B.R.B.C.L. Paragraph 4 of the affidavit states as follows:

"It is humbly stated that in the meeting held on 24.7.2008, petitioners herein have made a proposal that lands falling within the radius of 50 meters from the boundary of the village, should be considered as Homestead lands and compensation should be calculated and paid accordingly". It is further stated in the affidavit that the proposal has been sent by letter dated 26.9.2008 to the State Government which communicates the consent of

432

the B.R.B.C.L. vide letter dated 26.9.2008 by the District Collector.

Today an affidavit has been filed on behalf of the Principal Secretary that the value of the lands should be fixed according to the Bihar Privileged Persons Homestead Tenancy Act, 1947.

I do not think that it is a correct view. The lands are not belonging to the privileged persons rather they are belong to the raiyats and, therefore, the Bihar Privileged Persons Homestead Tenancy Act, 1947 is not applicable. The question of fixing the compensation amount is dependent on the B.R.B.C.L. Once the authority has agreed to make payment at a certain rate treating the lands to be homestead lands in accordance with Annexure-1, I do not see how the State Government can raise any objection to this fact. It is an agreement between the villagers and the B.R.B.C.L. Therefore, this Court finds that since the affidavit of the B.R.B.C.L. indicates that they have sent their consent and also stated that they are waiting for the approval of the State Government. It would be proper for the

433

~~467A~~

B.R.B.C.L. to fix the compensation amount in accordance with their own undertaking. It would be in the interest of B.R.B.C.L. to conclude the Land Acquisition Proceeding by ensuring that the compensation amount is deposited with the Land Acquisition Officer expeditiously.

This writ application is, thus, disposed of.

Sir,

The verification and estimation job for houses falling in the land of the 9 (Nine) villages to be acquired for Bhartiya Rail Bijlee Company Limited (BRBCL), is being done by the Executive Engineer, PWD- Aurangabad. Sub: Regarding compensation payment of houses.

Dear Sir,

We would like to highlight one of the prominent issues regarding resettlement of homeoustees. According to us the total number of houses being affected by our land acquisition is 59, but the payment has been made only to 27 houses, rest 32 houses have not been paid the compensation.

Unless the land compensation as well as the houses compensations are made to the homeoustees, they could not be asked to shift to other location as well. This would lead to strong opposition from homeoustees.

The Rehabilitation Action Plan (RAP) is also in the verge of finalization. Once the RAP is finalized, BRBCL would be in a position to pay the resettlement package and would ask the homeoustees to shift. But since 32 homeoustees have not received the house compensation, hence ~~the~~ problem will be faced in providing rehabilitation grants.

We therefore request you to make immediate step to solve the above issue so that the resettlement package could be paid to all the homeoustees and simultaneously they could be asked to shift at a place of their convenience.

Thanking you

Yours truly,

विषय- बी0आरबी0सी0एल0 द्वारा अधिग्रहित क्षेत्र एवं परियोजना परिसर (वाउंड्री) के समीप अतिक्रमण के संबंध में।

महोदय,

श्रेष्ठ की आप अवगत हैं कि बी0आरबी0सी0एल0 एम0टी0पी0र0सी0 एवं भारतीय रेल का एक संयुक्त उपक्रम है जिसके अधीन 1596 एकड़ में 4X250 मेगावाट का थर्मल पावर निर्माणाधीन है। दिनांक- 24.7.2008 को आपके सामान्य में हुई बैठक के तहत 50मी0 की दूरी तक की जमीन को आवासीय परिसर में सम्मिलित कर उसे भी आवासीय परिसर मान कर राशि की गणना किया जाना निर्णित था जिसके तहत मापी की कार्यवाही अंचल अधिकारी नवीनगर के नेतृत्व में जारी है। यह तथ्य संज्ञान में आया है कि परियोजना हेतु प्रस्तावित ग्रामों में अधिग्रहित क्षेत्र एवं परियोजना परिसर (वाउंड्री) के समीप कतिपय जमीन मापी का गलत आधार बनाने एवं अवैध भुगतान प्राप्ति के दृष्टि से जिसकी हमें आशंका है अवैध भवन का निर्माण कर रहे हैं, की फोटोग्राफी दिनांक- 13.12.2011 को आपके संज्ञान हेतु परियोजना प्रबंधन द्वारा कराया गया है तथा सूची संलग्न कर भेजा जा रहा है।

गो गो दिनांक 03.12.2011 को आपके कक्ष में अधोहरताधारी के साथ सम्मन बैठक के दरम्यान रुकता प्रश्न पर चर्चा हुई थी तथा इसे आशंका से अवगत कराया गया था कि 50मी0 की मापी संवेदनशील है तथा कभी राफाई के साथ किया जाना निरापेक्ष होगा। ज्ञात हो की परियोजना क्षेत्र को अंतर्गत कुल 59 घर विस्थापित हो रहे हैं जिसकी सूची जिला भू-अर्जन कार्यालय में मौजूद है तथा 01 प्रति अंचल अधिकारी-नवीनगर को भी आपके निर्देश पर उपलब्ध करा दिया गया था ताकि सही रूप से मापी गी जा सके।

अतः शोमान से अनुरोध है कि अधिग्रहित क्षेत्र एवं परियोजना परिसर (वाउंड्री) के समीप जो जमीन मापी का गलत आधार बनाने एवं अवैध भुगतान प्राप्ति के दृष्टि से अवैध भवन का निर्माण कर रहे हैं, को संतुष्ट कर सशुचित कार्यवाही करने की कृपा करें।

उपस्थिति- पंजी में दर्ज।

कार्यवाही- आवासीय परिसर से 50 मीटर की भूमि की मापी करने के संबंध में विचार विमर्श 13.09.2013 को की गई थी। उसी आलोक में पुनः आज दिनांक-23.10.2013 को उक्त विषय पर विचार-विमर्श किया गया। सर्व सम्मति से निर्णय हुआ कि भूमि सुधार अधिनियम में आवासीय परिसर की जो परिभाषा दी गई है, उसे स्वीकार किया जायेगा एवं उसी के अनुसार पचास मीटर की दूरी की मापी माननीय उच्च न्यायालय के आदेश के आलोक में किया जायेगा। उक्त सुझावों से बैठक में उपस्थित सभी किसान संघर्ष समिति के सदस्य गण एवं बी0आर0बी0सी0एल0 के पदाधिकारीगण सहमत हुए।

जिला पदाधिकारी, औरंगाबाद की अध्यक्षता में दिनांक:-24.05.2016 को
विस्थापित प्रभावित किसान मजदूर संघर्ष समिति एवं
बी0आर0बी0सी0एल0 प्रबंधन के साथ हुई बैठक की कार्यवाही।

उपस्थिति:- पंजी में।

कार्यवाही:-

जिला पदाधिकारी, औरंगाबाद द्वारा बैठक की कार्यवाही प्रारम्भ करते हुए
विस्थापित किसान मजदूर संघर्ष समिति के अध्यक्ष को अपना मांग पत्र रखने हेतु कहा
गया।

(1) आवासीय भूमि का मुआवजा भुगतान - समिति के अध्यक्ष श्री नागेन्द्र कुमार सिंह
द्वारा बी0आर0बी0सी0एल0 परियोजना के लिए अधिग्रहित भूमि में आवासीय भूमि का
मुआवजा भुगतान हेतु प्रस्ताव रखा गया। दिनांक-09.02.2016 को जिला प्रशासन एवं
बी0आर0बी0सी0एल0 प्रबंधन द्वारा जुलाई-2008 में आवासीय भूमि का निर्धारित Base
Rate पर 12 प्रतिशत साधारण व्याज जोड़कर अनुमानित दर लगभग 53 लाख रूपया
प्रति एकड़ के दर से आवासीय भूमि के मुआवजा भुगतान हेतु तथा प्रबंधन को शांतिपूर्ण
दखल कब्जा दिये जाने संबंधी प्रस्ताव पर आज श्री नागेन्द्र कुमार सिंह एवं समिति द्वारा
सहमति दी गई- इस शर्त के साथ कि मुआवजा का भुगतान आपत्ति के साथ किसानों
द्वारा लिया जायेगा तथा इस आपत्ति के साथ किसान सक्षम न्यायलय की शरण में जाने
हेतु स्वतंत्र होंगे।

जिला पदाधिकारी, औरंगाबाद ने बी0आर0बी0सी0एल0 प्रबंधन को इसपर अपना
विचार रखने को कहा।

मुख्य कार्यकारी पदाधिकारी बी0आर0बी0सी0एल0 द्वारा उक्त पर अपनी सहमति
दी गयी।

जिला पदाधिकारी, औरंगाबाद ने समिति के सदस्यों को कहा कि आपके प्रस्ताव
को बी0आर0बी0सी0एल0 प्रबंधन द्वारा स्वीकार कर लिया गया है। इसलिए आप अविलम्ब
मुआवजा राशि प्राप्त कर लें और अधिग्रहित भूमि का शांतिपूर्ण दखल कब्जा प्रबंधन को
दे दें तथा परियोजना के कार्य में सहयोग प्रदान करें। उपस्थित समिति के सदस्यों ने
इसे सहर्ष स्वीकार किया और जिला प्रशासन एवं प्रबंधन को हरेक स्तर पर सहयोग
करने का आश्वासन दिया।

(2) सामुदायिक विकास - समिति के अध्यक्ष ने सामुदायिक विकास जैसे :- पेयजल,
स्वास्थ्य, सिंचाई, सड़क, प्रकाश इत्यादि कार्यों के निष्पादन के संबंध में दिनांक - 453
11-02-2013 को जिला पदाधिकारी, औरंगाबाद के उपस्थिति में हुई बैठक में लिये गये
निर्णय के आलोक में कराने हेतु प्रस्ताव रखा।

H/S/

495 A

जिला पदाधिकारी औरंगाबाद ने प्रबंधन को अनुपालन करने हेतु निर्देश दिया।

(3) सड़क निर्माण - अध्यक्ष ने यह सूचित किया कि प्रबंधन द्वारा आवागमन हेतु विभिन्न ग्रामों में सड़क निर्माण के लिए Award नहीं किया जा रहा है। जिसमें Award हुआ है- उसमें ठिकेदार द्वारा कार्य नहीं किया जा रहा है। इनका यह भी कहना है कि जो ठिकेदार कार्य नहीं करता है- उसे Black Listed करते हुए दूसरे Agency को ठिकेदारी दिया जाय ताकि वर्तमान वित्तीय वर्ष में कार्य पूर्ण हो सके।

मुख्य कार्यकारी पदाधिकारी ने विभिन्न ग्रामों में बन रहे सड़क को वर्तमान वित्तीय वर्ष में पूर्ण कराने हेतु आश्वासन दिया।

जिला पदाधिकारी, औरंगाबाद ने मुख्य कार्यकारी पदाधिकारी को प्राथमिकता के आधार पर सड़क का निर्माण कराया जाय, जिसमें योग्य Local Agency को प्राथमिकता दें। अगर योग्य Local Agency नहीं मिलता है तो Professional Agency से कराया जाय। परंतु सभी प्रस्तावित सड़क वर्तमान वित्तीय वर्ष 2016-17 में अवश्य ही करा दिया जाय।

(4) पेयजल की व्यवस्था - समिति के अध्यक्ष ने प्रभावित ग्रामों में 56 चापाकल लगाये जाने के प्रस्ताव में बी०आर०बी०सी०एल० प्रबंधन द्वारा 30 चापाकल लगाने के लिए Award किया गया है, जिसमें से 25 चापाकल लगाया गया है और शेष 26 चापाकल लगाने का Award नहीं हुआ है। इन्होंने यह भी सूचित किया कि वर्तमान में परियोजना क्षेत्र के निकट के ग्रामों में पेयजल की समस्या उत्पन्न हो गयी है। इसलिये इन्होंने प्राथमिकता के आधार पर चापाकल गाड़ने का अनुरोध किया।

जिला पदाधिकारी, औरंगाबाद ने बी०आर०बी०सी०एल० प्रबंधन को वर्तमान में पेयजल की समस्या के मद्देनजर चिन्हित स्थानों पर चापाकल अविलम्ब लगाने हेतु निर्देश दिया। प्रबंधन ने भी जिला पदाधिकारी महोदय को इसके लिए आश्वरत किया।

(5) चिकित्सा सुविधा - समिति के अध्यक्ष ने सूचित किया कि अधिग्रहण क्षेत्र के प्रभावित किसानों को चिकित्सा सुविधा मुहैया कराने हेतु जो चलंत चिकित्सालय की व्यवस्था की गयी है, वह कारगर नहीं है। इसलिए इस व्यवस्था को बंद कर स्थायी रूप से डॉक्टर बहाल करते हुए अस्पताल की व्यवस्था की जाय। ताकि रोगी को समुचित एवं श्रेष्ठ ईलाज हो सके।

मुख्य कार्यकारी पदाधिकारी बी०आर०बी०सी०एल० ने कहा कि डॉक्टर की बहाली कमी है। अगर इस क्षेत्र में कोई डॉक्टर उपलब्ध हो तो बतलाया जाय, ताकि बहाली किया जा सके।

जिला पदाधिकारी, औरंगाबाद ने प्रबंधन को डॉक्टर की बहाली हेतु विज्ञापित समाचार पत्रों में प्रकाशन कराकर अग्रेतर कार्रवाई करने हेतु विचार दिया।

(6) सिंचाई व्यवस्था - समिति के अध्यक्ष ने अधिग्रहण क्षेत्र से बाहर के कृषि योग्य भूमि के सिंचाई की समुचित व्यवस्था प्रबंधन द्वारा नहीं किया गया है। किसानों ने बताया कि पहले ईधर नहर से पटवन का कार्य होता था। नहर के स्थान पर स्थाई रूप से नहर की ही व्यवस्था की जाय। तत्काल ग्रामवार आवश्यकतानुसार क्षमता वाला मोटर लगाकर Tube Well से सिंचाई की व्यवस्था कर दी जाय।

जिला पदाधिकारी, औरंगाबाद ने नहर के स्थान पर नहर की व्यवस्था करने के विचार को अच्छी सोच कहा। परंतु नहर के लिए किसान जमीन देने को सहमत हों तो इसके लिए पहल किया जा सकता है। मुख्य कार्यकारी पदाधिकारी को जिला पदाधिकारी, औरंगाबाद द्वारा निर्देश दिया गया कि तत्काल सिंचाई की व्यवस्था हेतु आवश्यकतानुसार Tube Well की व्यवस्था की जाय एवं संबंधित ग्रामों के किसानों के सहमति पर आवश्यकतानुसार क्षमता वाली मोटर लगाया जाय।

(7) विस्थापितों को रोजगार :- समिति के अध्यक्ष ने दिनांक - 02-01-2014 एवं 04-01-2014 को अनुमंडल पदाधिकारी, औरंगाबाद के साथ हुई बैठक में लिये गये निर्णय के आलोक में विस्थापितों को रोजगार मुहैया कराया जाय। मुख्य कार्यकारी पदाधिकारी द्वारा कहा गया कि योग्यता के आधार पर 60% विस्थापित किसानों एवं 40% प्रभावित किसानों का बहाली किया जा रहा है। इस पर अध्यक्ष का कहना है कि पूर्व में जो दिनांक 02.01.2014 एंव 04.01.2014 का निर्णय हुआ है उसका अक्षरशः पालन किया जाय।

इस विषय पर प्रबंधन का कहना है कि सभी working Agency का दस दिनों के अन्दर बैठक बुला कर इसपर अग्रेतर कारवाई की जायेगी।

(8) विस्थापितों को गाड़ी एवं ठिकेदारी में प्राथमिकता - समिति के अध्यक्ष ने विस्थापितों को गाड़ी एवं ठिकेदारी में प्राथमिकता देने हेतु प्रस्ताव प्रबंधन के समक्ष रखा। अध्यक्ष ने कहा कि प्रबंधन द्वारा व्यक्ति विशेष की व्यवस्था के तहत गाड़ी रखा जाता है और विस्थापित किसानों का गाड़ी नहीं रखा जाता है। इन्होंने यह कहा कि व्यक्ति विशेष को ठिकेदारी नहीं दिया जाय। PAP ठिकेदार हो या Non-PAP ठिकेदार जो समय पर काम नहीं करें, उसे हटाकर दूसरे ठिकेदार को रखा जाय। इसके संबंध में Working Agency को निर्देश दिया जाय।

जिला पदाधिकारी, औरंगाबाद ने प्रबंधन को सलाह दी कि विस्थापित किसानों का भी गाड़ी प्रावधानानुसार रखा जाय। साथ ही भाड़े पर गाड़ी रखने में समान मापदण्ड अपनाया जाय। ठिकेदारी देने में भी विस्थापित किसानों को प्राथमिकता दिया जाय।

(9). विस्थापित किसानों को रोजगार - परियोजना में कार्यरत एजेंसी को विस्थापित किसानों को रोजगार मुहैया कराने हेतु प्रस्ताव समिति के अध्यक्ष द्वारा रखा गया। साथ ही यह भी कहा गया कि रोजगार के संबंध में आर० एण्ड० आर० पॉलिसी का अक्षरशः अनुपालन किया जाय। इसके अनुपालन हेतु Working Agency के Project Manager का बैठक बुलाया जाय।

मुख्य कार्यकारी पदाधिकारी ने Working Agency के Project Manager की बैठक अविलम्ब बुलाने हेतु सहमति दी, जिसमें उक्त पर यथा निर्णय लिया जा सके। इस बैठक में समिति के पदाधिकारी को भी आमंत्रित किया जायेगा। इस कार्य को प्रबंधन द्वारा दस दिनों के अंदर करने का आश्वासन दिया।

(10). किसानों को विस्थापित प्रमाणपत्र - समिति के अध्यक्ष ने विस्थापित होने वाले किसानों को विस्थापित प्रमाण पत्र देने के लिए प्रस्ताव रखा।

बी०आर०बी०सी०एल० प्रबंधन द्वारा बताया गया कि विस्थापितों की सूची बनायी जा रही है, जिसका सत्यापन कर जिला प्रशासन को उपलब्ध करा दिया जायेगा, ताकि विस्थापित प्रमाण पत्र निर्गत किया जा सके।

जिला पदाधिकारी, औरंगाबाद ने इस कार्य को 10 जुलाई 2016 तक कराने हेतु निर्देश दिया।

(11). आई० टी० आई० के छात्रों को छात्रवृत्ति देना - समिति के अध्यक्ष ने विस्थापित शैक्षिकों के आई०टी०आई० के छात्रों को छात्रवृत्ति देने हेतु प्रस्ताव रखा, जैसा कि दिनांक-11-02-2013 को बैठक में निर्णय हुआ था। इनका यह भी कहना था कि जिस वित्तीय वर्ष में संबंधित आई०टी०आई० छात्रों को छात्रवृत्ति नहीं मिला है, उसे उस वित्तीय वर्ष का छात्रवृत्ति दिया जाय। साथ-ही-साथ अवगत कराया गया कि बी० आर० बी० सी० एल० प्रबंधन वर्ष 2008-09 से 2016-017 तक छात्रों को छात्रवृत्ति दे रहा है, परन्तु बहुत से ऐसे छात्रों को इसके बीच की अवधि का छात्रवृत्ति नहीं मिला है।

जिला पदाधिकारी औरंगाबाद ने विचार रखा कि किसी कारणवश छात्रवृत्ति नहीं दी गई है तो इसके बीच की अवधि का भी छात्रवृत्ति दिया जाये। इस पर प्रबंधन ने अपनी सहमति जताई।

(12). मुख्य प्लॉट के पश्चिम दिशा में एक छोटा गेट का निर्माण कराना - समिति के अध्यक्ष द्वारा दिनांक-26-08-2014 को हुई बैठक में लिये गये निर्णय के आलोक में परियोजना के मुख्य प्लॉट के पश्चिम दिशा में एक छोटा गेट का निर्माण कराने हेतु प्रस्ताव रखा गया, ताकि ग्राम-कजराईन, झिकटिया, कर्मा, मंगावार, धुंधुआ, खदहा एवं रामनगर के कामगारों को आने-जाने में सुविधा हो सके।

इस प्रस्ताव पर मुख्य कार्यकारी पदाधिकारी ने बताया कि वर्तमान में मुख्य प्लॉट के सुरक्षा के लिए C.I.S.F. है। इसलिए सुरक्षा के दृष्टिकोण से C.I.S.F. का अनुमति अनिवार्य है।

जिला पदाधिकारी, औरंगाबाद ने उक्त के संबंध में प्रबंधन को प्रस्ताव देने को कहा गया।

(13) श्मशान घाट की व्यवस्था करना - समिति के अध्यक्ष ने ग्राम- पिरौटा एवं सुरार गाँव के लिए श्मशान घाट की व्यवस्था करने हेतु प्रस्ताव रखा गया। इन्होंने यह भी सूचित किया कि दिनांक-26-08-2014 को हुई बैठक में वन विभाग के जमीन पर वन विभाग से वार्ता कर श्मशान बनाने हेतु निर्णय लिया गया था। परंतु अभी तक कोई पहल नहीं हुआ है।

जिला पदाधिकारी, औरंगाबाद ने सूचित किया कि वन विभाग के जमीन पर श्मशान घाट बनाना सम्भव नहीं है। अगर गैर-मजदूरों आम जमीन हो तो उसे आवंटित किया जा सकता है। प्रबंधन एवं समिति के अध्यक्ष को इसके संबंध में पहल करने के लिए कहा गया। प्रबंधन ने इस कार्य के लिए एक माह का समय मांगा।

(14) परियोजना के अगल-बगल के ग्रामों के बेरोजगारों को रोजगार देना - समिति के अध्यक्ष ने प्रभावित कृषकों के नाम पर जो रोजगार दिया जाता है- उसमें परियोजना के अगल-बगल के ग्रामों को सम्मिलित किया जाय, जैसे- गम्हरिया, उर्दाना, मझियावाँ।

वी0आर0बी0सी0एल0 प्रबंधन द्वारा समिति के सदस्यों को आश्वस्त किया गया कि परियोजना के कार्य में प्रभावित कृषकों को मजदूरी का कार्य देने में प्राथमिकता दी जा रही है। आवश्यकता पड़ने पर अधिग्रहण क्षेत्र के निकटवर्ती ग्रामों के लोगों को रोजगार दिया जायेगा।

(15) गेट पास उपलब्ध कराना - समिति के अध्यक्ष ने प्रबंधन से समिति के पदाधिकारियों एवं सदस्यों को तत्काल गेट पास देने के लिए अनुरोध किया।

वी0आर0बी0सी0एल0 प्रबंधन ने समिति के अध्यक्ष से समिति के पदाधिकारियों की सूची की मांग की गयी। सूची प्राप्त होने पर नियमानुसार निर्णय लेते हुए प्रबंधन अवगत कराना सुनिश्चित करेगा।

(16) वार्षिकी का निर्धारण - समिति के अध्यक्ष ने जिला प्रशासन द्वारा निर्धारित की गयी वार्षिकी ₹ 39,000/- पर 12% ब्याज जोड़कर भुगतान करने हेतु प्रस्ताव रखा। साथ ही अध्यक्ष ने यह भी स्पष्ट करने को कहा कि वार्षिकी के भुगतान के लिए जो न्यूनतम 0.50 एकड़ भूमि निर्धारित किया गया है उसमें 0.50 एकड़ से कम भूमि

अधिग्रहित की जाने वाले रैयत को, क्या 0.50 एकड़ तक का वार्षिकी का भुगतान किया जायेगा।

जिला पदाधिकारी, औरंगाबाद ने बताया कि दिनांक-09-02-2016 को हुई बैठक में वार्षिकी निर्धारण के संबंध में झारखण्ड राज्य की वार्षिकी निर्धारण में अपनायी गयी प्रक्रिया की समीक्षा करने हेतु प्रबंधन को निर्देश दिया गया था, क्या प्रबंधन इसकी समीक्षा की। प्रबंधन ने बताया कि इसकी समीक्षा नहीं की जा सकती है। पुनः जिला पदाधिकारी, औरंगाबाद द्वारा निर्देश दिया गया कि झारखण्ड राज्य के वार्षिकी निर्धारण में अपनायी गयी प्रक्रिया की समीक्षा कर अविलम्ब अवगत कराया जाय।

जिला पदाधिकारी औरंगाबाद द्वारा प्रबंधन को वार्षिकी के भुगतान में निर्धारित न्यूनतम रकवा-0.50 एकड़ के संबंध में समिति के सदस्यों द्वारा उठाया गया संशय को स्पष्ट करने हेतु कहा गया।

बी0आर0बी0सी0एल0 प्रबंधन ने समिति के अध्यक्ष के संशय को स्पष्ट करते हुए सूचित किया कि 0.50 एकड़ से कम भूमि जिस रैयत का अधिग्रहण किया गया है—उन्हें भी 0.50 एकड़ तक का देय वार्षिकी का भुगतान किया जायेगा। साथ ही यह भी सूचित किया कि वार्षिकी भुगतान के संबंध में L.I.C से बात कर समय का निर्धारण अविलम्ब कर दिया जायेगा।

(17). सरकारी भूमि का रैयतीकरण - समिति के अध्यक्ष ने रैयतीकृत भूमि जिसका किसानों को स्वामित्व प्रमाण-पत्र मिला हुआ है, उसकी सूची प्रबंधन को उपलब्ध कराने, सरकारी भूमि लगभग 60 एकड़ का रैयतीकरण कर स्वामित्व प्रमाण-पत्र निर्गत करने एवं छूटी हुई भूमि का रैयतीकरण कर स्वामित्व प्रमाण-पत्र निर्गत करने हेतु प्रस्ताव रखा। इस संदर्भ में कहा गया की पूर्व में जिन कृषकों का रैयतीकरण हेतु प्रस्ताव खारिज हो गया है, उनकी पुनः सुनवाई कर निर्णय लिया जाय।

जिला पदाधिकारी, औरंगाबाद द्वारा समिति के सदस्यों को अवगत कराया गया कि 159 एकड़ घोषित सरकारी भूमि में से अंचल अधिकारी नवीनगर के प्रतिवेदन के आलोक में 89 एकड़ रैयतीकृत भूमि का सरकारी भूमि से Denotification का अनुमोदन सरकार से लिया गया है, जिसका कय प्रबंधन द्वारा किया जा रहा है। शेष 70 एकड़ सरकारी भूमि रह गयी, जो प्रबंधन को पूर्व से हस्तांतरित है। इसप्रकार पुनः Denotification हेतु प्रस्ताव सरकार को नहीं भेजा जा सकता।

समिति के अध्यक्ष ने सूचित किया कि अंचल अधिकारी, नवीनगर द्वारा निर्गत स्वामित्व प्रमाण पत्र कई रैयतों के पास है। इसके अलावे पूर्व से रैयतीकरण हेतु दिये गये आवेदन पत्र पर तत्कालीन अंचल अधिकारी, नवीनगर द्वारा सुनवाई नहीं की गई। कुछ

458

आवेदन पत्र पर अंचल अधिकारी, नवीनगर द्वारा रैयतीकरण हेतु प्रस्ताव भूमि सुधार उप-समाहर्ता औरंगाबाद को भेजा गया। परंतु अनुमंडल पदाधिकारी, औरंगाबाद द्वारा उक्त प्रस्तावों को अस्वीकृत कर दिया गया। समिति के अध्यक्ष द्वारा यह कहा गया कि जिन रैयतों को स्वामित्व प्रमाण पत्र मिला है—उसका प्रस्ताव अंचल अधिकारी, नवीनगर द्वारा भेजा जाना चाहिए था। परंतु इसे नहीं भेजा गया, जिसके लिए अंचल अधिकारी, नवीनगर जिम्मेवार है। संबंधित रैयत को नैसर्गिक न्याय देने का अनुरोध किया।

जिला पदाधिकारी, औरंगाबाद द्वारा समिति के सदस्यों को अवगत कराया गया कि बार-बार Denotification हेतु प्रस्ताव सरकार को भेजा जाना उचित नहीं है, क्योंकि विभाग द्वारा की जाने वाली पृच्छा का नियमसंगत जवाब देना मुश्किल है। ऐसी परिस्थिति में यह प्रस्ताव स्वीकार योग्य नहीं है।

समिति के सदस्यों ने एक स्वर से इस प्रस्ताव पर पुनः एक बार विचार करने हेतु जिला पदाधिकारी, औरंगाबाद से अनुरोध किया।

जिला पदाधिकारी, औरंगाबाद द्वारा समिति के सदस्यों की भावना का कद्र करते हुए समिति के अध्यक्ष को कहा गया कि घोषित सरकारी भूमि में से रैयतीकृत भूमि के रैयतों की सूची स्वामित्व प्रमाण पत्र के साथ एवं रैयतीकरण हेतु अंचल अधिकारी को दिये गये आवेदनों के प्रमाण एवं भूमि से संबंधित सभी वैध दस्तावेजों के साथ आवेदन पत्र जिला भू-अर्जन पदाधिकारी, औरंगाबाद को उपलब्ध कराया जाय। जिला भू-अर्जन पदाधिकारी, औरंगाबाद प्राप्त आवेदन पत्रों एवं स्वामित्व प्रमाण पत्रों की समीक्षाकर अपने मंतव्य के साथ अग्रतर कार्रवाई हेतु प्रस्ताव उपलब्ध करायेंगे। प्रस्ताव प्राप्त होने के पश्चात पुनः किसी दावा पर विचार नहीं किया जायेगा और यह अंतिम होगा।

(18). Rightful एवं Wrongful Owner का मामला - समिति के अध्यक्ष ने जिस जमीन का मुआवजा का भुगतान गलत हुआ है— उसमें Rightful Owner एवं Wrongful Owner का निर्णय करते हुए Rightful Owner को तत्काल मुआवजा भुगतान करने हेतु मांग की।

जिला पदाधिकारी, औरंगाबाद ने सूचित किया कि उक्त कार्य जिला भू-अर्जन पदाधिकारी औरंगाबाद द्वारा किया जा रहा है।

(19). छूटी हुई भूमि का अधिग्रहण - समिति के अध्यक्ष ने रेलवे कॉरीडोर के अंतर्गत वैसी छूटी हुई भूमि, जिसका किसान चाहकर भी उपयोग नहीं कर पायेंगे, वैसी भूमि का अधिग्रहण करने का प्रस्ताव रखा।

जिला पदाधिकारी, औरंगाबाद ने समिति के अध्यक्ष को कहा कि वैसी भूमि की रैयतदार सूची मुख्य कार्यकारी पदाधिकारी, बी०आर०बी०सी०एल० को तथा भू-अर्जन पदाधिकारी, औरंगाबाद को उपलब्ध करावें। प्रबंधन समीक्षोपरांत अपना मंतव्य उपलब्ध

करायगी तथा तदनुसार जिला भू-अर्जन पदाधिकारी, औरंगाबाद प्रथमन से उचित कार्रवाई करने हेतु निर्देश देंगे।

(20) कृषक मजदूरी को 750 दिनों की मजदूरी - समिति के अध्यक्ष ने 750 दिनों का मजदूरों को मजदूरी देने से संबंधित सूची का सत्यापन जिला प्रशासन से कराने हेतु अनुरोध किया।

जिला पदाधिकारी औरंगाबाद, द्वारा इसके लिए कार्य योजना तैयार करने हेतु जिला भू-अर्जन पदाधिकारी, औरंगाबाद को निर्देश दिया गया।

अंत में जिला पदाधिकारी, औरंगाबाद ने समिति के अध्यक्ष एवं उपस्थित किसानों से आग्रह किया कि परियोजना के हित में अधिग्रहित भूमि का मुआवजा राशि प्राप्त कर अविलम्ब शांतिपूर्ण दखल कब्जा दे दिया जाय। साथ ही परियोजना के कार्य की प्रगति में सहयोग प्रदान की जाय।

धन्यवाद ज्ञापन के पश्चात् बैठक की कार्यवाही समाप्त की गयी।

आज दिनांक-12.03.2012 को वी0आर0बी0सी0एल0 के अधिकारियों तथा 04 ग्रामों खैरा, केरका, धुंधुआ तथा मंगावार के ग्रामीणों की बैठक समाहरणालय सभाकक्ष, औरंगाबाद (विहार) में 3.45 बजे अपराह्न हुई जिसमें निम्नांकित पदाधिकारी, हितवद्ध किसान एवं क्षेत्रिय विकास सह विस्थापित किसान मजदूर समिति के सदस्यों ने भाग लिया जिसकी कार्यवृत्ति निम्नवत है:-

उपस्थिति- पंजी में दर्ज।

कार्यवाही-

सर्वप्रथम वी0आर0बी0सी0एल प्रबंधन द्वारा बैठक में उपस्थित पदाधिकारियों, किसानों एवं समिति के सदस्यों को बैठक में आने के लिए धन्यवाद दिया एवं विस्थापित किसानों का सहयोग एवं परियोजना के लिए अपनी जमीन देने के लिए आभार प्रकट किया साथ ही परियोजना के निर्माण कार्य को सुचारु ढंग से चलाने एवं सहयोग करने का अनुरोध किया। परियोजना निर्माण से न सिर्फ क्षेत्र का विकास होगा बल्कि पूरे नवीनगर एवं जिले का विकास होगा।

1. समान दर से मुआवजा भुगतान हेतु

वी0आर0बी0सी0एल प्रबंधन द्वारा यह स्पष्ट किया गया कि 4 X 250 मेगावाट थर्मल पावर परियोजना के लिए 1596.92 एकड़ भूमि की आवश्यकता है जिसमें से 1328.15333 एकड़ (कुल का 83%) का भूमि मुआवजा भुगतान कर वी0आर0बी0सी0एल को 13 मार्च 2008 से 14 जुलाई 2010 तक हरतनातरित किया जा चुका है जिसका दाखिल खारिज कर 11 अप्रैल 2011 को संबंधित कागजात सौंपा जा चुका है।

यहाँ यह अंकित करना उपयुक्त होगा कि वी0आर0बी0सी0एल द्वारा स्पष्ट रूप से उल्लेख किया गया कि प्रभावित किसान समान मुआवजा (एक परियोजना एक दर) भुगतान हेतु माननीय उच्च न्यायालय, पटना में कुछ किसान वाद दायर किये हैं। मामला न्यायालय में विचाराधीन है।

यह भी चर्चा हुई कि यदि किसान out of court settlement करना चाहें जिसमें पूर्व में ग्राम-खैरा, केरका, धुंधुआ तथा मंगावार को मूल मुआवजा राशि ₹ 2,61,371.00 प्रति एकड़ की दर से भुगतान की गई थी वहीं ग्राम-कजराईन, सलेया, पिराँटा, एकधरा तथा सुरार को तरह मूल मुआवजा राशि ₹ 5,16,222.00 प्रति एकड़ की दर से भुगतान करने पर विचार करने योग्य होगा। जिन लोगों ने वाद दायर नहीं किया है उनको सहमति पत्र के आधार पर विहार भू-अर्जन, पुनःस्थापन एवं पुनर्वास नीति-2007 के अतिरिक्त एक परियोजना एक दर के सिद्धांत पर विगत में ग्राम-खैरा, केरका, धुंधुआ तथा मंगावार का पंचाट घोषित होने की तिथि तक मुआवजा गणना कर कजराईन, सलेया, पिराँटा, एकधरा तथा सुरार को दी गई कुल राशि (पंचाट घोषित होने तक) के अंतर के बराबर भुगतान करने पर सहमति व्यक्त की गई।

In land acquisition proceeding, which ended after payment of amount of award money, petitioners have approached this Court, while invoking its writ jurisdiction under Article 226 of the Constitution of India, raising frivolous disputes. Material on record suggests that even number of land-owners, who had already accepted the compensation amount without raising any objection, at subsequent stage, constrained the respondents, particularly; respondent nos. 6 to 8/Nabinagar Thermal Power Project, Bhartiya Rail Bijlee Company Ltd., Aurangabad (hereinafter referred to as 'Company' for sake of brevity) to come out with a proposal for making payment of compensation amount

on the same rate, which was paid to villagers of Kajrain, Salaiya, Pirauta, Eghara and Suraar at the rate of Rs. 5,16, 222/- per acre in place of paid compensation amount to the remaining four villages, namely; Khaira, Kerka, Dhunduwa and Mangabar at the rate of Rs. 2,61,371/-. This decision was taken as per out of court settlement. However, the enhanced amount was proposed to be paid after entering into an agreement/consent between the land-holders, whose lands were acquired, and Company. Even though the respondent nos. 6 to 8 had come out with aforesaid reasonable proposal, at least 18 persons, who are petitioners in the present proceeding, are raising unnecessary dispute and asking the Court to direct the respondents not to compel them to enter into such agreement. According to learned counsel for petitioners, such agreement is contrary to the provisions contained in the Indian Contract Act, 1872 (hereinafter referred to as the "Contract Act" for sake of brevity).

Short fact of the case, as disclosed from the

pleading, is that some time in the year 2008, the competent authority had published Notification under Section 4 of the Land Acquisition Act, 1894 (hereinafter referred to as "L.A.Act" for sake of brevity). The rate of proposed land for villages, namely; Pirauta, Salaiya, Kajrain, Ekghara and Suraar was Rs. 5,16,221.83 per acre. However, land pertaining to villages, namely; Mangaawar, Khaira, Kerka and Dhundhuaa was at the rate of Rs. 2,61,370.61 per acre. The proposed rate was determined on the basis of market value of aforesaid nine villages. Land was finally acquired and compensation amount was received by the land-holders, particularly; petitioners of the present writ petition. Petitioners of the present writ petition are residents of villages in respect of which market rate of the land was fixed as Rs. 2,61,370.61 per acre. The award was finally declared & paid and possession of the land was already handed over by the State of Bihar to respondent nos. 6 to 8 in the year 2009 itself. Even though, acquisition process was completed in the year 2009, the petitioners

approached this Court by filing the present writ petition in the month of October, 2011 for the following reliefs:-

(i) For issuance of an appropriate direction/order or writ in the nature of mandamus commanding and directing the concerned Respondent to determine the market value of the land which is the highest price of the land acquired for the Nabinagar Thermal Power Project as per the memo no. 15/D.L.A. 07/06-923/R dated 18-05-2010 enumerated in 1.1(kha) (ii), (iii) and (v) contained in Annexure -6 and for determining the market value at the rate of Rs. 5,16,281.83 per acre which has been fixed for other similar villages acquired for same purpose and come under one block.

(ii) For issuance of an appropriate direction, order or writ in the nature of mandamus commanding and directing the concerned respondents to pay all statutory benefits provided under the Land Acquisition Act, 1894 and as "Bihar Land Acquisition Resettlement and Rehabilitation Policy, 2007". After determining the compensation as per the resolution mentioned above.

After filing of the writ petition, petitioners filed supplementary affidavit and in this case, counter

affidavits were filed on behalf of respondent nos. 6 to 8 and one another counter affidavit was filed on behalf of respondent nos. 2 to 5. Thereafter, supplementary counter affidavit was also filed on behalf of respondent nos. 6 to 8 and number of other affidavits were filed either by petitioners or respondents and writ petition has been made bulky, though in the opinion of the Court, there is no substance.

Sri Binod Kumar Singh, learned counsel, who was assisted by Sri Anirudh Kumar Verma, learned counsel for petitioners, after the proposal was made by the respondent nos. 6 to 8 for paying additional amount with a condition to execute an agreement, has raised a preliminary issue that by compulsion the petitioners may not be compelled to execute agreement, which is apparently contrary to the provisions contained in the Contract Act. He submits that if an agreement is entered in between the parties by coercion, the agreement shall be treated as unlawful. He has referred Section 15 of the Contract Act to elaborate the definition of coercion and

he has relied on Section 23 of the Contract Act to impress upon the Court that proposal advanced by respondent nos. 6 to 8 for executing agreement is an unlawful act. He submits that petitioners may be allowed to receive enhanced amount without asking them to execute agreement or give undertaking not to raise any dispute in future. To substantiate his submission regarding the allegation of coerced and illegal proposed agreement, learned counsel for petitioners has relied on number of judgments of the Hon'ble Apex Court, particularly; judgments, reported in:

(i) AIR 2005 SUPREME COURT 2306 (ZOROASTRIAN CO-OPERATIVE HOUSING SOCIETY LTD. AND ANOTHER -VERSUS- DISTRICT REGISTRAR CO-OPERATIVE SOCIETIES (URBAN) AND OTHERS),

(ii) AIR 1994 ALLAHABAD 298 (NUTAN KUMAR AND OTHERS -VERSUS- IInd ADDITIONAL DISTRICT JUDGE, BANDA AND OTHERS),

Sri Singh, learned counsel for petitioners has further argued that since lands of petitioners were acquired without granting adequate compensation, constitutional right of the petitioners have been infringed and as such, this Court may direct the respondents to pay adequate compensation amount. In support of his submission regarding infringement of Constitutional Right of the petitioners, Sri Binod Kumar Singh, learned counsel appearing on behalf of petitioners has placed heavy reliance on a Supreme Court judgment, reported in 2013 (1) P.L.J.R. (SC) 289 (TUKARAM KANA JOSHI & ORS. THROUGH POWER OF ATTORNEY HOLDER -VERSUS- M.I.D.C. & ORS.). In sum and substance, it has been argued that the respondents be restrained from asking the petitioners to execute an agreement containing a condition not to raise any further dispute.

Sri Anil Kumar Sinha, learned counsel appearing on behalf of respondent nos. 6 to 8/Company has vehemently opposed the prayer of the petitioners.

He submits that once compensation amount was accepted by petitioners without raising any objection, the petitioners are debarred to raise issue at subsequent stage and as such, the present writ petition is liable to be rejected out-rightly. He submits that as per provisions contained in the L.A.Act after preparation of award under Section 12 of the L.A.Act, in case of dissatisfaction with the award amount, the petitioners were having remedy for raising objection and in that event in appropriate cases, matter was required to be referred to the Court under Section 18 of the L.A.Act. However, none of the petitioners ever raised any objection rather they accepted the award amount without any objection. He submits that award was prepared in the year 2009 and same was also received without raising any objection and as such, after lapse of years, the petitioners are not entitled to raise a dispute on award or compensation amount, that too before the writ court. He has further submitted that even after the payment of compensation amount, lands were acquired and

possession was handed over to respondent nos. 6 to 8 for constructing Nabinagar Thermal Power Project, Aurangabad. The persons, whose lands were acquired, had raised dispute at much belated stage taking the plea that they should be given compensation on the highest rate, as per Government decision contained in Memo No. 15/D.L.A. 07/06-923/R dated 18-05-2010 enumerated in 1.1 (kha) (ii), (iii) and (v) for determining the market value at the rate of Rs. 5,16,281.83 per acre. It has been argued that petitioners had incorrectly relied on aforesaid instruction in view of the fact that acquisition proceedings in the present case had already come to an end in the year 2009 after giving compensation amount and taking over possession over the land in question. Even though, the Government instruction dated 18-05-2010 had indicated for grant of higher rate, the said instruction was subsequently revised, vide Government Memo No. 15/D.L.A. 07/06-952/R dated 24-05-2011, whereby, the exception clause as provided in clause 1.1 (kha) of Memo dated-

18-05-2010 was replaced and it was made clear that same was applicable in cases where award was not prepared under Section 11 of the L.A. Act, whereas, in the present case, even award amount paid in the year 2009 i.e. prior to coming into existence of State Government's instruction dated 18-05-2010. It has been clarified that in the present case, compensation for the acquired lands were calculated and paid by the State authorities as per *Bihar Land Acquisition Resettlement and Rehabilitation Policy 2007* and possession of lands were also handed over to respondent nos. 6 to 8 by the State authorities. While referring to statement made in paragraph-8 of the counter affidavit of respondent nos. 6 to 8 filed on 21st December, 2011, Sri Sinha states that the compensation for the acquired lands was determined as per clause 1.1 sub-clause (i) and (ii) of Bihar Land Acquisition Resettlement and Rehabilitation Policy 2007. Since there were no sale transactions recorded in any of the nine villages where lands were acquired due to the ban imposed on Registration of sale transactions by the

district administration, the sale transactions recorded for the last three years in the nearby village/mouza as per policy were taken for arriving the compensation. In such cases, the total sum of 50% of the highest sale transactions recorded in the last three years for similar land in the nearby village was to be taken and the average of the said value was to be paid as compensation. Accordingly for the project lands falling in villages of Pirauta, Salea, Kajrain, Eghara and Surar, the sale transactions recorded in the nearby village i.e. Majhiyaa, P.S. No.61 was considered, where a total of 49 sale transactions were recorded. Out of which 24 transactions pertain to Agricultural Land, 24 transactions of residential land and 01 sale transactions pertains to dry land. As per the policy total value of 50% of the highest sale transactions recorded for 24 Nos. of Agricultural lands is Rs. 61,94,662/-. The average of the said amount works out to Rs. 5,16,221.83 per acre and similarly for Residential land the total sale transactions are 24, fifty percent of 24 is 12 sale transactions, the sum

Accordingly, in arriving the compensation of the lands falling in villages of Mangabar, Khaira, Kerka and Dhundhua, District Administration had taken the last three years sale transactions recorded in the nearby village i.e. Urdana P.S. No.52. Where, of the 45 sale transactions recorded, 42 transactions pertain to Agricultural Land, 03 Nos. pertain to Residential land. Applying the above policy, the compensation for Agricultural lands was determined as Rs. 2,61,370.619 per acre and similarly for Residential lands @ Rs. 14,78,456/- per acre.

He submits that even though the petitioners have got no right to get the compensation amount enhanced after filing of the writ petition, during the pendency of the writ petition, the villagers started agitation and they restrained the employees of the respondent nos. 6 to 8 for the period from 07-02-2012 to 19-03-2012 from entering into the work-site and

hampered the project on number of dates. Thereafter, series of meetings with the villagers and district administration for settlement of various demands were held. The respondent/Company also held a meeting with two Samiti of displaced farmers, namely; 'Visthapit Kisan Majdoor Welfare Samiti' and 'Chhetriya Vikas Sah Visthapit Kisan Majdoor Samiti' on various dates, which was finalized on 19-03-2010 and 12-03-2012 respectively, in which, the parties agreed that the land-oustees of four villages will be paid the compensation on the same rate as was paid to the land-oustees of the villages "Kajrain", "Salaiya", "Pirauta", "Eghara" and "Suraar" at the rate of Rs. 5,16,222/- per acre in place of the compensation paid to the land oustees of remaining four villages namely "Khairara", "Kerka", "Dhundhuwa" and "Mangabar" at the rate of Rs. 2,61,371/-. As per out of court settlement, the compensation on uniform rate was to be paid after entering into agreement/consent between the land oustees and the Company.

After the said agreement, the

respondent/Company started making payments on uniform compensation from the month of June, 2012 to four persons (one from each village) after entering into an agreement/consent letter between the lands-oustees and the Company till the date of filing of affidavit of 7th March, 2013 by respondent nos. 6 to 8, which was by way of reply to second supplementary affidavit of the petitioners. The respondent/Company had already paid additional amount as per enhanced rate to 249 beneficiaries out of 584, who had voluntarily accepted the offer and received the compensation. It has been stated that cases of several other beneficiaries were in process of payment. In view of the aforesaid facts and circumstances, Sri Sinha, learned counsel for respondent nos. 6 to 8 submits that the writ petition is liable to be rejected.

Similarly, learned State counsel, while referring to averment made in counter affidavit which was filed on 20th January, 2012 and supplementary counter affidavit filed on 8th April, 2013, submits that

after preparation of award and its payment, land acquisition comes to an end and there is no provision for preparing supplementary award.

Besides hearing learned counsel for the parties, I have also perused the materials available on record. On perusal of the record, it is evident that even though compensation amount was paid in terms of 'Bihar Land Acquisition Resettlement and Rehabilitation Policy, 2007', the petitioners, to the reasons best known to them, have made a prayer for issuance of writ of mandamus directing the respondents to pay all statutory benefits under the Land Acquisition Act, 1894 and Bihar Land Acquisition Resettlement and Rehabilitation Policy, 2007. Ofcourse in the writ petition, the petitioners have also prayed for directing the respondents to determine the market value of the land as per Memo dated 18-05-2010, at the time of argument, learned counsel for petitioners had emphasized that enhanced amount may be directed to be paid without asking the petitioners to enter into an agreement. In sum

and substance, the petitioners had confined their prayer to restrain the respondents, particularly; respondent nos. 6 to 8 not to ask for executing agreement and direct for paying the proposed enhanced amount without any condition. It is evident that acquisition proceeding, so far as lands of the petitioners are concerned, had come to an end long back and if petitioners were having any objection regarding the compensation amount there was already remedy available to the petitioners under Section 18 of the L.A.Act. Moreover, this matter is not an issue in the present writ petition after acquisition proceeding was over and possession of land was also handed over to respondent nos. 6 to 8. It is evident from the pleading that villagers started agitation and by way of adopting policy of arm twisting they succeeded in pursuing the respondent/Company to pay enhanced compensation amount at par with four villages in respect of whom market value was fixed at the rate of Rs. 5,16,222/- per acre. It was out of court settlement, and if by way of settlement outside the court enhanced

amount was agreed to be paid, it would not be appropriate for this Court to interfere in such issue otherwise it will be amount to encourage the adoption of such unlawful activities. On oath respondent/Company has said that the villagers had started agitation and they stopped the employees from working, which was for larger interest i.e. for construction of power station. Anyhow, by such arm twisting method, they succeeded to persuade the company to pay enhanced rate. If the parties had agreed not to raise any dispute after accepting enhanced amount, this Court, that too while exercising writ jurisdiction, may not ask the company not to ask for agreement or undertaking by the petitioners for not raising any dispute. It is up-to the petitioners either to accept enhanced money with condition as per out of court settlement or they may forgo to get enhanced amount. Moreover, it is not a case of infringement of constitutional right of the petitioners due to the simple reason that in accordance with law prescribed under the L.A.Act land in question was

acquired. So far as reliance, which was placed by learned counsel for petitioners on TUKARAM KANA JOSHI'S CASE (supra) is concerned, the Court is of the opinion that the petitioners may not get any help from the said judgment. In the said case without completion of land acquisition proceeding, the petitioners were ousted that too without making payment of compensation amount and they were ousted from immovable property in the year 1964 while Article 31 of the Constitution was still intact and the right to property was a part of the Fundamental Rights under Article 19 of the Constitution of India. However, in the present case, land acquisition proceeding was initiated at the time when Right to Property is not treated as a Fundamental Right.

So far as other judgments, which were relied upon by learned counsel for the petitioners regarding coercive agreement are concerned, in the facts and circumstances of the present case by way of inviting petitioners to get enhanced amount with undertaking

may not be treated as a contract as defined under the Contract Act. It was simply an offer, which has been done, pursuant to agitation started by the villagers. If the petitioners are desirous to get the enhanced amount, they can only be allowed to get the same amount in terms of agreement, which has entered in between the parties outside the court settlement. In any view of facts and circumstances, as discussed above, it is not a fit case for issuance of any positive direction in favour of petitioners.

The writ petition stands dismissed.

विषय:- नवीनगर पावर जेनरेटिंग कम्पनी एवं भारतीय रेल विजली कम्पनी के अर्जनाधीन परियोजना क्षेत्र में अवस्थित सरकारी भूमि (गैर मजकूर आ मालिक/खास) के विरुद्ध मुआवजे के लिए रैयती दावों के निपटारे के संबंध में।

महाराज,
निदेशानुसार उपर्युक्त विषय के सम्बन्ध में सूचित करना है कि विभाग में समय-समय पर औरंगाबाद जिलान्तर्गत नवीनगर पावर जेनरेटिंग कम्पनी तथा भारतीय रेल विजली कम्पनी लिमिटेड की परियोजनाओं हेतु गू-अर्ज एवं सरकारी भूमि के हस्तांतरण में आ रही कतिपय समस्याओं पर विचार-विमर्श किया जाता रहा है। आप अवगत हैं कि उक्त परियोजना में नवीनगर पावर जेनरेटिंग कम्पनी के लिए 952.33 एकड़ एवं भारतीय रेल विजली कम्पनी के लिए 171.85 एकड़ सरकारी भूमि (गैर मजकूर आ मालिक/खास) का हस्तांतरण किया जाना है। इस सम्बन्ध में अधिकांश किसानों द्वारा उक्त सरकारी जमीन को अपने दखल-काब्जा में बताते हुए मुआवजा की भांग की जा रही है।

उपर्युक्त के आलाप में अंशतः स्तर पर अभिलेख देखकर मुआवजा भुगतान करने के पहले निम्नांकित कार्रवाई अपेक्षित है:-

(1) सम्बन्धित रैयत द्वारा दिये गये साक्ष्यों के आलोक में कौन्सिल सर्वे/रिविजनल सर्वे के अतिरिक्त की समीक्षा की जाय। सम्भव है कि (i) जमींदारी उन्मूलन के पूर्व प्ररनगत भूमि अनामाई मालिक या गैर मजकूर आ मालिक के रूप में दर्ज हो एवं सम्बन्धित रैयत भूतपूर्व मध्यवर्ती द्वारा अपने साथ बंदोबस्ती किये जाने का दावा कर रहे हों; (ii) भूतपूर्व मध्यवर्ती ने जिस रैयत के साथ बंदोबस्ती की हो वर्तमान दावाकर्ता रैयत उक्त बंदोबस्तधारी के वंशज हों; या (iii) भूतपूर्व मध्यवर्ती के बंदोबस्तधारी ने किसी अन्य व्यक्ति को बंदोबस्ती में प्राप्त भूमि अंतरित की हो जिससे वर्तमान दावाकर्ता का जुड़ाव हो। सारांशतः जमींदारी उन्मूलन के पूर्व के मामले में बंदोबस्ती की स्थिति एवं वर्तमान दावाकर्ता से उसका सूत्रीकरण करना उचित होगा।

(341)

488

(2) पूर्व मध्यवर्ती के द्वारा बंदोबस्ती सादा हुकुमनामा या नियमित पट्टा से की जाती थी एवं जमींदारी रसीद निर्गत की जाती थी। यदि भूतपूर्व मध्यवर्ती के द्वारा नियमित पट्टा निर्गत किया गया है तो इस से दावा की पुष्टि हो सकती है। सादा हुकुमनामा, रसीदें संदेहास्पद मानी जा सकती हैं अगर, जमींदारी रिटर्न में बंदोबस्ताधारी रैयत के नाम उन्हें प्रतिवेदित नहीं किया गया हो। यदि ऐसा प्रतिवेदित नहीं भी हो तब भी जमींदारी उन्मूलन के तत्काल बाद से यदि अंचल की रसीदें कथित बंदोबस्ताधारी के साथ निर्गत हुई हों तो उसे संदेह का लाभ मिलेगा। यानी जमींदारी रिटर्न में न रहने पर भी उसे लाभ मिलेगा और मान्यता दी जायेगी।

(3) यदि भूतपूर्व मध्यवर्ती ने नियमित पट्टा के द्वारा गैर मजरूआ मालिक/खास भूमि की बंदोबस्ती रैयत के साथ की हो तब ऐसी स्थिति में किसी कारणवश रिटर्न में बंदोबस्ती प्रतिवेदित हो या नहीं हो; यदि जमाबंदी खोली गई हो तो संबंधित बंदोबस्ताधारी/उनके वंशज या अन्तर्गामी के रैयती दावा को मान्यता दी जायेगी बशर्त जमींदारी उन्मूलन के बाद से बकाया लगान जमा कराया जाय।

(4) दखिल खारिज अथवा भोंग खोलने का अभिलेख देखा जाय तथा उसी आधार पर पंजी-2 में प्रविष्टि तथा उसके अनुसार निर्गत लगान रसीद भी देखी जाय।

(5) यदि गैर मजरूआ मालिक जमीन की बंदोबस्ती सरकार द्वारा की गयी है तो सभ्य पदाधिकारी द्वारा निर्गत-परंवांनों, उसके आधार पर भोंग खोलना, पंजी-2 में प्रविष्टि, निर्गत-लगान रसीद देखी जाय।

(6) स्थानीय जॉच कर जमीन की वर्तमान स्थिति एवं उस पर दखल का पता लगाया जाय।

ORAL ORDER

8 19-12-2013

Heard learned counsel for the petitioners and learned
counsel for the State.

The petitioners seek quashing of the notice dated
8.3.2013 issued under Section 12(2) of the Land Acquisition Act,
arising out of L.A. Case No. 10 of 2010-11.

The stand of the petitioners is that the claims made by
them for compensation under Section 9 of the act have not been
considered in a proper manner as required to be done under
Section 11 of the Act where the Collector is required to make an
enquiry before preparing the award.

It is submitted by learned counsel for the petitioners
that earlier a notice for acquisition was issued on 24.9.2008 under

506

(364)

[Handwritten signature]

Section 4 of the Act and immediately thereafter the notice under Section 6 of the Act was issued for acquisition of the lands of the petitioners. The respondents on noticing that no figures are available for the villages in question, for which the acquisition was being made, had obtained the sale figures with respect to the neighbouring village-Manjhiawan, Thana No. 62 from which as many as 49 sale figures could be obtained and on the basis of the average figures arrived therein, the rates had been fixed.

It is further submitted that after the lapse of more than three years, again a fresh notice was issued with respect to the lands of the petitioners by enlarging the scope of the acquisition on 22.2.2012 in the District Gazette, Aurangabad, but no such exercise regarding valuation with respect to the sale deeds of the neighbouring village was undertaken this time, in the absence of any sale figures for the villages where the acquisition was being carried out, and relying on the old notification with respect to the amounts, the Collector has determined the amounts in his award.

It is also submitted that the same is not only in violation of the statutory duty cast upon the Collector by Section 11 of the Act but is also contrary to the executive instructions issued by the State Government, para-72 of which requires the Collector to ascertain the market value by discovering the price

(365)

paid in previous bona fide sales of the land or part of the land under acquisition or in sales of lands in the vicinity within a fairly recent date. It is urged that it is evident from the materials on the record that no such exercise was carried out by the Collector.

Learned counsel for the State has sought to justify the action of the respondents stating that since no sales have taken place in the village under Acquisition, hence, the valuation as fixed earlier has been taken in the award and the petitioners have remedy under Section 18 of the Act by seeking a reference. Learned counsel for the State however admits, upon instructions, that no such exercise has been carried out this time by the Collector as was done on the last occasion.

In that view of the matter, it is evident that the Collector has not carried out the statutory duty enjoined upon him by Section 11 of the Act to enquire into the objections which any person has made pursuant to notice under Section 9 into the value of the land on the date of publication under Section 4 (1).

The submission that the petitioners have the remedy of seeking reference to the Civil Court under Section 18 of the Act cannot justify such failure on the part of the Collector to carry out the statutory duties enjoined upon him by the Act. The award thus prepared in violation of the statutory mandate would accordingly

NO

508

(366)

be fit to be quashed as it is an established proposition of law that where a statute requires a thing to be done in a particular manner, then it has to be done in that very manner or not at all.

The writ application is, accordingly, allowed and the impugned notice dated 8.3.2013 issued under Section 12(2) of the Land Acquisition Act as also the award, if any, prepared pursuant thereto in so far as they concern the petitioners are quashed.

It would, however, be open to the Collector to proceed afresh in the matter by considering the objections filed by the petitioner after making an enquiry under Section 11 in accordance with law.

(i) It is respectfully submitted that copy of Investment approval is placed at **Annexure-E**. Further, RCE approved by BRBCL Board in the its 62nd Board Meeting(**Annexure-F**) was approved by Ministry of Railways vide letter dated 07.06.2016 (**Annexure- F**).

(ii) The investment approval of Nabinagar Thermal Power Project was approved at a total project cost of Rs 5352.50 Crore including IDC of Rs 624.55 Crore and WCM of Rs 103.09 Crore as of 4th quarter 2006 price level (**Annexure E**) with the scheduled COD of the Unit-1 of Nabinagar TPP is 36 months from date of main plant order and COD of subsequent units at an interval of 6 months thereafter. The main plant TG and SG packages were awarded to BHEL on 22.01.2008. Accordingly, scheduled COD of Unit-1, Unit-2, Unit-3 and Unit-4 were 21.01.2011, 21.07.2011, 21.01.2012 and 21.07.2012.

The revised cost of project was subsequently approved by BRBCL Board at its 62nd meeting held on 21.12.2015 at revised cost of Rs. 7998.00 Crs at price level of IInd Qtr 2015 including Interest During Construction (IDC) and Working Capital Margin (WCM). (**Annexure F**).

(iii) The breakup of project cost and variation in Revised Cost w.r.t. Original approved cost is as given below:

Description	Original Cost(Rs. Cr)	Revised cost (Rs. Cr)	Variation (Rs. Cr) w.r.t. Original Cost	Variation (%)
Project Cost	4,624.87	6,499.32	1,874.45	35.02%
IDC	624.55	1,395.60	771.05	14.41%

Project Cost incl. IDC & WCM	5,352.50	7,998.00	2,645.50	49.43%

(3)

(371)

Amrith

(iv) Major reasons for variation under different heads were as given below:

Sl. No.	Description	Variation (Rs. Crores)	% of total approved cost
A	Land and R&R Cost Increase	342.67	6.4%
b	Increase in Prices	794.80	14.85%
c	Change in Scope	172.37	3.22%
d	Exchange Rate Variation (ERV)	309.50	5.78%
e	Changes in taxes and duties etc.	214.91	4.02/0
f	Change in Project Management	40.20	0.75%
g	IDC	771.05	14.41%
	Total	2,645.50	49.43%

The reasons for variation of approved cost in RCE with respect to original approval are listed below:

a. Variation due to Land and R&R Cost Increase (Rs. 342.67 Crs.):

Out of the total 1521 acres approx., only around 1260 acres was acquired by GOB for BRBCL by December'2009 which could not be made available to BRBCL due to non updation of correct owners of land with State Authorities, prevailing higher compensation rates for the neighboring NPGC project, applicability of formula of one uniform compensation rate for the entire project at NPGC. Consequently, demands and agitations for higher compensation rates were made at BRBCL and which were accepted & implemented by GOB, thereby increasing the land cost to substantial amount. In addition to above for balance land, acquisition process could not commence due to non-updation of land records and faulting land acquisition process by GOB, certain patches of land could not be acquired. These lands were then subsequently acquired, for which enhanced rates as per the new "FCT (Right to Fair Compensation and

④

(372)

Bunizel

Transparency) in LA,R&R Act" were made applicable, thereby further increasing the land cost. All the above reasons were beyond the control of BRBCL.

b. **Variation due to Increase in Prices (Rs. 794.80 Crs.):**

Table-12

S N.	Description	Variation w.r.to FR (Rs. in Cr)
i)	Increase in awarded cost w.r.t. Investment Approval	308.10
ii)	Increase in Prices from original cost to payment due to escalation	486.70
	GRAND TOTAL- (A) + (B)	794.80

It is submitted that the reason of variation of increase in awarded cost w.r.t. Investment Approval is that the major contracts were awarded after 2009-10 keeping in view of the prevailing conditions at site and land acquisition issues. This led to the increase in awarded cost from the approved original cost of Project which was based on 4th Qtr. 2006 price level having no escalation. Further, the variation during the currency of contract has also been on account of difference in indices at the time of award and at the time of execution of contract.

c. **Variation due to change in Scope (Rs. 172.37crores):**

As there were land issues in different patches of land affecting erection/commissioning of different systems, it was decided to relocate some of the facilities to have the commissioning of units at the earliest. The variation is due to non availability of land patches causing quantity changes in Works like Main plant Civil Works, Offsite Civil Works, Piling & Foundation, Chimney & Elevator Works, Site Levelling & infrastructure, CW System, enabling works, provisions of raising of ash dyke etc. Cost change under this head was mainly

(5)

(373)

[Handwritten Signature]

on account of site specific conditions and meeting the requirements of detailed engineering subsequent to approval of the project. The details of layout changes due to non acquisition of land affecting different sections/components is given in table-1.

Further, variation was due to recommendation of RITES due to non availability of certain pieces of land. Additional facilities had been included as proposed by RITES based on requirement / insistence of Railways, like Road Over Bridge, Road Under Bridge, Overhead Electrification, Foot Over Bridge. Additional one track had been created in up line to plant entry. Take off point had been changed from middle section to Nabinagar Road Railway Station. Augmentation of service station which included laying of additional track in station yard, S&T System, overhead electrification in Railway premises etc. to be done as deposit work through Indian railway. Track length increased from 20 Km to 34.4 Km.

d. Exchange Rate Variation (Rs. 309.50 crore)

Major component of Exchange Rate Variation was due to BHEL SG & TG Packages. ERV was due to Euro which has gone up by 33.79 %. For exchange rates, Rs. 57.40 & 57.69 per Euro was considered as base rate at the time of BODs (Oct. & Nov.'2007) respectively for SG & TG Packages.

e. Changes in taxes and duties etc. (Rs. 214.91 crore)

The major component is Entry Tax (Rs. 213.57 Crs.) which had been increased due to the imposition of state tax act on entry of Goods into the Bihar areas w.e.f. the year 1993 as per the "Bihar tax on entry of goods into local areas for Consumption, use or sale therein act, 1993".

f. Change in Project Management Cost (Rs. 40.20 crore)

The project management cost had increased from Original investment provision of Rs. 200.13 crore to Rs. 240.33 crore. The increase is mainly on

(6)

(374)

Pr Singh

account of pay revision and increase in construction period due to delay in land acquisition which is beyond the control of BRBCL.

g. Interest during Construction (Rs 771.05 Cr)

IDC has increased from Rs.624.55 crore to Rs.1,395.60 crore, it is mainly due to delay in project execution by 38 months approx. "

4.0 PROJECT IMPLEMENTATION SCHEDULE

- 5.1 The Commercial Operation Date (COD) of first unit of the project shall be 36 months from the date of main plant order and the subsequent units at an interval of 6 months thereafter.

5.0 AVAILABILITY OF INPUTS / CLEARANCES

All inputs/clearances are in position.

6.0 OTHERS

6.1 Status of Power Allocation

CCEA has approved allocation of 90% of the generated power to Railways and balance 10% to be earmarked to other users. Railways confirmation to off take 90% of generated power has already been included in the Joint Venture Agreement signed on 06.11.07.

6.2 Associated Transmission System (ATS)

The step-up/power evacuation voltage for the project has been conceived as 400 kV based on study carried out by Power Grid and Central Electricity Authority (CEA). Railway being the major beneficiary of the project and their load requirement being scattered all over the country, the evacuation of power from Nabinagar Thermal Power Project would be through the transmission network of Power Grid Corporation of India Limited and various State Electricity Boards (SEBs). As per Eastern Region Standing Committee Meeting on Power System Planning held on 05.11.2007, 400 kV interconnection from Project switchyard to Sasaram Grid pooling point has been proposed for evacuation of power from the project. Beyond Sasaram (Grid pooling point) Long Term Open Access (LTOA) is to be obtained by Railways and other beneficiaries.

Presently, provision for 4 nos. of Line bays have been kept in the Generation Switchyard and the same shall be reviewed based on the power evacuation scheme finalized for the project.

62. Thereafter, BRBCL in its letter dated 29.02.2016 to MOP clarified that Article 59 of the Articles of Association of the BRBCL stipulates as under:

"Subject to the provisions of the Act and these Articles, the Directors may, from time to time, with the sanction of the Company, in General Meeting by Ordinary Resolution increase the share capital of the Company."

63. Finally, the MOP vide its letter dated 18.03.2016 had clarified that BRBCL may follow the procedure for increasing the share capital of the Company as laid down in Article 59 of the Articles of Association of the Company. This clarifies that there was no requirement for obtaining the approval of CCEA. The correspondence between BRBCL and the MOP has also been attached with the Amended Petition as Annexure C2. It is not understood that despite the same why ECR is raising the same issues repeatedly. BRBCL reiterates on its submissions and states that the allegations made by ECR are devoid of any merit and liable to be dismissed.

PARA 68 To 79

64. BRBCL reiterates the contents of the Amended Petition, along with all its prior submissions and pleadings and states that all allegations and averments made by ECR are without any merit, misleading, vexatious and are denied.

RE: Delay due to Naxal Bandhs

(404)

65. ECR has challenged the authenticity of the delay caused due to Naxal Bandhs on the project, and has repeated its contentions from the previous submissions, which are misleading and without an iota of merit whatsoever. Petitioner has already submitted certified records by District Magistrate, Aurangabad vide letter dated 19.07.2018, as mentioned in para 11 regarding details of bandh, strike, call given by various organisation, agitation at BRBCL from year 2010 to year 2017. It is submitted that even one day bandh had a cascading effect of 5 working days on each occasion of disturbance due to Naxal band, violence, strike causing virtual demobilization of work out of fear at the Project as the workers only turned up in small numbers on the subsequent working days after the day of the bandh and all the activities of the project literally came to halt during these periods. It substantiates the delay of 394 days on this account claimed by BRBCL in amended petition filed earlier, which is now certified by District Magistrate, Aurangabad vide letter dated 19.07.2018. Hence, the allegation of the ECR on escalation days is without any merit.
66. ECR has alleged that BRBCL could have foreseen the Naxal activities since the Aurangabad district has been affected by Naxal activities since the 1970s and therefore it could have taken steps to mitigate the effects of the said activities. ECR has also alleged that BRBCL did not take adequate steps to mitigate these activities. ECR allegation is baseless and without merit as Law and order is a State Subject and a company like BRBCL which is supposed to construct the power plant cannot control the Naxal

(405)

Bandh and violence. On part of BRBCL, it has taken all measures to safeguard the project execution by communicating letters to local administration. Even the same issue was also raised in the meeting with Chief Secretary, GoB, Secretary (Energy) and even Chief Minister of Bihar. The same are attached in amended petition [REF: Annexure AN of Amended Petition] .

67. ECR has sought to trivialise the effects of the bandh calls. It is submitted that NTPP is situated in the Aurangabad district in the State of Bihar. This region falls under Naxal infested region, and there are constant disturbances in the area pertaining to law and order. Even, the Minister of State for Home Affairs, GOI in their reply against Lok Sabha Question number 1374 dated 05.03.2013 mentioned Dist. Aurangabad, Bihar in the list of 106 districts covered under the Security Related Expenditure (SRE) scheme for the purpose of expenditure incurred by the State Governments on Counter Left Wing Extremism (LWE) measures. Since, the time of the inception of the project there were calls of Naxal-bandhs on 58 different occasions. It is submitted that due to these bandh calls the workers did not turn up, or turned up extremely small numbers for the work even on days following the bandhs.
68. In view of poor law and order situation in this Naxal-infested area, workers did not turn up for the job or turned up in very small number during bandh calls. It is further submitted that the bandhs also had a cascading effect causing virtual demobilization as the workers did not turn up on the subsequent working days

(406)

after the day of the bandh and all the activities of the project literally came to halt during these periods. Moreover, the working momentum during the bandh call is disturbed and it takes time to bring the progress back to the same momentum which existed prior to the bandh. In addition, the movement of goods, vehicles etc. are also affected during the bandhs. On an average, each bandh had an effect of minimum of 5 working days. However, after considering the bandh days overlapping, net delay due to this reason comes out to be 394 days i.e. approximately 13 months. The activities of the project had come to a halt because of the demobilization caused due to the bandhs. A single day of bandh therefore, had an effect on at least 5 subsequent days following the bandh.

69. ECR has not understood that the workers did not turn up on the days following the bandhs. Even if there was a communication sent regarding a bandh calls for one particular day, the workers wouldn't turn up for work at the site on the subsequent days due to the looming threat. There have been reported incidents of violence against the contractors of BRBCL, and such reports have been placed on record. The various communications received from BRBCL contactors such as M/s EIEL, M/s ABB, M/s ERA, letters from Police Aurangabad & Khaira were attached at Amended Petition and have also been provided with the present Rejoinder. It is obvious that when such incidents of violence took place, there was a detrimental effect on the work.

(407)

70. ECR has relied on the decision of this Hon'ble Commission in its Order dated 03.04.2018 in Petition No. 110/MP/2016 and stated that Naxal Activities and bad law and order situation are not covered under force majeure events. It is astounding how ECR has conveniently chosen to quote the one paragraph from the Order dated 03.04.2018 where the decision of this Hon'ble Commission has been placed in reference to the facts and circumstances of that particular case, and not the relevant paragraph where this Hon'ble Commission has considered that incidents like Bandhs, Naxal attacks, and bad law and order situation can be considered as force majeure if they hindered the work, and if the said hindrance has been demonstrated. The said portion of the Order dated 03.04.2018 has also been quoted above in the present Rejoinder. Moreover, in the Order dated 03.04.2018 this Hon'ble Commission has clearly stated that delay due to Naxal activities, and bad law and order situation needs to be substantiated in order to be considered as being force majeure. BRBCL has provided substantial details with respect to the delay caused which includes FIRs, letters from contactors of BRBCL regarding effecting work due to Naxal violence, bandh etc , photographs, newspaper reports, communications with state authorities, of the violent incidents that took place and documents showing the effect of such incidents. Further, Petitioner has submitted certified records by District Magistrate, Aurangabad vide letter dated 19.07.2018, as mentioned above regarding details of bandh, strike, call given by various organisation, agitation at BRBCL from year 2010 to year 2017 affecting work at BRBCL. Therefore, BRBCL has stood true to the

(408)

test of this Hon'ble Commission which calls for substantive details to be provided in the event of bad law and order situation and Naxal attacks.

71. ECR has alleged that BRBCL has arbitrarily increased the number of days of delay from 322 days in the Main Petition to 394 days in the Amended Petition. This is an incorrect averment. It is submitted that the Main Petition was filed in January 2017. So, the data was until that period only. However, at the time of filing the Amended Petition, BRBCL has considered the period up to August 2017 and included the number of days of Naxal bandhs caused from January 2017 to August 2017. These are revised figures and have not been changed arbitrarily.
72. BRBCL reiterates its submissions made with respect to this issue and states that the allegations and averments made by ECR are without any merit and are liable to be rejected.

PARA 83 To 85

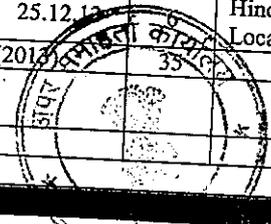

RE: Delay Due to Ban on New Mining Lease

73. ECR has repeated its allegations in this regard. BRBCL reiterates on its submissions made in the Amended Petition with respect to this and states that the allegations made by ECR are baseless.
74. The Government of Bihar has banned mining in all parts of the State. In the 34th Board meeting dated 20.12.2011, the CEO of the BRBCL informed that quarrying had been stopped in the stone mines which were near the project due to which supply of

विषय:- BRBCL में ESP-2 के लिए जमीन उपलब्ध करने के सम्बंध में।
महाशय,

BRBCL प्रबंधन के AGM श्री S.K. Singh द्वारा E.S.P-2 के लिए जमीन देने के लिए मौखिक वार्ता पिछले तीन माह से करते रहे हैं। उनके अनुसार मेरी जमीन जो कि मौजा- एगहारा, खाता नं०- 40, प्लॉट नं०- 309 रकबा- 56 डी० है इसी पर ESP-2 एवं ESP-3 का निर्माण की जानी है। परन्तु इस जमीन का अधिग्रहण नहीं हुआ है। ऐसी परिस्थिति में बिना अर्जन के जमीन देना उचित नहीं मानता था। इसके पीछे कारण में जिला प्रशासन ही है। पूर्व में कई ऐसे किसान हैं जो स्वामित्व मिलने पर प्रबंधन को बिना मुआवजा भुगतान लिए अपनी जमीन सौंप चुके हैं। परन्तु कई वर्ष बितने को है उन किसानों की मुआवजा राशि नहीं मिला है, ऐसी परिस्थिति में प्रबंधन भी अपना हाथ खड़ा कर लिया है।

प्रबंधन एवं प्रशासन द्वारा कहा जा रहा है कि मेरे कारण थर्मल निर्माण में विलम्ब हो रहा है। यह आरोप गलत एवं निराधार तो है ही न्यायसंगत भी नहीं। श्रीमान् सर्वप्रथम अपनी समस्या जो जिला भू-अर्जन के द्वारा उत्पन्न किया गया है जो निम्नवत है:-

40	1/365	09 डी०	भुगतान की नोटीश प्राप्त है, भुगतान लेने के लिए आवेदन दो माह पहले दे रखा हूँ।
		50 डी०	कम्पनी को रिपोर्ट प्राप्त है, स्वामित्व मुझे नहीं मिला है।
40	277, 281	164 डी०	82 डी० का भुगतान प्राप्त है। 82 डी० का भुगतान दूसरे को दिया गया है। इसकी जाँच चार माह से जारी है। रिपोर्ट अप्राप्त, बाउन्ड्री निर्माण रुका हुआ है। उचित राशि जमीन है।

40	287	0.06 डी0	अविश्वस्य जमीन है। संयोजनी देवी (केरका खदहा) को भुगतान हो गया है जबकि यह जमीन मेरी है।
40	17, 18, 19	0.37 डी0	रिपोर्ट कम्पनी को मिल गया है। स्वामित्व पेपर मुझे नहीं मिला है।
40	8	47 डी0	कम्पनी को रिपोर्ट मिल गया है स्वामित्व पेपर मुझे नहीं मिला है।
40	11	22 डी0	कम्पनी को रिपोर्ट मिल गया है। स्वामित्व पेपर मुझे नहीं मिला है।
40	309	56 डी0	कम्पनी को रिपोर्ट प्राप्त है। स्वामित्व पेपर मुझे नहीं मिला है।
40	322	18 डी0 सुदर्शन पाठ	सज्जनमथ पाल खदहा के नाम पर एवार्ड बना है। जबकि यह जमीन मेरी है।
40	128	156 डी0	कम्पनी को रिपोर्ट प्राप्त हो गया है स्वामित्व पेपर मुझे नहीं मिला है।

हमारी 483 डी0 जमीन के मुआवजा राशि प्राप्त नहीं हुआ है। उस जमीन पर मालीकाना हक तीन फरीकों का है। हमारे परिवार के जिविकोपार्जन का साधन जमीन ही है। इस जमीन पर खेती 2007 से ही प्रभावित है। हमलोग पिछले 9 वर्षों के आर्थिक नुकसान का सामना कर रहे है।

मेरे पिछे मेरी लम्बी परिवार है। इसका मुखिया होने के नाते मेरी जिम्मेवारी है उनलोगों की आर्थिक सुरक्षा प्रदान करूँ।

इसी अविश्वास के कारण मैं माननीय उच्च न्यायालय पटना में वाद दायर किया हूँ जो लम्बित है।

कुछ व्यक्ति होते है जिनके कारण संख्या एवं देश को बड़ा फायदा होता है। BRBCL प्रबंधन में ऐसा ही व्यक्ति श्री संजय कुमार सिंह AGMR&R है। ESP के लिए जमीन देने के लिए लगातार प्रयास करते रहे कभी भी निराश नहीं हुए। इनके विश्वास पर मैं सोचने पर विवश हुआ।

वर्तमान जिला पदाधिकारी श्री नवीन चन्द्र झा साहब भी किसानों के समस्याओं को सुलझाने में साकारात्मक भूमिका निभा रहे हैं। श्रीमान् एक कदम बढ़ कर उन किसानों के दर्द को समझे जिनकी जमीन का स्वामित्व निर्गत तो किये हैं

परन्तु श्रीमान् उसे भी सरकारी भूमि मानकर आगे बढ़ रहे हैं। श्रीमान् के पूर्व के अधिनस्त पदाधिकारी परियोजना को पीछे भेजने का कार्य किये हैं।

मैं अपनी जमीन जिसका खाता नं०- 40, प्लॉट नं०- 309 रकवा- 56 डी० में से 28 डी० जमीन ESP- 2 के निर्माण हेतु सहमती प्रदान कर रहा हूँ। इस जमीन पर निर्माण कार्य प्रारम्भ करने के पूर्व मेरे द्वारा दाखिल भुगतान लेने का आवेदन को निष्पादन कर मुआवजा राशि को मेरे बैंक खाता पर भेज दी जायें।

साथ ही खाता नं०- 40, प्लॉट नं०- 277, 281, रकवा- 82 डी०, खाता नं०- 40, प्लॉट नं०- 287, रकवा- 06 डी०, खाता नं०- 40, प्लॉट नं०- 318 डी० इस जमीन के रिपोर्ट निष्पादन कर परियोजना प्रबंधन को प्राप्त हो जाये।

मेरी इस निर्णय को शर्त न समझी जाये, यह मेरा निवेदन है।

यह कार्य में राष्ट्रहीन, परियोजनाहीन, श्री संजय कुमार सिंह AGMR&R साहब का प्रयास, बेलफेयर समिति के अध्यक्ष एवं विशेष रूप से ललन सिंह, साथ ही बृज किशोर पासवान के प्रयास से इस निर्णय पर पहुँचा हूँ। इस 28 डी० जमीन का मुआवजा राशि प्राप्त किये बिना ही निर्माण करने का स्वेच्छा से सहमती दे रहा हूँ।

परन्तु मैं जिला प्रशासन, परियोजना प्रबंधन, बेलफेयर समिति से उम्मीद रखूँगा की मेरे साथ किसी भी प्रकार का आर्थिक, सामाजिक एवं मानसिक नुकसान नहीं होने देंगे। जो भी निर्णय लिया जायेगा। वह न्यायोचित एवं न्यायसंगत होगा। अंतिम एवं पूर्ण विश्वास हमें माननीय उच्च न्यायालय पटना पर माननीय उच्च न्यायालय पटना 2007 से 2015 के लम्बे समय में हुए आर्थिक नुकसान को ध्यान में रखकर एक मजबूर किसान के निवेदन पर न्याय देगी।

मेरी जमीन (483 डी०) की मुआवजा राशि का भुगतान एक मुस्त कानुनी तरीके से की जायेगी।

प्रबंधन से विनम्र प्रार्थना है कि अगर 50 दिनों के अंदर मेरी समस्याओं का निस्तारण नहीं होने के हालात में इस 28 डी० जमीन पर हो रहे ESP- 2 के निर्माण कार्य को प्रबंधन स्वतः रोक देगी।

SUB: Enhancement of Annual Contracted Quantity (ACQ) Coal quantity at NTPC coal stations/ JV stations.

Dear Sir,

NTPC has been making consistent efforts to maximize cheaper power generation from its own/ JV Coal stations by flexible utilisation of coal for the larger interest of the consumer in line with UDAY. It may be noted that the present total ACQ of 179.84 MMT for NTPC coal stations and JV stations put together is sufficient for 79% PLF only.

In this regard, increase in Annual Contracted Quantity (ACQ) of coal under FSAs with Coal companies is necessary to minimise the ECR and pass on benefits to the beneficiaries. This requires augmentation of the present ACQ to 85% PLF level for NTPC and its-JV stations. With this, NTPC will be in position to operate the pithead stations, where ECR is lowest, at 92% PLF level including meeting 85% CERC DC requirement at remaining stations. The details of working of ACQ are placed at Annexure-I.

It is requested that MoP may kindly recommend to MOC for enhancement of ACQ by 13.35 MMT for NTPC coal stations/JV stations so that cheaper power can be generated by pit head stations.

Thanking you,

Yours sincerely,

(Kaushal Kishore Sharma)

You may be aware that, many of our stations are operating with super critical stock levels. The problem has become more acute due to increased demand during last two months. One of the issue being faced is that many of our stations do not have ACQ to operate at 85% of PLF. Consequently, they receive less supplies and have stocks either NIL/less than a day.

We are enclosing here with the list of stations, whose ACQ is less than 85% PLF. These stations have a total capacity of 27230 MW and the current ACQ is 127.28 MMT which is sufficient for 75% PLF only. We request you to recommend to Ministry of Coal to increase the ACQ of all these stations to meet 85% PLF. The additional quantity required is 16.70 MMT for all these stations. This will enable all stations to operate at higher levels while building adequate coal stocks to meet any emergent requirement.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company and the components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Hitherto the Company was disclosing tax expense recoverable from the beneficiaries as a deduction from the related tax expense. Further, 'Deferred asset for deferred tax liability' was hitherto disclosed as a deduction from the DTL (net) of the Company. During the year, the EAC of the ICAI has issued an opinion with regard to presentation of 'Deferred asset for the deferred tax liability', wherein it has opined that 'Deferred asset for DTL' is in the nature of a 'Regulatory Deferral Account Balance' and should be shown as 'Regulatory deferral account balance'. Considering the EAC opinion, 'Deferred asset for the deferred tax liability' which was hitherto shown as a deduction from 'deferred tax liabilities (net)' has been transferred to 'Regulatory deferral account debit balance'.
b) Regulatory deferral account balances have been accounted in line with Accounting policy no. C.4 (Note 1). Refer Note 42 for detailed disclosures.

b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements.

Financial instruments which are measured at amortized cost for which fair values are disclosed	Level 2		₹ Lakhs
	As at		As at
	31 March 2019		31 March 2018
Financial liabilities:			
Rupee Term Loan	547,689.15		518,339.70
Payable for capital expenditure	55,157.51		57,057.90
Total	602,846.66		575,397.60

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

c) Fair value of financial assets and liabilities measured at amortised cost

Fair value of financial liabilities measured at amortized cost	₹ Lakhs			
	As at 31 March 2019		As at 31 March 2018	
	Carrying amount	Fair value	Carrying amount	Fair value
Rupee term loans	537,441.48	547,689.15	497,993.21	518,339.70
Payable for capital expenditure	55,157.43	55,157.51	58,034.31	57,057.90
Total	592,598.91	602,846.66	556,027.52	575,397.60

The carrying amounts of short term cash and cash equivalents, bank balances other than cash and cash equivalents, trade receivables, unbilled revenue, trade payables, interest accrued on borrowings, employee related liabilities, payable to related parties, deposits from contractors and suppliers and payable for expenses are considered to be the same as their fair values, due to their short-term nature. The fair values for Rupee term loans and payable for capital expenditure were calculated based on cash flows discounted using a current lending rate. They are classified as level 2 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.

b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from trade receivables, loans & advances, cash & cash equivalents and deposits with banks and financial institutions.

Trade receivables and unbilled revenue

The Company primarily sells electricity to bulk customers comprising, mainly railways owned by central government and state electrical utilities owned by State Government. The risk of default in case of power supplied to these state owned companies is considered to be insignificant. Unbilled revenue primarily relates to the Company's right to consideration for work completed but not billed at the reporting date and have substantially the same risk characteristics as the trade receivables for the same type of contracts.

A default occurs when in the view of management there is no significant possibility of recovery of receivables after considering all available options for recovery.

Cash and cash equivalents and Deposits with banks

The company has banking operations with State Bank of India, Canara Bank and ICICI Bank which are scheduled banks. These banks have high credit rating and risk of default with these banks is considered to be insignificant.

Financial assets for which loss allowance is measured using life time expected credit losses

The Company has customers (Railways and state government utilities) with capacity to meet the obligations and therefore the risk of default is negligible or nil. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk. Hence, no impairment loss has been recognised during the reporting periods in respect of trade receivables.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. d) Notes on restatement

As per CERC Regulations, 2014, the Company is entitled to a fixed return on its investment, net of tax. Consequently, tax is a pass-through cost. As at 1 April 2017: ₹ 199.38 Lakhs

Some of such balances are subject to confirmation/reconciliation. Adjustments, if any will be accounted for on confirmation/reconciliation of the same, which in the opinion of the management will not have a material impact. In the opinion of the management, the value of assets, other than property, plant and equipment, on realisation in the ordinary course of business, will not be less than the value at which these are stated in the Balance Sheet.

34 The amount of exchange differences (net) recognised as income in the Statement of Profit & Loss is ₹ 129.46 Lakhs (31 March 2018: (-) ₹ 937.11 Lakhs).

Notes to the financial statements (continued)

45 Revenue from contracts with customers

a) Nature of goods and services

The Company is involved in the generation and sale of bulk power to Railways and state power utilities. In the opinion of the management, there is only one reportable segment ("Generation of Electricity"). Sale of electricity is generally made pursuant to long-term Power Purchase Agreements (PPAs) entered into with the beneficiaries.

Nature, timing of satisfaction of performance obligations and significant payment terms

The Company recognises revenue from contracts for energy sales over time as the customers simultaneously receive and consume the benefits provided by the Company. The tariff for computing revenue from energy sales is determined in terms of CERC Regulations as notified from time to time. The amount of revenue recognised for energy sales is adjusted for variable consideration, wherever applicable, which are estimated based on the historical data available with the Company. The amounts are billed on a monthly basis and invoices are payable within contractually agreed credit period.

b) Disaggregation of revenue

In the following table, revenue is disaggregated by customer and timing of revenue recognition:

Particulars	₹ Lakhs	
	For the year ended 31 March 2019	For the year ended 31 March 2018

Others	102,325.21	66,236.65

Total	<u>-</u>	<u>-</u>
	<u>116,972.74</u>	<u>69,739.92</u>

* The Company has initially Ind AS 115 using the cumulative effect method. Under this method, the comparative information is not restated.

c) Contract balances

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms. The contract liabilities primarily relate to the advance consideration received from the customers which are referred as 'advances from customers'.

The following table provides information about trade receivables and unbilled revenue from contracts with customers:

Particulars	₹ Lakhs	
	As at 31 March 2019	As at 31 March 2018
Trade receivables	24,937.69	20,701.71
Unbilled revenue	15,957.00	8,771.01

* The Company recognised the cumulative effect of applying Ind AS 115 as an adjustment to the opening balance as at 1 April 2018.

During the year ended 31 March 2019, ₹ 8,771.01 Lakhs of unbilled revenue as of 1 April 2018 has been reclassified to trade receivables upon billing to customers as per payment terms defined in respective agreements. There is no other significant change in the contract balance during the year ended 31 March 2019.

d) Reconciliation of revenue recognised with contract price:

Particulars	₹ Lakhs
	For the year ended 31 March 2018
Contract price	
Adjustments for:	
Rebates	117,314.91
Revenue recognised	<u>342.17</u>
	<u>116,972.74</u>

e) Applying the practical expedients as given in Ind AS 115:

- The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for
- The Company has not disclosed the remaining performance obligation related disclosures for contracts where the revenue recognized corresponds directly with the value to the customer of the entity's performance completed to date.

The Company has not incurred any incremental costs of obtaining contracts with a customer and therefore, not recognised an asset for such capitalised costs.

46 Operating segment

The Company's Board of Directors have been identified as the Chief Operating Decision Maker ('CODM'). In the opinion of the management, there is only one reportable segment ("Generation of Electricity"). Accordingly, no separate disclosure for segment reporting is required to be made in the financial statements of the Company. Further, the Company operates only in one geographical segment which is India.

Entity wide disclosures

The Company is involved in the generation and sale of bulk power to Indian Railways and State Power Utilities.

b) Information about geographical areas

The entire sales of the Company are made to customers which are domiciled in India. Also, all the non-current assets of the Company are located in India.

c) Information about major customers (from external customers)

Revenue of approximately ₹ 1,02,325.21 Lakhs (31 March 2018: ₹ 66,236.65 Lakhs) are derived from single external customer (Ministry of Railways) accounting for more than 10 per cent of total revenue of the Company.

47 Certain contracts of the company for construction of power plants with vendors awarded through ICB (International competitive bidding) which are denominated in third currency (i.e. a currency which is not the functional currency of any of the parties to the contract) are falling under the purview of guidance provided as per Ind AS 109, 'Financial instruments' on derivatives and embedded derivatives. NTPC Limited (Promoter Company) has sought opinion from the Expert Advisory Committee (EAC) constituted by Institute of Chartered Accountants of India on the above matter. On receipt of opinion / clarification from EAC, company will account for such contracts.

48 Standards issued but not yet effective

On 30 March 2019, Ministry of Corporate Affairs (MCA) has notified the following standards/ appendix/ amendments which will come into force from 1 April 2019:

a) Ind AS 116, 'Leases'

The new leasing standard will replace the existing leases standard, Ind AS 17 Leases, and related Interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Currently, operating lease expenses are charged to the statement of profit and loss on a straight line basis. Lessor accounting remains similar to the current standard - i.e. lessors continue to classify leases as finance or operating leases. Further, the new standard contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The standard permits two possible methods of transition:

- Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors
- Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (modified retrospective approach)

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application. Certain practical expedients are available under both the methods.

Certain practical expedients are available under both the methods.

The Company will adopt the standard on 1 April 2019 by using the modified retrospective approach and accordingly comparatives for the year ending or ended 31 March 2019 will not be retrospectively adjusted.

b) Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments

Appendix C of Ind AS 12, 'Uncertainty over Income Tax Treatments' is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The standard permits two possible methods of transition:

- Full retrospective approach -- Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors.
- Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application.

The Company will adopt the standard on 1 April 2019 and the cumulative effect of the transition will be recognized in equity on initial application.

48 Standards issued but not yet effective (continued)

c) Amendment to Ind AS 12 'Income taxes'

The amendments to the guidance in Ind AS 12, 'Income Taxes', clarifies that an entity shall recognize the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the past transactions or events that generated distributable profits were originally recognized.

d) Amendment to Ind AS 19 'Employee benefits'

The amendments to the guidance in Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognize in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

e) Amendment to Ind AS 23, 'Borrowing Costs'

The amendments to the guidance in Ind AS 23, 'Borrowing Costs', clarifies the following:

- while computing the capitalisation rate for funds borrowed generally, borrowing costs applicable to borrowings made specifically for obtaining a qualified asset should be excluded, only until the asset is ready for its intended use or sale.
- borrowing costs (related to specific borrowings) that remain outstanding after the related qualifying asset is ready for its intended use or sale would subsequently be considered as part of the general borrowing costs.

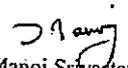

f) Amendment to Ind AS 109 'Financial Instruments'

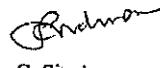

The amendments relate to the existing requirements in Ind AS 109, 'Financial Instruments' regarding termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments.

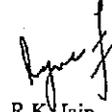

The Company is evaluating the requirements of the above amendments and the effect on the financial statements is being evaluated.

On account of		
Exchange differences	124.85	278.05
Deferred tax	-	35,495.51
Total	124.85	35,773.56

a) CERC Tariff Regulations, 2014 provide for grossing-up the rate of return on equity based on effective tax rate for the financial year based on the actual tax paid during the year on the generation income. Accordingly, deferred tax liability will be reversed in future years when the related DTL forms part of current tax.

Hitherto the Company was disclosing tax expense recoverable from the beneficiaries as a deduction from the related tax expense. Further, 'Deferred asset for deferred tax liability' was hitherto disclosed as a deduction from the DTL (net) of the Company.

During the year, the EAC of the ICAI has issued an opinion with regard to presentation of 'Deferred asset for the deferred tax liability', wherein it has opined that 'Deferred asset for DTL' is in the nature of a 'Regulatory Deferral Account Balance' and should be shown as 'Regulatory deferral account balance'.

Considering the EAC opinion, 'Deferred asset for the deferred tax liability' which was hitherto shown as a deduction from 'deferred tax liabilities (net)' has been transferred to 'Regulatory deferral account debit balance'.

c) There is no impact of restatement on Statement of cash flows and equity as at 31 March 2018 and 1 April 2017.

d) Notes on restatement

As per CERC Regulations, 2014, the Company is entitled to a fixed return on its investment, net of tax. Consequently, tax is a pass-through cost. The Company follows a practice of recognising liability ('Deferred liability for Deferred tax asset') for the deferred tax asset recognised in the financial statements which is payable to the beneficiaries. The Company used to offset deferred asset for deferred tax liability with deferred tax liability and expense on account of deferred liability for deferred tax asset was also adjusted with the tax expense recognised in the Statement of Profit and Loss.

During the year, as per an opinion pronounced by Expert Advisory Committee (EAC) of the Institute of Chartered Accountants of India (ICAI), the Company has recognised Deferred liability for Deferred tax asset as a regulatory deferral account debit/credit balance in accordance with Ind AS 114, Regulatory Deferral Accounts.

As a result, regulatory deferral account debit/credit balance has increased with a corresponding increase in deferred tax asset as under:

As at 1 April 2017: ₹ 199.38 Lakhs

As at 31 March 2018: ₹ 35,495.51 Lakhs.
